ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 201241933
Issue No.: 3052
Case No.: [REDACTED]
Hearing Date: June 6, 2012
County: Genesee DHS (02)

ADMINISTRATIVE LAW JUDGE: Christian Gardocki

HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon a request for a hearing by the Department of Human Services (DHS). After due notice, a telephone hearing was held on June 6, 2012 from Detroit, Michigan. The Department was represented by [REDACTED], Regulation Agent for the Office of Inspector General (OIG). The hearing was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3187(5).

ISSUES

The first issue is whether Respondent committed an Intentional Program Violation (IPV).

The second issue is whether Respondent received an overissuance of benefits which may be recovered through debt collection actions.

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. For the period of 3/2010-8/2010, Respondent received a total of \$3156 in Food Assistance Program (FAP) and \$1727 in Family Independence Program (FIP) benefits through the State of Michigan.
2. For the period of 2/8/10-9/4/10, Respondent spent the Michigan issued FAP benefits exclusively in the State of [REDACTED] (see Exhibits 23-24).

3. For the period of 3/2010-8/2010, Respondent also received FAP benefits from the State of South Dakota (see Exhibits 25-29).
4. On 3/25/12, DHS requested a hearing to establish that Respondent committed an IPV and subject to a ten year FAP benefit disqualification.
5. DHS also seeks to establish a debt of \$4883 against Respondent.

CONCLUSIONS OF LAW

The Food Assistance Program (formerly known as the Food Stamp Program) is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). DHS administers the FAP pursuant to Michigan Compiled Laws 400.10, *et seq.*, and Michigan Administrative Code R 400.3001-3015. DHS regulations are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Reference Tables Manual (RFT). Updates to DHS regulations are found in the Bridges Policy Bulletin (BPB).

This hearing was requested by DHS, in part, to establish that Respondent committed an IPV. DHS may request a hearing to establish an IPV and disqualification. BAM 600 at 3.

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill their reporting responsibilities. BAM 720 at 1.

IPV is suspected when there is **clear and convincing** (emphasis added) evidence that the client or CDC provider has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720 at 1. A clear and convincing threshold to establish IPV is a higher standard than a preponderance of evidence standard and less than a beyond any reasonable doubt standard. It is a standard which requires reasonable certainty of the truth; something that is highly probable. Black's Law Dictionary 888 (6th ed. 1990).

The Code of Federal Regulations defines an IPV. Intentional program violations shall consist of having intentionally: (1) made a false or misleading statement, or misrepresented, concealed or withheld facts; or (2) committed any act that constitutes a violation of the Food Stamp Act, the Food Stamp Program Regulations, or any State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of coupons, authorization cards or reusable documents used as part of an automated benefit delivery system. 7 CFR 273.16(c).

The client/authorized representative (AR) is determined to have committed an IPV by:

- A court decision.
- An administrative hearing decision.
- The client signing a DHS-826, Request for Waiver of Disqualification Hearing or DHS-830, Disqualification Consent Agreement or other recoupment and disqualification agreement forms. *Id.*

There is no evidence that Respondent signed a DHS-826 or DHS-830. There is also no evidence that a court decision found Respondent responsible for an IPV. DHS seeks to establish an IPV by Respondent via administrative hearing.

A person cannot receive FAP in more than one state for any month. BEM 222 at 2. Out-of-state benefit receipt or termination may be verified by one of the following: DHS-3782, Out-of-State Inquiry, letter or document from other state or collateral contact with the state. *Id.* at 3.

DHS contended that Respondent intentionally violated FAP benefit policy by concurrently receiving FAP benefits from two different states, Michigan and [REDACTED]. DHS established that Respondent received \$1727 in FIP benefits and \$3156 in FAP benefits from the State of Michigan over the period of 3/2010-8/2010 (see Exhibits 30-41). DHS also established that Respondent concurrently received FAP benefits from the State of [REDACTED] (see Exhibits 25-29). It is found that Respondent concurrently received FAP benefits from more than one state.

