

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No: 201256680
Issue No: 2009;4031
Case No: [REDACTED]
Hearing Date: September 12, 2012
Ingham County DHS

ADMINISTRATIVE LAW JUDGE: William A. Sundquist

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on September 12, 2012. Claimant appeared and provided testimony on her behalf. Participants on behalf of the Department of Human Services (Department) included [REDACTED]

ISSUE

Was disability, as defined below, medically established?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant's MA-P/SDA application on September 19, 2011 was denied on May 31, 2012 per BEM 260/261, with a hearing request on June 5, 2012.
2. Claimant was age 31, with several plus college degrees.
3. Claimant's last employment ended February 13, 2011; he became eligible for UCB with exhaustion at end of July 2012.
4. Claimant alleges disability due to medically diagnosed disorders of thoracic outlet syndrome, pectoralis minor syndrome, and cervical radiculopathy (DHS Ex A, p 103).
5. State Hearing Review Team (SHRT) report dated July 6, 2012 states the claimant's disorders don't meet/equal a Social Security listing (DHS Ex A, p 103).

CONCLUSIONS OF LAW

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

DISABILITY

A person is disabled for SDA purposes if he:

- . receives other specified disability-related benefits or services, or
- . resides in a qualified Special Living Arrangement facility, or
- . is certified as unable to work due to mental or physical disability for at least 90 days from the onset of the disability.
- . is diagnosed as having Acquired Immunodeficiency Syndrome (AIDS).

If the client's circumstances change so that the basis of his/her disability is no longer valid, determine if he/she meets

any of the other disability criteria. Do NOT simply initiate case closure. BEM, Item 261, p. 1

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

Step 1 disability is not denied. The evidence of record established the Claimant has not been engaged in substantial gainful activities since February 13, 2011.

Step 2 disability is denied. The medical evidence of record, on date of application, does not establish the Claimant's significant functional incapacity to do basic work activities for the required one year continuous duration, as defined below.

Severe/Non-Severe Impairment

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

Non-severe impairment(s). An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

Basic work activities. When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting.
20 CFR 416.921(b).

SEVERE IMPAIRMENT

To qualify for MA-P, claimant must first satisfy both the gainful work and the duration criteria (20 CFR 416.920(a)) before further review under severity criteria. If claimant does not have any impairment or combination of impairments which significantly limits physical or mental ability to do basic

work activities, an ultimately favorable disability determination cannot result. (20 CFR 416.920(c)).

The burden of proof is on the claimant to establish disability in accordance with the 5 step process below. ...20 CFR 416.912(a).

...You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

[In reviewing your impairment]...We need reports about your impairments from acceptable medical sources.... 20 CFR 416.913(a).

Acceptable medical sources about your impairments are an M.D. or D.O. or fully licensed psychologist. Medical reports would include:

- Your ability to do work-related activities such as sitting, standing, moving about, lifting, carrying, handling objects, hearing, speaking, and traveling.
- In cases of mental impairments, your ability to reason or make occupational, personal, or social adjustments. ...20 CFR 416.913(a)(c)(1) and (2).

The medical reports of record were mostly examination, diagnostic, treatment and progress reports and do not provide medical assessments of Claimant's basic work limitations for the required duration. Said differently, the Claimant's diagnosed medical disorders do not indicate whether she is impaired minimally, mildly, moderately (non-severe impairment, as defined above) or severely, as defined above.

Claimant testified that she could not do a job that would require lifting above shoulder level and that she could occasionally lift/carry up to 20 lbs.

The medical exam on March 9, 2012 states the claimant is well developed, well nourished and in no acute distress; that she had some mild tenderness over the trapezia bilaterally; that range of motion was within normal limits; that there was no spinal or CVA tenderness; that range of motion was within normal limits; that there was no straight leg raise noted on either side; that musculoskeletally there was no tenderness or inflammation in any of the joints; that there was good range of motion in all joints noted as well; that neurologically her cranial nerves 2-12 were grossly intact; that motor exam showed normal power and tone throughout; that sensory exam was within normal limits; that deep tendon reflexes were 2+ and equal bilaterally; cerebellar function was intact; that gait was normal; that on exam today she had some tenderness in the cervical region; that range of motion is normal (DHS Ex A, p 15-16).

Therefore, the Claimant has not sustained her burden of proof to establish a severe impairment, instead of a non-severe impairment, for the required duration, and the sequential evaluation is required to continue.

The department's Program Eligibility Manual contains the following policy statements and instructions for caseworkers regarding the State Disability Assistance program: to receive State Disability Assistance, a person must be disabled, caring for a disabled person or age 65 or older. BEM, Item 261, p. 1. Because the claimant does not meet the definition of disabled under the MA-P program and because the evidence of record does not establish that claimant is unable to work for a period exceeding 90 days, the claimant does not meet the disability criteria for State Disability Assistance benefits either.

Therefore, medical disability has not been established at Step 2 by the competent material and subjective evidence on the whole record.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides disability was not medically established.

Accordingly, MA-P/SDA denial is **UPHELD**.

William A. Sundquist
Administrative Law Judge
For Maura D. Corrigan, Director
Department of Human Services

Date Signed: February 12, 2013

Date Mailed: February 12, 2013

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt date of the rehearing decision.

Claimant may request a rehearing or reconsideration for the following reasons:

- A rehearing **MAY** be granted if there is newly discovered evidence that could affect the outcome of the original hearing decision.

201256680/WAS

- A reconsideration **MAY** be granted for any of the following reasons:
- misapplication of manual policy or law in the hearing decision,
- typographical errors, mathematical error , or other obvious errors in the hearing decision that effect the substantial rights of the claimant;
- the failure of the ALJ to address other relevant issues in the hearing decision

Request must be submitted through the local DHS office or directly to MAHS by mail at
