ISSUE

1. On June 2, 2011, Claimant applied for MA-P and SDA.
2. On October 3, 2011, the Medical Review Team denied Claimant's request.
3. On October 19, 2011, Claimant submitted to the Department a request for hearing.
4. The State Hearing Review Team (SHRT) denied Claimant's request.

6. Claimant completed education through GED.
7. Claimant has employment experience (last worked May 2010) in drywall and roofing work.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from arthritis, anxiety, depression, back pain, degenerative disc disease and bipolar disorder.
10. Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The SDA program, which provides financial assistance for disabled persons, is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10 *et seq.* and MAC R 400.3151-400.3180. Department policies are found in BAM, BEM and RFT.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the

disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: back pain, limited ability to move around, can sit 1 hour, unable to walk any distance over a block but any walking causes pain, goes to the hospital for treatment due to pain, burning sensation in back, can lift less than a gallon of milk, unable to bend over all the way due to pain, needs help to do household chores, gets help with grocery shopping, mood swings, struggles to be in a room with other people, has anxiety a couple times a week and monthly crying spells.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 1.02 or 1.04 or its

equivalent. Claimant's MRI results dated [REDACTED] and a consultative exam performed on [REDACTED], found Claimant had a positive straight leg raise and probable impingement syndrome in the right shoulder. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of June 2011.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated June 2, 2011, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for May 2013.