Verification that Respondent concurrently received FAP benefits from multiple states, by itself, is sufficient evidence to establish an IPV by Respondent. Respondent failed to appear for the hearing so no evidence was presented to refute the DHS evidence or to possibly excuse Respondent's actions. It is found that DHS established an IPV by Respondent.

A person is disqualified for a period of 10 years if found guilty through the Administrative Hearing Process, convicted in court or by signing a repayment and disqualification agreement (e.g., DHS-826, DHS-830) of having made a fraudulent statement or representation regarding his identity or residence in order to receive multiple FAP benefits simultaneously. BEM 203 at 1. It was not disputed that Respondent concurrently received FAP benefits from multiple states; this is not enough to justify a ten year FAP benefit disqualification. In addition, DHS must establish that Respondent made fraudulent statements concerning identity or residence; no such evidence was presented. Respondent's fraud involved a failure to report a change in residency. A failure to report information is not the equivalent of a fraudulent statement; one is passive fraud and the other is active fraud. DHS imposes the ten year penalty only for active fraud. It is found that Respondent did not make a fraudulent statement or representation regarding identity or residency in order to receive multiple FAP benefits simultaneously. Accordingly, a ten year disqualification is inappropriate.

The standard disqualification period is used in all instances except when a court orders a different period. BAM 720 at 13. DHS is to apply the following disqualification periods to recipients determined to have committed IPV: one year for the first IPV, two years for the second IPV and lifetime for the third IPV. *Id.* Respondent's failure to report a change in state residency in order to collect FAP benefits was found to be fraud but did not merit a 10 year FAP benefit disqualification. DHS is entitled to impose the standard one year IPV disqualification for Respondent's first IPV.

When a client group receives more benefits than they are entitled to receive, DHS must attempt to recoup the over-issuance (OI). BAM 700 at 1. An OI is the amount of benefits issued to the client group in excess of what they were eligible to receive. *Id.* Recoupment is a DHS action to identify and recover a benefit OI. *Id.*

DHS may pursue an OI whether it is a client caused error or DHS error. *Id.* at 5. Client and DHS error OIs are not pursued if the estimated OI amount is less than \$125 per program. BAM 700 at 7. The present case concerns an alleged OI of \$800. Establishing whether DHS or Respondent was at fault for the OI is of no importance because DHS may seek to recoup the amount in either scenario.

To establish a debt against clients who are no longer receive benefits, DHS may request a hearing for debt establishment. The hearing decision determines the existence and collectability of a debt to the agency. BAM 725 at 13. Over-issuance balances on inactive cases must be repaid by lump sum or monthly cash payments unless collection is suspended. *Id.* at 6. Other debt collection methods allowed by DHS regulations include: cash payments by clients, expunged FAP benefits, State of Michigan tax refunds and lottery winnings, federal salaries, federal benefits and federal tax refunds. *Id.* at 7.

DHS established that Respondent received concurrent FAP benefits from different states for the period of 3/2010-8/2010. DHS established that Respondent received \$3156 in FAP benefits and \$1727 in FIP benefits from the State of Michigan over the period of 4/2011-7/2011. Respondent was not entitled to any FAP or FIP benefits from the State of Michigan for the period of 4/2011-7/2011 due to Respondent's concurrent FAP benefit eligibility outside of the State of Michigan. It is found that Respondent was over-issued \$3156 in FAP benefits and \$1727 in FIP benefits. Accordingly, DHS established a debt collection amount of \$4883 against Respondent.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, finds that DHS failed to establish a basis for a ten year FAP benefit disqualification against Respondent. The actions taken by DHS are PARTIALLY REVERSED.

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, finds that Respondent committed an IPV and is subject to a one year

disqualification. It is also found that DHS established a debt of \$4883 against Respondent for over-issued FAP and FIP benefits. The actions taken by DHS are PARTIALLY AFFIRMED.
