

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No: 201249539
Issue No: 2009
Case No: [REDACTED]
Hearing Date: July 10, 2012
Jackson County DHS

ADMINISTRATIVE LAW JUDGE: William A. Sundquist

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, an in-person hearing was held on Tuesday, July 10, 2012. Claimant appeared with her authorized representative, [REDACTED]. Participants on behalf of the Department of Human Services (Department) included [REDACTED].

ISSUE

Was disability, as defined below, medically established?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant's MA-P application on April 19, 2011, was denied on January 26, 2012 per BEM 260, with a hearing request on April 23, 2012.
2. Vocational Factors: Age 53, with a 9th grade education, and history of semi-skill work.
3. Last employment ended May 2009; unemployment compensation benefits started and ended April 2010.
4. Disability is alleged due to COPD.

5. Medical reports of record state the Claimant on:
 - a. February 7, 2011, is a well-nourished and well-developed adult female and no physical or respiratory distress; respiratory rate is quiet and regular (Medical Packet, Page 19).
 - b. May 29, 2011, has a stable condition; and that respiratorily has a shortness of breath (Medical Packet, Page 38).
 - c. May 31, 2011, is well-nourished, well-developed adult and no physical, emotional or respiratory distress; that respiratory is quiet and regular (Medical Packet, Page 26).
 - d. October 27, 2011, has shortness of breath going up steps; that dust and humidity will make her shortness of breath; that she gets bronchitis in the winter; that musculoskeletally she is able to get on and off the examination table, squat, and walk on heels and toes; that neurologically her cranial nerves II-XII are intact; that strength is 5/5 in all extremities; that sensation is intact; and that gait is intact (Medical Packet, Pages 34 and 35).
 - e. October 27, 2011, was able to sit, stand, bend, stoop, carry, push, pull, button clothes, tie shoes, dress-undress, dial telephone, open door, make a fist, pickup coin, pickup pencil, write, squat and arise from squatting, get on and off examination table, climb stairs; that she can walk on heel and toes; that her gait is stable and within normal limits; and that she does not need an assistive device for walking (Medical Packet, Page 30).
6. SHRT report dated June 4, 2012, states the Claimant's disorders do not meet/equal a Social Security listing (Medical Packet, Page 49).

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, et seq., and MCL 400.105. Department policies are found in the Program Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

The burden of proof is on the claimant to establish disability in accordance with the 5 step process below. ...20 CFR 460.912(a).

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).

5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

At Step 1, disability is not denied. The evidence of record establishes the Claimant has not been engaged in substantial gainful activities since May 2009.

At Step 2, disability is denied. The medical evidence of record, on date of application, does not establish the Claimant's significant functional incapacity to perform basic work activities for a one year continuous duration, as defined below.

Severe/Non-Severe Impairment

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

Non-severe impairment(s). An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

Basic work activities. When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and

6. Dealing with changes in a routine work setting.
20 CFR 416.921(b).

SEVERE IMPAIRMENT

To qualify for MA-P, claimant must first satisfy both the gainful work and the duration criteria (20 CFR 416.920(a)) before further review under severity criteria. If claimant does not have any impairment or combination of impairments which significantly limits physical or mental ability to do basic work activities, an ultimately favorable disability determination cannot result. (20 CFR 416.920(c)).

The medical reports of record are mostly examination, diagnostic, treatment reports. They don't provide medical assessments of Claimant's physical limitations relative to her functional incapacity to perform basic work activities, as defined above. Stated differently, does the physical impairment medically impair the Claimant slightly, mildly, moderately (non-severe impairment, as defined above) or severely, as defined above?

The medical evidence of record does not establish a combination severe physical impairment meeting the one year continuous duration requirement. It establishes a non-severe impairment.

If disability had not already been denied at Step 2, it would also be denied at Step 3. The medical evidence of record, on date of application, does not establish the Claimant's impairments meet/equal a Social Security listing for the required duration.

If disability had not already been denied at Step 2, it would also be denied at Step 4. The medical evidence of record, on date of application, does not establish the Claimant's functional incapacity, despite her impairments, to perform any of her past work, such as a cashier and retail sales person, for the required one year continuous duration.

Therefore, disability has not been established at Step 2 and also has not been established at Steps 3 and 4 by the competent, material and substantial evidence on the whole record

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that disability has not been medically established.

Accordingly, MA-P denial is **UPHELD** and so ORDERED.

/s/
William A. Sundquist
Administrative Law Judge
For Maura D. Corrigan, Director
Department of Human Services

Date Signed: September 21, 2012

Date Mailed: September 25, 2012

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt date of the rehearing decision.
