MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

[REDACTED]

Reg. No: 201269360  
Issue No: 2009  
Case No: [REDACTED]  
Hearing Date: October 24, 2012  
Macomb-12 County DHS

**ADMINISTRATIVE LAW JUDGE:** William A. Sundquist

**HEARING DECISION**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on October 24, 2012. Claimant appeared along with authorized hearing representative, Maria Kziekiewicz and provided testimony on her behalf. Participants on behalf of the Department of Human Services (Department) included [REDACTED].

**ISSUE**

Was disability, as defined below, medically established?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant's MA-P/SDA application on May 30, 2012 was denied on July 24, 2012 per BEM 260, with a hearing request on August 1, 2012.
2. Claimant was age 34, with a 12<sup>th</sup> grade education.
3. Claimant's last employment ended July 23, 2012 due to sickness.
4. Claimant alleges disability due to medically diagnosed disorders of tailbone pain and Crohn's disease (DHS Ex A, p 25).
5. Medical reports of record state the Claimant:
  - a. is in no acute distress with mild pain appearance; that she has a colostomy with an abdominal tenderness; that musculoskeletally she has tailbone tenderness to palpitation, pain when sitting; and

able to ambulate without difficulty; and that her condition is stable (DHS Ex A, p 8).

### **CONCLUSIONS OF LAW**

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).

2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

Step 1 disability is not denied. The evidence of record established the Claimant has been engaged in substantial gainful activities part-time work at 5 hours a day, 2 to 3 days a week before and after her application. Therefore, the analysis continues.

Step 2 disability is denied. The medical evidence of record, on date of application, does not establish the Claimant's significant physical functional incapacity to do basic work activities for the required one year continuous duration, as defined below.

### **Severe/Non-Severe Impairment**

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

### **SEVERE IMPAIRMENT**

To qualify for MA-P, claimant must first satisfy both the gainful work and the duration criteria (20 CFR 416.920(a)) before further review under severity criteria. If claimant does not have any impairment or combination of impairments which significantly limits physical or mental ability to do basic work activities, an ultimately favorable disability determination cannot result. (20 CFR 416.920(c)).

The burden of proof is on the claimant to establish disability in accordance with the 5 step process below. ...20 CFR 416.912(a).

...You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

[In reviewing your impairment]...We need reports about your impairments from acceptable medical sources.... 20 CFR 416.913(a).

Acceptable medical sources about your impairments are an M.D. or D.O. or fully licensed psychologist. Medical reports would include:

- Your ability to do work-related activities such as sitting, standing, moving about, lifting, carrying, handling objects, hearing, speaking, and traveling.
- In cases of mental impairments, your ability to reason or make occupational, personal, or social adjustments. ...20 CFR 416.913(a)(c)(1) and (2).

Claimant testified that she can lift/carry a gallon of milk (8lbs); that she cannot work due to chronic weakness, vomiting, light headedness and dizziness.

The medical reports of record are examination, diagnostic, treatment and progress reports and do not provide medical assessments of Claimant's basic work limitations for the required duration. Stated differently, do the Claimant's diagnosed medical disorders impair the Claimant minimally, slightly, mildly, moderately (non-severe impairment, as defined above) or severely, as defined above?

Therefore, the Claimant has not sustained her burden of proof to establish a severe physical impairment, instead of a non-severe impairment, for the required duration, and the sequential evaluation is required to continue.

If Step 2 disability had not been denied, Step 3 disability would also be denied. The medical evidence on record, for the required duration, does not establish Claimant's impairments meet/equal Social Security listed impairment.

If disability had not already been denied at Step 2, it would also be denied at Step 4. The medical evidence of record, on date of application, does not establish the Claimant's physical functional incapacity, despite her impairments, to perform any of her past work such as unskilled laundry work for a hospital and hotel, for the required one year continuous duration.

At Step 5, the burden of proof shifts to the department to establish that claimant does not have residual functional capacity.

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated...20CFR 416.945(a),

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium and heavy. These terms

have the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor...20CFR 416.967.

**Sedentary work.** Sedentary work involves lifting no more than 10 lbs at a time and occasionally lifting or carrying articles like docket files, ledgers, and small tools. Although a sedentary job is defined as one which involves sitting, a certain amount of walking and standing is often necessary in carrying out job duties. Jobs are sedentary if walking and standing are required occasionally and other sedentary criteria are met. 20CFR 416.967(a).

Under the Medical-Vocational guidelines, Rule 201.27 a younger individual age 34, with a high school education and an unskilled work history who is limited to sedentary work is not considered disabled.

The department's Bridges Eligibility Manual contains the following policy statements and instructions for caseworkers regarding the State Disability Assistance program: to receive State Disability Assistance, a person must be disabled, caring for a disabled person or age 65 or older. BEM, Item 261, p. 1. Because the claimant does not meet the definition of disabled under the MA-P program and because the evidence of record does not establish that claimant is unable to work for a period exceeding 90 days, the claimant does not meet the disability criteria for State Disability Assistance benefits either.

Therefore, medical disability has not been established at Step 2 and also would not have been established at Steps 3, 4 and 5 by the competent, material and subjective evidence on the whole record.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides disability was not medically established.

Accordingly, MA-P denial is **UPHELD**.
