IN THE MATTER OF:

██████████

Docket No. 2012-21881 HHS

██████████

██████████

Appellant

\_\_\_\_\_ /

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████ ██████████, ██████████ represented the Appellant. He had no witnesses. ██████████ R.N. Appeals Review Officer represented the Department. Her witnesses were ██████████, ASW and ██████████ ASW Supervisor.

Also in attendance was Tajena Kennedy, Home Life Styles Inc.

**PRELIMINARY MATTER**

At hearing the Appellant offered proposed Exhibit #2 – a DHS 54A Medical Needs form prepared on ██████████. The admission of this document was taken under advisement pending receipt post hearing. It is not admitted because it was prepared following the ██████████ in-home assessment and thus had no bearing on the ASW's comprehensive assessment.

**ISSUE**

Did the Department properly deny the Appellant's request for Home Help Services (HHS)?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a disabled ██████-year-old Medicaid beneficiary. (Appellant's Exhibit #1)

2. The Appellant alleges disability through bipolar disorder, MR, schizophrenia and asthma. (See Testimony, Department's Exhibit A, pages 9 and 11)
3. The Appellant's representative said that the Appellant needs prompting and supervision to accomplish his ADLs requiring frequent repetition and demonstration from choreproviders without which, according to the Appellant's representative, personal chores would not be performed. (See Testimony)
4. The Department's witness, ASW ██████, testified that she observed the Appellant and that he did not appear to need assistance with any ADL. (See Testimony and Department's Exhibit A, pp. 2, 6, and 9)
5. The Department witness testified that she made contact with the Appellant on ██████████, for an in-home assessment. While there, the Appellant did not identify a need for hands on services for any ADL. (Department's Exhibit A, pages 2, 5 and 9)
6. The Department witness sent the Appellant a Adequate Negative Action Notice on ██████████, denying services. (Department's Exhibit A, pages 2, 6)
7. The Appellant's further appeal rights were contained in the Advance Negative Action Notice.
8. The request for hearing on the instant appeal was received by the Michigan Administrative Hearing System for the Department of Community Health on ██████████.

### **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a medical professional.

### **COMPREHENSIVE ASSESSMENT**

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on all open independent living services cases. ASCAP, the automated

workload management system, provides the format for the comprehensive assessment and all information must be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.

### **Changes in the home help eligibility criteria:**

#### **Home Help Eligibility Criteria**

To qualify for home help services, an individual must require assistance with at least one activity of daily living (ADL) assessed at a level 3 or greater. The change in policy must be applied to any new cases opened on or after October 1, 2011, and to all ongoing cases as of October 1, 2011.

#### **Comprehensive Assessment Required Before Closure**

Clients currently receiving home help services must be assessed at the next face-to-face contact in the client's home

to determine continued eligibility. If the adult services specialist has a face-to-face contact in the client's home prior to the next scheduled review/redetermination, an assessment of need must take place at that time.

**Example:** A face-to-face review was completed in August 2011; the next scheduled review will be in February 2012. The specialist meets with the client in his/her home for a provider interview in December 2011. Previous assessments indicate the client only needing assistance with instrumental activities of daily living (IADL). A new comprehensive assessment must be completed on this client.

If the assessment determines a need for an ADL at level 3 or greater but these services are **not** paid for by the department, or the client refuses to receive assistance, the client would **continue** to be eligible to receive IADL services.

If the client is receiving only IADLs and does **not** require assistance with at least one ADL, the client no longer meets eligibility for home help services and the case must close after negative action notice is provided.

Each month, beginning with October, 2011, clients with reviews due who only receive IADL services must take priority.

#### **Negative Action Notice**

The adult services specialist must provide a DHS-1212, Advance Negative Action notice, if the assessment determines the client is no longer eligible to receive home help services. The effective date of the negative action is ten business days after the date the notice is mailed to the client.

\*\*\*

#### **Right to Appeal**

Clients have the right to request a hearing if they disagree with the assessment. If the client requests a hearing within ten business days, do not proceed with the negative action until after the result of the hearing.

Explain to the client that if the department is upheld, recoupment must take place back to the negative action date if payments continue. Provide the client with an option of

continuing payment or suspending payment until after the hearing decision is rendered.

If the client requests a hearing after the 10-day notice and case closure has occurred, do not reopen the case pending the hearing decision. If the department's action is reversed, the case will need to be reopened and payment re-established back to the effective date of the negative action. If the department's action is upheld, no further action is required.

The Department witness testified that on in-home assessment she observed the Appellant had no need for ADL assistance. She explained policy developments and advised the Appellant and his choreprovider that he would be denied Home Help Services for lack of need with hands on assistance.

At hearing the Appellant's representative explained that the Appellant required assistance with "prompting and supervision" for all aspects of personal care owing to mental illness. He explained that the Appellant requires daily demonstration on all manner of personal hygiene. Absent that supervision and demonstration the Appellant will not perform his ADLs as necessary.

It is the province of the ASW to determine eligibility for services; the ASM requires an in-home, comprehensive assessment of HHS recipients. Based on new policy an HHS recipient must utilize at least one (1) ADL requiring hands on service at the three (3) ranking or higher in order to remain eligible for HHS.

The Appellant failed to preponderate his burden of proof that the Department erred in denying his HHS, because at the time of assessment he demonstrated no inability to perform his ADLs without hands on assistance.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's HHS.
