IN THE MATTER OF:

Docket No. 2012-24011 HHS

██████████

██████████

██████████

Appellant

_____ /

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████ ██████████ appeared on behalf of the Appellant. ██████████, R.N. Appeals Review Officer, represented the Department. Her witnesses were ██████████, ASW and ██████████, ASW supervisor.

ISSUE

Did the Department properly terminate the Appellant's Home Help Services for lack of demonstrating need for an Activity of Daily Living at a ranking of "3" three or greater?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a ██████-year-old Medicaid beneficiary. (Appellant's Exhibit #1)
2. The Appellant is afflicted with schizoaffective disorder. (Department' Exhibit A, pp. 11, 16)
3. The Department's witness testified that on in-home assessment she did not observe any limits to the Appellant's ability to perform ADLs. (See Testimony and Department's Exhibit A, pp. 8 and 11)
4. The Department witness said that at the in-home assessment she reviewed the new policy requiring at least one ADL at a ranking of three (3) or better to qualify for HHS. She identified no need for ADLs in the Appellant. (See Testimony)

5. The Appellant “knows how to get home” and only needs prompting or reminding with ADLs. (See Testimony of [REDACTED])
6. On [REDACTED] the Department sent the Appellant an Advance Negative Action Notice advising him that his HHS benefit would be terminated on [REDACTED]. His further appeal rights were contained therein. (Department’s Exhibit A, pp. 2, 5, 7)
7. The request for hearing on the instant appeal was received by the Michigan Administrative Hearing System for the Department of Community Health on [REDACTED] (Appellant’s Exhibit #1)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a medical professional.

COMPREHENSIVE ASSESSMENT

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on all open independent living services cases. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information must be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.

- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.

(Emphasis supplied)
Adult Service Manual (ASM), §120, page 1 of 6, 11-1-2011.

Changes in the home help eligibility criteria:

Home Help Eligibility Criteria

To qualify for home help services, an individual must require assistance with at least one activity of daily living (ADL) assessed at a level 3 or greater. The change in policy must be applied to any new cases opened on or after October 1, 2011, and to all ongoing cases as of October 1, 2011.

Comprehensive Assessment Required Before Closure

Clients currently receiving home help services must be assessed at the next face-to-face contact in the client's home to determine continued eligibility. If the adult services specialist has a face-to-face contact in the client's home prior to the next scheduled review/redetermination, an assessment of need must take place at that time.

Example: A face-to-face review was completed in August 2011; the next scheduled review will be in February 2012. The specialist meets with the client in his/her home for a provider interview in December 2011. Previous assessments indicate the client only needing assistance with instrumental activities of daily living (IADL). A new comprehensive assessment must be completed on this client.

If the assessment determines a need for an ADL at level 3 or greater but these services are **not** paid for by the department, or the client refuses to receive assistance, the client would **continue** to be eligible to receive IADL services.

If the client is receiving only IADLs and does **not** require assistance with at least one ADL, the client no longer meets eligibility for home help services and the case must close after negative action notice is provided.

Each month, beginning with October, 2011, clients with reviews due who only receive IADL services must take priority.

Negative Action Notice

The adult services specialist must provide a DHS-1212, Advance Negative Action notice, if the assessment determines the client is no longer eligible to receive home help services. The effective date of the negative action is ten business days after the date the notice is mailed to the client.

Right to Appeal

Clients have the right to request a hearing if they disagree with the assessment. If the client requests a hearing within ten business days, do not proceed with the negative action until after the result of the hearing.

Explain to the client that if the department is upheld, recoupment must take place back to the negative action date if payments continue. Provide the client with an option of continuing payment or suspending payment until after the hearing decision is rendered.

If the client requests a hearing after the 10-day notice and case closure has occurred, do not reopen the case pending the hearing decision. If the department's action is reversed, the case will need to be reopened and payment re-established back to the effective date of the negative action. If the department's action is upheld, no further action is required.

Adult Service Bulletin (ASB) 2011-001;
Interim Policy Bulletin Independent Living Services (ILS)
Eligibility Criteria, pp. 1–3, October 1, 2011

The Department witness testified that on in-home assessment she observed that the Appellant had no need for ADL assistance. She explained policy developments to the

guardian and advised her that the Appellant would be terminated from the Home Help Program for lack of need with hands-on assistance with personal care.

At hearing, the Appellant's representative/guardian said that the Appellant is mobile, but that his mind is gone. He would be dangerous to himself and others without daily guidance and that he needs to take his medication. She added that while he receives CMH services "...they just blow the horn... they won't force him to do [anything]."

It is the province of the ASW to determine eligibility for services; the ASM requires an in-home assessment of HHS recipients. Based on new policy an HHS recipient must utilize at least one (1) ADL requiring hands-on service at the three (3) ranking or higher in order to remain eligible for HHS.

In her testimony the Appellant's representative said she opposes the new ADL policy, [and] "I take the responsibility of taking care of him, they provided the chore services – everything else I do." She referenced a recent, [unsatisfactory], hospital experience in her testimony concerning the Appellant's mental capacity - if the guardian has information relative to a recent change in condition, it is her responsibility to so advise the ASW and seek reassessment as necessary.

The Appellant failed to preponderate his burden of proof that the Department erred in terminating his HHS, because at the time of assessment he demonstrated no physical need for assistance with an ADL with a ranking of 3 or greater.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly terminated the Appellant's HHS.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
