# STATE OF MICHIGAN MICHIGAN ADMINISTRATIVE HEARING SYSTEM ADMINISTRATIVE HEARINGS FOR THE DEPARTMENT OF HUMAN SERVICES

#### IN THE MATTER OF:

Reg. No.: 2012-73446 Issue No.: 2009; 4031

Case No.: Hearing Date:

December 12, 2012

County: Macomb-12

ADMINISTRATIVE LAW JUDGE: Vicki L. Armstrong

### **HEARING DECISION**

This matter is before the undersigned Ad request for a hearing made pursuant to Mi chigan Compiled Laws 400.9 and 400.37, which gov ern the administrative hearing a relephone hearing was commenced on December 12, 2012, fr om Lansing, Michigan. Claimant personally appeared and testified. Participants on behalf of the Department of Human Services (Department) included Eligibility Specialist

During the hearing, Claimant wa ived the time period for the issuance of this decision in order to allow for the submission of additional medical evidence. The new evidence was forwarded to the State Hearing Review Team (SHRT) for consideration. On February 20, 2013, the SHRT found Claim ant was not disabled. This matter is now before the undersigned for a final decision.

## <u>ISSUE</u>

Whether the Department of Human Se rvices (the department) properly denied Claimant's application for Medical Ass istance (MA-P), Retro-MA and State Dis ability Assistance (SDA)?

#### FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- (1) On February 27, 2012, Claimant filed an applic ation for MA-P/Retro-MA and SDA benefits alleging disability.
- (2) On August 13, 2012, the Medical Re view Team (MRT) denied Claimant's application for MA-P and Retro-MA indicating that he was capable of performing his past relevant work as a store clerk. SDA was denied due to lack of duration. (Dept Ex. A, pp 46-47).

- (3) On August 16, 2012, the department caseworker sent Claimant notice that his application was denied.
- (4) On August 27, 2012, Claimant filed a request for a hearing to contest the department's negative action.
- (5) On October 17, 2012, the Stat e Hearing Review Team (SHRT) found Claimant was not disabled and retained the ability to perform simple and repetitive tasks. (Department Exhibit B, pp 1-2).
- (6) Claimant has a history of chroni c obstructive pulmonary diseas e (COPD), back problems, hypertension, gastr oesophageal reflux disease (GERD), vertigo and depression.
- On May 19, 2012, Claimant under went a medical examination by the Claimant has decreased and painful range of motion of the cervical and lu mbar spine. X-rays of Claimant's lumbar spine showed minimal degenerat ive osteoarthritic changes of the lumbar spine and minimal narrowing of the intervertebral disc space at L5-S1. Claimant is able to ambulate without the use of an assistive device. He is able to heel walk, toe walk, and tandem walk. He can sit and stand without as sistance. He is able to bend, stoop, carry, push, and pull. There is no physical limitation of sitting, standing, or walking. Diagnos is: Complain of low back pain, lumbar spine x-rays, asthma, hypertension, GERD, and tobacco dependency. (Depart. Ex. A, pp 37-45).
- (8) On June 4, 2012, Claimant's treating physician completed a medical evaluation of Claimant. Claimant was diagnosed with low back pain, dizziness, recent palpitations, hypertension, COPD, and GERD. Claimant's treating physician opined that Claimant's condition was deteriorating. (Depart. Ex. A, pp 26-27).
- On November 19, 2012, Claim ant's treating phy sician completed a (9) Dizziness Res idual Functional C apacity Questionnaire diagnos Claimant with Vertigo. The phys ician opined that Claimant has dizzines s that is possibly related to Meniere' s disease. Claim ant's episodes of dizziness occur daily last 5 minutes to an hour. There are no precipitating factors. Symptoms associated wit h the dizziness ar e nausea, vomiting, occasional double vision, inability to concentrate, headaches, and balance dizziness. Claimant may experience problems. After the episode of confusion and cloudy thinking for 30 minut es. The dizziness c auses him to stop what he is doing until the episode passes. He has been prescribed Antvert which has not helped. Cla imant will need to take daily unscheduled breaks of up to an hour during an 8-hour working day. He is incapable of even "low stress" jobs bec ause when he is stressed he must remove himself from the situation. His dizziness will produce good and bad days. Due to the dizz iness he will be absent m ore than 4 days a

