CONCLUSIONS OF LAW

Department policies are contained in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM), and the Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp (FS) program] is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department (formerly known as the Family Independence Agency) administers FAP pursuant to MCL 400.10, *et seq.*, and 1999 AC, Rule 400.3001 through Rule 400.3015.

When a client group receives more benefits than they are entitled to receive, the Department must attempt to recoup the OI. BAM 700.

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill their reporting responsibilities.

IPV is suspected when there is clear and convincing evidence that the client has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720.

The Department's OIG requests IPV hearings for cases when:

- benefit over issuances are not forwarded to the prosecutor,
- prosecution of welfare fraud is declined by the prosecutor for a reason other than lack of evidence, and
- the total over issuance amount is \$1000 or more, or
- the total over issuance amount is less than \$1000, and

- the group has a previous intentional program violation, or
- the alleged IPV involves FAP trafficking, or
- the alleged fraud involves concurrent receipt of assistance,
- the alleged fraud is committed by a state/government employee.

A court or hearing decision that finds a client committed an IPV disqualifies that client from receiving certain program benefits. A disqualified recipient remains a member of an active group as long as he lives with them. Other eligible group members may continue to receive benefits. BAM 720.

Clients who commit an IPV are disqualified for a standard disqualification period except when a court orders a different period, or except when the over-issuance relates to MA. Refusal to repay will not cause denial of current or future MA if the client is otherwise eligible. BAM 710. Clients are disqualified for periods of one year for the first IPV, two years for the second IPV, lifetime disqualification for the third IPV, and ten years for a concurrent receipt of benefits. BAM 720.

Additionally, the Department failed to appear and present evidence in this case.

The Respondent appeared and gave credible and un rebutted testimony that she received FAP benefits during the relevant time period. Having considered all of the evidence and testimony in this case, it is found and determined that the Claimant did not commit an intentional program violation. The Department did not appear and the Respondent's testimony was credible and un rebutted, therefore it is accepted.

The Department's request for an Order establishing an intentional program violation is DENIED.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, concludes that:

1. Respondent did did not commit an IPV.
2. Respondent did did not receive an OI of program benefits in the amount of [REDACTED] from the following program(s) FIP FAP SDA CDC MA.

The Department is ORDERED to delete the OI and cease any recoupment action.
