The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

CONCLUSIONS OF LAW

Department policies are contained in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM), and the Reference Tables Manual (RFT).

The FAP [formerly known as the Food Stamp (FS) program] is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations

contained in Title 7 of the Code of Federal Regulations (CFR). The Department (formerly known as the Family Independence Agency) administers FAP pursuant to MCL 400.10, *et seq.*, and 1999 AC, Rule 400.3001 through Rule 400.3015.

When a client group receives more benefits than they are entitled to receive, the Department must attempt to recoup the OI. BAM 700.

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill their reporting responsibilities.

IPV is suspected when there is clear and convincing evidence that the client has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720.

Clients who commit an IPV are disqualified for a standard disqualification period except when a court orders a different period. Clients are disqualified for periods of one year for the first IPV, two years for the second IPV, lifetime disqualification for the third IPV, and ten years for a concurrent receipt of benefits. BAM 720.

A person is disqualified from FAP when an administrative hearing decision, a repayment and disqualification agreement or court decision determines FAP benefits were trafficked. These FAP trafficking disqualifications are a result of the following actions:

- Fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices; or
- Redeeming or presenting for payment coupons known to be fraudulently obtained or transferred.

The length of the disqualification period depends on the dollar amount of the FAP benefits trafficked. A person is disqualified for life for a FAP trafficking conviction of [REDACTED] or more. The standard IPV disqualification period is applied to FAP trafficking convictions less than \$500. BEM 203, p. 3.

Based on the credible testimony and other evidence presented, I was unable to determine whether or not an IPV took place as the OIG agent did not provide the precise time range in question and did not provide information regarding the actual over

issuance. Because I was unable to determine the over issuance amount, I am unable to determine whether an IPV actually occurred. The data provided by the OIG agent does not match up with the values included in the OIG report. Furthermore, the values taken by themselves are different. There are multiple transactions on the same day with different values. Testimony was not provided to clear up the discrepancies.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, cannot determine by clear and convincing evidence that the respondent has committed an intentional program violation of the FAP program.

Accordingly, this matter is **DISMISSED** without prejudice.
