

STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF:

[REDACTED]

Reg. No: 2012-50835
Issue No: 2009

[REDACTED]

ADMINISTRATIVE LAW JUDGE: Suzanne L. Morris

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9; and MCL 400.37 upon claimant's request for a hearing. After due notice, a telephone hearing was held on [REDACTED]. The claimant appeared and provided testimony, along with [REDACTED]. The department witness was [REDACTED]. The claimant waived the time limits to allow the submission of new and additional medical evidence.

ISSUE

Did the Department of Human Services (DHS) properly deny claimant's Medical Assistance (MA) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On [REDACTED] claimant applied for MA with the Michigan Department of Human Services (DHS).
2. Claimant did not apply for retro MA.
3. On [REDACTED], the MRT denied.
4. On [REDACTED] the DHS issued notice.
5. On [REDACTED] claimant filed a hearing request.
6. Claimant testified at the administrative hearing that he will be filing a disability application with the Social Security Administration (SSA).
7. On [REDACTED] the State Hearing Review Team (SHRT) denied claimant. Pursuant to the claimant's request to hold the record open for the submission of new and additional medical documentation, on [REDACTED] SHRT once again denied claimant.

8. As of the date of hearing, claimant was a [REDACTED] standing 6'1" tall and weighing 200 pounds. Claimant has a high school education and one semester of college.
9. Claimant testified that he does not smoke cigarettes, does not drink alcohol and does not use illegal drugs.
10. Claimant has a driver's license, but testified that he can't drive because it is uncomfortable.
11. Claimant is not currently working. Claimant testified that he has only worked for short times as an assembler and a plastic unloader. These jobs only lasted for a few months each.
12. Claimant alleges disability on the basis of back problems, including a history of a [REDACTED] back surgery (L4 – 5 lumbar laminectomy with bilateral L4 – 5, bilateral L5 – S1 partial facetectomies and bilateral L4 – 5, L5 – S1 forminotomies with right L4 – 5 and right L5 – S1 discectomy).
13. An [REDACTED] MRI showed the L4 – 5 laminectomy with interval decompression of the central canal. There was no recurrent disc herniation, spinal stenosis, or nerve root compression.
14. A [REDACTED] Medical Examination Report (DHS-49) indicates the claimant has low back tenderness on right paraspinal muscles. He had parathesia of the right leg and slight weakness of the right leg. He was able to meet his needs in his home.
15. A [REDACTED] MRI found right paracentral and lateral disc extrusion at L5 – S1 causing mass effect on the right S1 nerve root; focal annular tear without disc herniation at the L4 – 5 level; degenerative disc disease and facet arthropathy at multiple levels, causing varying degrees of lateral recess and formlinal narrowing; postoperative changes at L4 and L5.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

In order to receive MA benefits based upon disability or blindness, claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20 CFR 416.901). DHS, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA applications. MA-P (disability), also

is known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses. Michigan administers the federal Medicaid program. In assessing eligibility, Michigan utilizes the federal regulations.

Relevant federal guidelines provide in pertinent part:

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

The federal regulations require that several considerations be analyzed in sequential order:

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

The regulations require that if disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b). If no, the analysis continues to Step 2.
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.909(c).
3. Does the impairment appear on a special Listing of Impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment that meets the duration requirement? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.920(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA.

If no, the analysis continues to Step 5. Sections 200.00-204.00(f)?

5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? This step considers the residual functional capacity, age, education, and past work experience to see if the client can do other work. If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(g).

At application claimant has the burden of proof pursuant to:

...You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

Federal regulations are very specific regarding the type of medical evidence required by claimant to establish statutory disability. The regulations essentially require laboratory or clinical medical reports that corroborate claimant's claims or claimant's physicians' statements regarding disability. These regulations state in part:

...Medical reports should include --

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as sure, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms).... 20 CFR 416.913(b).

...Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment.... 20 CFR 416.929(a).

...The medical evidence...must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

Medical findings consist of symptoms, signs, and laboratory findings:

- (a) **Symptoms** are your own description of your physical or mental impairment. Your statements alone are not

enough to establish that there is a physical or mental impairment.

- (b) **Signs** are anatomical, physiological, or psychological abnormalities which can be observed, apart from your statements (symptoms). Signs must be shown by medically acceptable clinical diagnostic techniques. Psychiatric signs are medically demonstrable phenomena which indicate specific psychological abnormalities e.g., abnormalities of behavior, mood, thought, memory, orientation, development, or perception. They must also be shown by observable facts that can be medically described and evaluated.

- (c) **Laboratory findings** are anatomical, physiological, or psychological phenomena which can be shown by the use of a medically acceptable laboratory diagnostic techniques. Some of these diagnostic techniques include chemical tests, electrophysiological studies (electrocardiogram, electroencephalogram, etc.), roentgenological studies (X-rays), and psychological tests. 20 CFR 416.928.

It must allow us to determine --

- (1) The nature and limiting effects of your impairment(s) for any period in question;

- (2) The probable duration of your impairment; and

- (3) Your residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).
Information from other sources may also help us to understand how your impairment(s) affects your ability to work. 20 CFR 416.913(e).

...You can only be found disabled if you are unable to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. See 20 CFR 416.905. Your impairment must result from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques.... 20 CFR 416.927(a)(1).

Applying the sequential analysis herein, claimant is not ineligible at the first step as claimant is not currently working. 20 CFR 416.920(b). The analysis continues.

The second step of the analysis looks at a two-fold assessment of duration and severity. 20 CFR 416.920(c). This second step is a *de minimus* standard. Ruling any ambiguities in claimant's favor, this Administrative Law Judge (ALJ) finds that claimant meets both. The analysis continues.

The third step of the analysis looks at whether an individual meets or equals one of the Listings of Impairments. 20 CFR 416.920(d). After careful review of the substantial and credible evidence on the whole record, the undersigned Administrative Law Judge finds that claimant meets or equals Listing 1.04. Statutory disability is shown.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the department's actions were incorrect.

Accordingly, the department's determination in this matter is **REVERSED**.

The department is ORDERED to make a determination if claimant meets the non-medical criteria for the MA program. If so, the department is ORDERED to open an ongoing case from the date of application and issue supplemental benefits to claimant.

The department is ORDERED to review this case for medical improvement in [REDACTED]

/s/ _____
Suzanne L. Morris
Administrative Law Judge
for Maura D. Corrigan, Director
Department of Human Services

Date Signed: [REDACTED]

Date Mailed: [REDACTED]

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

2012-50835/SLM

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the mailing date of the rehearing decision.