- month. He would be lim ited in his ability to st and, walk and work from heights.
- (10) On December 3, 2012, Clai mant's treating phys ician completed a Pulmonary Residual Functional Capacity Questi onnaire r egarding Claimant. Claimant is diagnosed with COPD. He has shortness of breath, wheezing, and epis odic ac ute bronchitis. The physician opined tha Claimant's impairments hav e lasted and can expect to last at least 12 months. Claimant can sit or stand fo r 30 minutes and stand or walk for less than 2 hours. Clai mant will need to tak e unscheduled breaks during an 8 hour working shift on a daily basis to sit quietly. Claimant can rarely lift 10-20 pounds, and never 50 pounds . He cannot stoop or climb ladders. He can rarely twist or cr ouch and squat. He can occasionally climb stairs. Claimant's impairm ents will cause goo d and bad days an d will be absent on average 4 days per month. Claimant's physician concluded that his depre ssion would also affect his ability to work at a regular job on a sustained basis.
- (11) On December 3, 2012, Claiman t's treating physician also completed a Mental Impairment Questionnaire and diagnosed Claimant with depression. Claimant was prescribed Eschalopram which caused fatigue. Claimant's symptoms were decreased energy, fee lings of guilty or worthlessness, generalized persistent anxiety, mood disturbance, difficulty thinking or concentrating, change in personality, and emotional withdrawal or isolation. Further, Claimant would be unable to meet competitive standards for remembering work-like procedures, carrying out very short and simple instructions, maintaini ng attention for a 2-hour segment, making simple work-related decisions, complete a normal workday and workweek without int erruptions from psychologically based sy mptoms, respond appropriately to changes in a r outine wor k setting, deal with normal work stress, understand and reme mber detailed instructions, or carry out detailed instructions. The physician opined that Claimant would be absent two times a month and the impairment had listed or can be expected to last at least 12 months.
- (12) On January 8, 2013, Claimant's treating physician submitted a written letter indicating Claimant has mult iple medical problems including hypertension, COPD, chronic low back pain due to lumbar bulging discs. depression, vertigo, and tobacco addiction. Claimant's back pain occasionally radiates down bot h l egs. He has intermittent numbness involving the left leg. The pain inte rfered with his sleep, and prevents him from doing such activities as walking distances, bending, lifting, etc. He must alternate between sitting and standi ng. He would benefit from an EMG to assess for sciatica. He also has COPD with intermittent episodes of bronchitis. He is currently using a nebulizer machine, rescue medications, and daily maintenance me dications. He states that he gets winded when walk ing up stairs and has to rest after \( \frac{1}{4} \) of a block due to wheezing and shortness of breath. Although he has reduced his smoking.

his COPD has progre ssively worsened over the years due to his inability to quit smoking. His COPD is flared by respiratory infections, temperature extremes, and expos ure to fumes. Most recently, he has develope vertigo. The vertigo occurs daily and lasts from five mi nutes to one hour per episode. There is no warning and at times it is associat nausea, headaches, poor concentration, double v ision, and ear fullness. During these episodes he feels off bal ance when walking or standing and must sit or lie down. He has been treated with m eclizine with limited success. Consequently he would be unable to operate heavy machinery or climb ladders and work in high ar eas. He cannot drive during thes e episodes. He would benef it from an ENT and neur ology consultation for Meniere's disease. For the above mentioned reasons, Claimant's treating physician opined that Claimant is disabled and unable to work.

- (13) Claimant is a 55 year old man whose birthday is Claimant is 5'5" tall and weighs 145 lbs. Claimant complet ed the fift h grade. English is his second language.
- (14) Claimant was appealing the denial of Social Securi ty disability benefits at the time of the hearing.

# **CONCLUSIONS OF LAW**

The Medical Assistance (MA) program is established by Subchapter XIX of Chapter 7 of The Public Health & Welfare Act, 42 USC 1397, and is administered by the Department, (DHS or department), pursuant to MCL 400.10 *et seq.* and MCL 400.105. Department policies are found in the Bridges Adminis trative Manual (BAM), the Bridges Elig ibility Manual (BEM), and the Reference Tables Manual (RFT).

The State Disability A ssistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) admin isters the SDA program pursuant to MCL 400.10, et seq., and Mich Admin Code, Rules 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Reference Tables Manual (RFT).

