

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No: 201268214
Issue No: 2009, 4031
Case No: [REDACTED]
Hearing Date: November 7, 2012
Muskegon

ADMINISTRATIVE LAW JUDGE: William A. Sundquist

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on November 7, 2012. Claimant appeared and provided testimony on his behalf. Participants on behalf of the Department of Human Services (Department) included [REDACTED]

ISSUE

Was disability, as defined below, medically established?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant's MA-P/SDA application on April 19, 2012 was denied on July 16, 2012 per BEM 260/261, with a hearing request on July 24, 2012.
2. Claimant was age 51, with a GED, and history of semi-skilled work experience.
3. Claimant's last employment ended June 10, 2010 due to a heart attack.
4. Claimant alleges disability due to a breathing disorder.
5. Medical reports of record state the Claimant on:
 - a. August 25, 2011: His lungs have bilateral, decreased breath sounds, no wheezing, and occasional rhonchi, that he has a significant improvement with bronchodilator therapy, as noted; that lung volumes revealed normal total lung capacity and normal

residual volume; that diffusion capacity is MODERATLY reduced ie, 46% of predicted. (DHS Exhibit A, Pg. 7)

- b. November 22, 2011: His lungs have bilateral decreased breath sounds and no wheezing; and that he has severe COPD; that he has severe obstructed and restrictive lung disease; that significant improvement with bronchodilator therapy is noted; and MODERATE decrease in diffusion capacity. (DHS Exhibit A, Pgs. 8-9)
- c. December 14, 2011: That his respiratory is negative for shortness of breath; that his lungs bilaterally have MILD bronchi with decreased breath sounds. (DHS Exhibit A, Pgs. 3-4).
- d. April 26, 2012: His lungs are clear to auscultation; and that there is no wheezing. (DHS Exhibit A; Pg. 12).

CONCLUSIONS OF LAW

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point

in the review, we do not review your claim further.... 20 CFR 416.920.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

Step 1, disability is not denied. The evidence of record established the Claimant has not been engaged in substantial gainful activities since June 2010.

Step 2, disability is not denied. The medical evidence of record, on date of application, does establish the Claimant's significant physical functional incapacity, based on the de minimus standard, to perform basic work activities for the required one year continuous duration, as defined below.

Severe/Non-Severe Impairment

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental

ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

Non-severe impairment(s). An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

Basic work activities. When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

SEVERE IMPAIRMENT

To qualify for MA-P, claimant must first satisfy both the gainful work and the duration criteria (20 CFR 416.920(a)) before further review under severity criteria. If claimant does not have any impairment or combination of impairments which significantly limits physical or mental ability to do basic work activities, an ultimately favorable disability determination cannot result. (20 CFR 416.920(c)).

The burden of proof is on the claimant to establish disability in accordance with the 5 step process above. ...20 CFR 416.912(a).

...You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

[In reviewing your impairment]...We need reports about your impairments from acceptable medical sources.... 20 CFR 416.913(a).

Acceptable medical sources about your impairments are by an M.D. or D.O. or fully licensed psychologist. Medical reports should include assessment of your ability to do work related activities such as sitting, standing, moving about, carrying, handling objects, hearing, speaking, and traveling; and in cases of mental impairments, your ability to reason or make occupational, personal, or social adjustments. ...20 CFR 416.913(a)(c)(1) and (2).

Claimant testified that he can lift/carry 10-15 pounds; and that he cannot perform any type of physical work due to his breathing disorder; and that except for this problem he could otherwise be able to work with any other impairments.

The medical reports of record are mostly examination, diagnostic, treatment and progress reports and do not provide medical assessments of Claimant's basic work limitations for the required duration. Stated differently, do the Claimant's diagnosed medical disorders impair the Claimant minimally, mildly, moderately (non-severe impairment, as defined above) or severely, as defined above?

Therefore, the Claimant has sustained his burden of proof to establish a severe physical impairment, instead of a non-severe impairment, for the required duration, and the sequential evaluation is required to continue.

Step 3 disability is denied. The medical evidence of record, for the required duration, does not establish Claimant's impairments meet/equal a Social Security listed impairment. Therefore, the analysis continues to Step 4.

Step 4 disability is denied. The objective medical evidence of record, on date of application, does not establish the Claimant's functional physical incapacity, despite his impairment, to perform any of his past work such as a semi-skilled landscaper or skilled welder, for the required 1 year continuous duration.

The department's Bridges Eligibility Manual contains the following policy statements and instructions for caseworkers regarding the State Disability Assistance program: to receive State Disability Assistance, a person must be disabled, caring for a disabled person or age 65 or older. BEM, Item 261, p. 1. Because the claimant does not meet the definition of disabled under the MA-P program and because the evidence of record does not establish that claimant is unable to work for a period exceeding 90 days, the claimant does not meet the disability criteria for State Disability Assistance benefits either.

Therefore, medical disability has not been established at Step 4 by the competent, material and substantial evidence on the whole record.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides disability was not medically established.

Accordingly, MA-P/SDA denial is **UPHELD**.

William A. Sundquist
Administrative Law Judge
For Maura D. Corrigan, Director
Department of Human Services

Date Signed: April 17, 2013

Date Mailed: April 17, 2013

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt date of the rehearing decision.

Claimant may request a rehearing or reconsideration for the following reasons:

- A rehearing **MAY** be granted if there is newly discovered evidence that could affect the outcome of the original hearing decision.
- A reconsideration **MAY** be granted for any of the following reasons:
 - misapplication of manual policy or law in the hearing decision,
 - typographical errors, mathematical error, or other obvious errors in the hearing decision that effect the substantial rights of the claimant;
 - the failure of the ALJ to address other relevant issues in the hearing decision

Request must be submitted through the local DHS office or directly to MAHS by mail at
