IN THE MATTER OF:

██████████,

Appellant

_____ /

Docket No. 2012-69636 HHS

Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, an in-person hearing was held on ██████████. The Appellant appeared without representation. Her witness was ██████████. ██████████, Appeals Review Officer, represented the Department. Her witnesses were ██████████, ASW and ██████████, ASW.

PRELIMINARY MATTER

The admission of Appellant's Exhibits 2 and 3 was taken under advisement over the department's objection. On review the exhibits are admitted – but afforded little weight for purposes of contesting the ██████████ comprehensive assessment.

ISSUE

Did the Department properly deny the Appellant's request for Home Help Services (HHS)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a ██████-year-old Medicaid-SSI beneficiary. (Appellant's Exhibit #1)
2. The Appellant is afflicted with back pain, OA, and CTS. She states in her request for an in-person hearing that she has a "learning disability." (Department's Exhibit A, p. 12 and Department's Exhibit B – throughout)
3. The Appellant said that she needs assistance with ADLs and IADLs. (See Testimony)

Docket No. 2012-69636 HHS
Hearing Decision & Order

4. The ASW [REDACTED] reported and testified that she could not identify any need for hands-on assistance with any activity of daily living (ADL) for the Appellant. (Department's Exhibit A, pp. 8-10)
5. The Department's witness testified that she observed the Appellant ambulate without assistive devices and that she was able to transfer without human assistance or assistive device. (See Testimony of [REDACTED])
6. The Department [ASW Woods] sent the Appellant a DHS 1212-A Adequate Negative Action Notice advising her that her request for HHS was denied with an effective date of [REDACTED] for lack of demonstrating any need for hands-on assistance with any ADL with a ranking of "3" three or greater. (Department's Exhibit A, pp. 2 and 4)
7. The Appellant's further appeal rights were contained in the Adequate Negative Action Notice.
8. The request for hearing on the instant appeal was received by the Michigan Administrative Hearing System for the Department of Community Health on [REDACTED]. (Appellant's Exhibit #1)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a medical professional.

COMPREHENSIVE ASSESSMENT

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on all open independent living services cases. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information must be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.

- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.

Changes in the home help eligibility criteria:

Home Help Eligibility Criteria

To qualify for home help services, an individual must require assistance with at least one activity of daily living (ADL) assessed at a level 3 or greater. The change in policy must be applied to any new cases opened on or after October 1, 2011, and to all ongoing cases as of October 1, 2011.

Comprehensive Assessment Required Before Closure

Clients currently receiving home help services must be assessed at the next face-to-face contact in the client's home to determine continued eligibility. If the adult services specialist has a face-to-face contact in the client's home prior to the next scheduled review/redetermination, an assessment of need must take place at that time.

Example: A face-to-face review was completed in August 2011; the next scheduled review will be in February 2012. The specialist meets with the client in his/her home for a provider interview in December 2011. Previous assessments indicate the client only needing assistance with instrumental activities of daily living (IADL).

A new comprehensive assessment must be completed on this client.

If the assessment determines a need for an ADL at level 3 or greater but these services are **not** paid for by the department, or the client refuses to receive assistance, the client would **continue** to be eligible to receive IADL services.

If the client is receiving only IADLs and does **not** require assistance with at least one ADL, the client no longer meets eligibility for home help services and the case must close after negative action notice is provided.

Each month, beginning with October, 2011, clients with reviews due who only receive IADL services must take priority.

Negative Action Notice

The adult services specialist must provide a DHS-1212, Advance Negative Action notice, if the assessment determines the client is no longer eligible to receive home help services. The effective date of the negative action is ten business days after the date the notice is mailed to the client.

Right to Appeal

Clients have the right to request a hearing if they disagree with the assessment. If the client requests a hearing within ten business days, do not proceed with the negative action until after the result of the hearing.

Explain to the client that if the department is upheld, recoupment must take place back to the negative action date if payments continue. Provide the client with an option of continuing payment or suspending payment until after the hearing decision is rendered.

If the client requests a hearing after the 10-day notice and case closure has occurred, do not reopen the case pending the hearing decision. If the department's action is reversed, the case will need to be reopened and payment re-established back to the effective date of the negative action. If the department's action is upheld, no further action is required.

Adult Service Bulletin (ASB) 2011-001;
Interim Policy Bulletin Independent Living Services (ILS)
Eligibility Criteria, pp. 1–3, October 1, 2011

The Department witnesses testified that on in-home assessment they observed that the Appellant had no need for ADL assistance. Adult Service Worker, ██████████, testified that policy developments were explained to the Appellant that she would be denied her application for Home Help Services for lack of need with identifiable hands-on assistance with an ADL at a ranking of 3 or greater.

At hearing the Appellant explained that she needed help with walking, bathing, toileting, dressing and household chores – because she cannot stand or sit for too long. The Appellant added that she has fallen several times recently. She produced Appellant's Exhibits 2 and 3 to support the idea that she has attended sessions of "pain management" in recent months – including a session the day before her hearing - owing to pain and her new tendency to fall.

The Department produced a series of Medical Needs forms from calendar years ██████████ and ██████████ – none of which identified any certification of need for assistance with any ADL. See Department's Exhibit B - throughout

It is the province of the ASW to determine eligibility for services; the ASM requires an in-home, comprehensive assessment of HHS recipients. Based on new policy an HHS recipient must utilize at least one (1) ADL requiring hands on service at the three (3) ranking or higher in order to be eligible for HHS. Based on the Appellant's credible testimony it does appear that she recently experienced a significant change in condition – which she should report to her ASW for reassessment

The Appellant failed to preponderate her burden of proof that the Department erred in denying her HHS, because at the time of assessment she demonstrated no physical need for assistance with any Activity of Daily Living. .

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for HHS for failure to establish any need for hands-on assistance with any ADL with a ranking of "3" or greater.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