Current legislative amendments to the Act delineate eligibility criteria as implemented by department policy set forth in program manual s. 2004 PA 344, Se c. 604, es tablishes the State Disability Assistance program. It reads in part:

Sec. 604 (1). The department sha II operate a state di sability assistance program. Except as provided in subsection (3), persons eligible for this program shall includ e needy citizens of the United States or aliens exempt from the Supplemental Security Income citizenship re quirement who are at least 18 years of age or emanc ipated minors meeting one or more of the following requirements:

(b) A per son with a physical or mental impairment which meets federal SSI disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Specifically, this Act provides minimal cash assistance to individuals with some type of severe, temporary disability which prevent s him or her from engaging in substantial gainful work activity for at least ninety (90) days.

Disability is defined as the inability to do any substantial gainful activity by reason of any medically determinable physical or mental im pairment which can be expected to result in death or which has lasted or can be expect ed to last for a continuous period of not less than 12 months. 20 CFR 416.905(a). The person claiming a physical or mental disability has the burden to esta blish it through the use of competent medical evidence from qualified medical sources such as his or her medical history, clinica I/laboratory findings, diagnosis/prescri bed treatment, prognosis for recovery and/or medical assessment of ability to do work-related ac tivities o r ability to reason and make appropriate mental adjustments, if a mental disability is alleged. 20 CRF 413 .913. An individual's subjective pain com plaints ar e not, in and of themselves, sufficient to establish disab ility. 20 CF R 416.908; 2 0 CFR 4 16.929(a). Similarly, conclusor y statements by a physician or mental health professional that an individual is disabled or blind, absent supporting medical evidence, is insufficient to establish disability. 20 CFR 416.927.

When determining disability, the federal regulations require several factors to be considered including: (1) the location/duration/frequency/intensity of an applicant's pain; (2) the type/dosage/effectiveness/side effects of any medication the applicant takes to relieve pain; (3) any treatment other than pain medication that the applicant has received to relieve pain; and, (4) the effect of the applicant's pain on his or her ability to do basic work activities. 20 CFR 416.929(c)(3). The applicant's pain must be assessed to determine the extent of his or her functional limitation(s) in light of the objective medical evidence presented. 20 CFR 416.929(c)(2).

In order to determine whether or not an individual is disabled, federal regulations require a five-step sequential evaluation process be utilized. 20 CFR 416.920(a)(1). The five-step analysis requires the trier of fact to cons ider an individual's current work activit y; the severity of the impairment(s) both in duration and whether it meets or equals a listed impairment in Appendix 1; residual functional capacity to det ermine whether an individual can perform past relev ant work; and residual functional capacity along with vocational factors (e.g., age, education, and work experienc e) to determine if an individual can adjust to other work. 20 CFR 416.920(a)(4); 20 CFR 416.945.

If an individual is found disabled, or not disabled, at any step, a determination or decision is made with no need to evaluate subsequent steps. 20 CFR 416.920(a)(4). If a determination cannot be made that an individual is disabled, or not disabled, at a particular step, the next step is required. 20 CFR 416.920(a)(4).

In Claimant's case, the ongoi ng and unpredictable daily di zziness, chronic back pain and other non-exertional sympt oms he describes are consis tent with the objectiv e medical evidence presented. Consequently, great weight and credibility must be given to his testimony in this regard.

When determining disability, the federal regula tions require that s everal considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

- 1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
- 2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
- 3. Does the impairment appear on a specia I listing of impairments or are the clie nt's symptoms, signs, and laboratory findings at least equiv alent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
- 4. Can the client do the forme r work that he/she performed within the last 15 years? If yes, t he client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
- 5. Does the client have the Res idual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Ap pendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

Claimant has not been employed since 2010; consequently, the analysis must move to Step 2.

In this case, Claimant has presented the required medical data and evidence necessary to support a finding t hat Claimant has significant phys ical and m ental limitations upon his ability to perform basic work activities.

Medical evidence has clearly established that Claimant has an impairment (or combination of impairments) that has more than a minimal effect on Claim ant's work activities. See Social Security Rulings 85-28, 88-13, and 82-63.

