This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 following Claimant's request for a hearing. After due notice, a telephone hearing was held on July 23, 2012, from Detroit, Michigan. Participants on behalf of Claimant included Claimant, [REDACTED]. Participants on behalf of the Department of Human Services (Department) included [REDACTED].

**ISSUE**

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On March 7, 2012, Claimant applied for MA-P and retro MA-P to January 2012.
2. On March 28, 2012, the Medical Review Team denied Claimant's request.
3. On May 3, 2012, Claimant submitted to the Department a request for hearing.
4. The State Hearing Review Team (SHRT) denied Claimant's request.
5. Claimant is 45 years old.

6. Claimant completed education through a GED.
7. Claimant has employment experience (last worked 2005) as a truck driver.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from bipolar disorder, anti-social personality disorder, traumatic brain injury, back pain, arthritis, headaches and mood disorder.
10. Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.
11. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

### **CONCLUSIONS OF LAW**

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: passes out on occasion, loss of memory, headaches, suicidal thoughts once every two weeks, hearing voices talking to him, medicine makes him sleep a lot, isolates himself, thoughts of hurting others, limited to lifting 5-10 lbs, can stand an hour, no problems with sitting and his aunt manages household chores.

Claimant's aunt testified to the following: Claimant spends the majority of his time in the basement isolating himself from others and he sleeps a lot and has mood swings with very aggressive behavior.

Claimant's Case Manager from [REDACTED] indicated that Claimant is heavily medicated to help manage his symptoms. This results in the Claimant being drowsy all the time.

Claimant's most recent psychiatric record submitted for consideration indicates that Claimant is withdrawn, evasive, hostile, suspicious, agitate/restless, pressured speech, constricted and labile affect, paranoid ideation and delusions. This record indicates a GAF of 45.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 12.04 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of January 2012.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated March 7, 2012, if not done

previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for October 2013.
