ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 2012-71676
Issue Nos.: 2009, 4031
Case No.: [REDACTED]
Hearing Date: January 9, 2013
County: Macomb (50-20)

ADMINISTRATIVE LAW JUDGE: Jonathan W. Owens

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 following Claimant's request for a hearing. After due notice, an in-person hearing was held on January 9, 2013, from Warren, Michigan. Participants on behalf of Claimant included Claimant. Participants on behalf of the Department of Human Services (Department) included [REDACTED]

ISSUE

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) and State Disability Assistance (SDA) programs?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On July 3, 2012, the Department sent a medical review packet to the Medical Review Team for consideration of MA-P and SDA benefit continuation.
2. On July 30, 2012, the Medical Review Team denied Claimant's request.
3. On August 17, 2012, Claimant submitted to the Department a request for hearing.
4. The State Hearing Review Team (SHRT) denied Claimant's request without determining whether significant medical improvement had occurred.
5. Claimant is 47 years old.

6. Claimant completed education through high school and obtained a data processing certificate.
7. Claimant has employment experience (last worked September 2009) as a government analyst and as a secretary.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from cerebrovascular accident, brain lesion, multiple sclerosis, diabetes, depression and anxiety.
10. Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.
11. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

CONCLUSIONS OF LAW

MA is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

In order to receive MA benefits based upon disability or blindness, Claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20R 416.901). The Department, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA applications. MA-P (disability), also is known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses.

The law defines disability as the inability to do substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. (20 CFR 416.905).

Once an individual has been determined to be "disabled" for purposes of disability benefits, continued entitlement to benefits must be periodically reviewed. In evaluating whether an individual's disability continues, 20 CFR 416.994 requires the trier of fact to follow a sequential evaluation process by which current work activities, severity of impairment(s), and the possibility of medical improvement and its relationship to the individual's ability to work are assessed. Review may cease and benefits may be continued at any point if there is a substantial evidence to find that the individual is unable to engage in substantial gainful activity. 20 CFR 416.994(b)(5).

The first step to be considered is whether the claimant can perform Substantial Gainful Activity (SGA) defined in 20 CFR 416.920(b). In this case, Claimant is not working. Therefore, Claimant is not disqualified at this step in the evaluation.

In the second step, the trier of fact must determine if the claimant's impairment (or combination of impairments) meets or equals the severity of an impairment listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that Claimant's medical record does not support a finding that Claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A. Accordingly, the sequential evaluation process must continue.

In the third step of the sequential evaluation, the trier of fact must determine whether there has been medical improvement as defined in 20 CFR 416.994(b)(1)(i). 20 CFR 416.994(b)(5)(iii). Medical improvement is any decrease in the medical severity of your impairment(s) which was present at the time of the most recent favorable medical decision that you were disabled or continued to be disabled. A determination that there has been a decrease in medical severity must be based on changes (improvement) in the symptoms, signs and/or laboratory findings associated with your impairment(s) (see §416.928). If there has been medical improvement as shown by a decrease in medical severity, the trier of fact must proceed to Step 4 (which examines whether the medical improvement is related to the claimant's ability to do work). If there has been no decrease in medical severity and, thus, no medical improvement, the trier of fact moves to Step 5 in the sequential evaluation process.

In this case, Claimant was most recently approved for MA-P in August 2011. Claimant appeared and testified to the following symptoms and abilities: frequent falls, needs help showering and bathing, needs help getting in and out of the car, memory problems, walking problems, struggles with comprehension when reading, struggles with answering simple questions, has at times forgotten how to spell her own last name, not able to drive due to getting lost, uses a cane for walking and balance, not able to go any distance without something to assist her with walking, poor grip and grasp, has issues with dropping phone, sitting more than 10 minutes causes numbness to start which then triggers pain running down both legs and back, currently not able to lift more than 10 lbs, not able to lift items above her head, loss of urinary control, can stand at most 5 minutes before it begins to increase the pain in her back, gets help with all chores, she currently has a caretaker who assists with all household chores, gets help with grocery shopping, uses a motorized cart at the grocery store, struggles with remembering to take her medications, spends most of her time sleeping, she is struggling with falling a lot and reinjuring her previous injuries, depression and anxiety has developed as a result of her medical conditions. Claimant testified her condition has not gotten better. In this case, the Administrative Law Judge, after comparing past medical documentation with current medical documentation, finds there is no medical improvement.

In the fifth step of the sequential evaluation, the trier of fact must consider whether any of the exceptions in 20 CFR 416.994(b)(3) and (b)(4) applies. If none of them applies, Claimant's disability must be found to continue. 20 CFR 416.994(b)(5)(v).

The first group of exceptions to medical improvement (i.e., when disability can be found to have ended even though medical improvement has not occurred), found in 20 CFR 416.994(b)(3), is as follows:

- *Substantial evidence shows that you are the beneficiary of advances in medical or vocational therapy or technology (related to your ability to work).*
- *Substantial evidence shows that you have undergone vocational therapy (related to your ability to work).*
- *Substantial evidence shows that based on new or improved diagnostic or evaluative techniques your impairment(s) is not as disabling as it was considered to be at the time of the most recent favorable decision.*
- *Substantial evidence demonstrates that any prior disability decision was in error.*

In examining the record, this Administrative Law Judge finds that there is nothing to suggest that any of the exceptions listed above applies to Claimant's case.

The second group of exceptions to medical improvement, found at 20 CFR 416.994(b)(4), is as follows:

- *A prior determination or decision was fraudulently obtained.*
- *You did not cooperate with us.*
- *Claimant cannot be found.*
- *Claimant failed to follow prescribed treatment which would be expected to restore your ability to engage in substantial gainful activity.*

After careful review of the record, this Administrative Law Judge finds none of the above-mentioned exceptions applies to Claimant's case. Accordingly, per 20 CFR 416.994, this Administrative Law Judge concludes that Claimant's disability for purposes of Medical Assistance and State Disability Assistance must continue.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant continues to be medically disabled.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to maintain Claimant's eligibility for MA and SDA if otherwise eligible for program benefits. A review of this case shall be set for March 2014.