In the third step of the sequentia I consideration of a disab ility claim, the tri er of fact must determine if the claimant's impairment (or combination of impairments) is listed in

Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that the claimant's medical record will not support a finding that claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Ap pendix 1 of Sub part P of 20 CFR, Part 404, Part A. A ccordingly, Claimant cannot be found to be disabled bas ed upon medical evidence alone. 20 CFR 416.920(d).

In the fourth step of the sequent ial consideration of a disability claim, the trier of fact must determine if the claimant's impairm ent(s) prevents claim ant from doing past relevant work. 20 CFR 416.920(e). It is the finding of this Admini strative Law Judge, based upon the medical ev idence and objective medical findings, that Claimant cannot return to his past relevant work because the rigors of working as a cashier are completely outside the scope of his physic all and mental abilities given the medical evidence presented.

In the fifth step of the sequential consideration of a disability claim, the trier of fact must determine if the claimant's impairment(s) prevents claimant from doing other work. 20 CFR 416.920(f). This determination is based upon the claimant's:

- (1) residual functional capacity defined simply as "what can you still do despite you limitations?" 20 CFR 416.945;
- (2) age, educ ation, and wo rk experience, 20 CF R 416.963-.965; and
- (3) the kinds of work which exist in signific ant numbers in the national ec onomy which the claimant could perfo rm despite his/her limitations. 20 CFR 416.966.

See Felton v DSS 161 Mich. App 690, 696 (1987) . Once Claimant reaches Step 5 in the sequential review process, Cl aimant has already established a *prima facie* case of disability. Richardson v Secretary of Health and Human Services, 735 F2d 962 (6 th Cir, 1984). At that point, the burden of proof is on the state to prove by substantial evidence that Claimant has the residual functional capacity for substantial gainful activity.

After careful review of Claimant's medical record and the Administrative Law Judge's personal interaction with Claimant at the hearing, this Administrative Law Judge find set that Claimant's exertional and non-exertional impairment seronder Claimant unable to engage in a full range of even sedentary work activities on a regular and continuing basis. 20 CFR 404, Subpart P. Appendix 11, Section 201.00(h). See Social Security Ruling 83-10; Wilson v Heckler, 743 F2d 216 (1986). Based on Claimant's vocational profile (advanced age, Claimant is 55, has a fifth grade education and an unskilled work history), this Administ rative Law Judge finds Claimant's MA, Retro/MA and SDA are approved using Vocational Rule 202.01 as a guide. Consequently, the department's denial of his February 27, 2012, MA/Retro-MA and SDA application cannot be upheld.

# **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusion sof law, decides the department erred in determining Claimant is not currently disabled for MA/Retro-MA and SDA eligibility purposes.

Accordingly, the department's decision is **REVERSED**, and it is ORDERED that:

- 1. The department sh all proce ss Cla imant's February 27, 2012, MA/Retro-MA and SDA application, and shall award him all the benefits he may be entitled to receive, as long as he meets the remaining financial and non-financial eligibility factors.
- 2. The department shall rev iew Claimant's medica I cond ition for improvement in March, 2014, unless hi s Social Sec urity Administration disability status is approved by that time.
- 3. The department shall obtain updated medical evidence from Claimant's treating physicians, physical therapists, pain clinic notes, etc. regarding his continued treatment, progress and prognosis at review.

It is SO ORDERED.

	Administrative Law Judge
	for Maura D. Corrigan, Director
	Department of Human Services

Date Signed: March 15, 2013

Date Mailed: March 18, 2013

**NOTICE**: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party wit hin 30 days of the mailing date of this Decision and Order. Admi nistrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely r equest for rehearing was made, within 30 days of the receipt date of the rehearing decision.

Claimant may request a rehearing or reconsideration for the following reasons:

- A rehearing <u>MAY</u> be granted if there is ne wly discovered evidence that could affect the outcome of the original hearing decision.
- A reconsideration <u>MAY</u> be granted for any of the following reasons:
  - misapplication of manual policy or law in the hearing decision,
  - typographical errors, mathematical error, or other obvious errors in the hearing decision that effect the substantial rights of the claimant:
  - the failure of the ALJ to addres s other relevant issues in the hearing decision.

Request must be submitted through the loc al DHS office or directly to MAHS by mail at

Michigan Administrative Hearings Reconsideration/Rehearing Request P. O. Box 30639 Lansing, Michigan 48909-07322
