IN THE MATTER OF:

██████████,

Appellant

_____ /

Docket No. 2013-15820 PA

Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. The Appellant appeared without representation. She had no witnesses. ██████████, Appeals Review Officer, represented the Department. Her witness was ██████████, Medicaid analyst.

ISSUE

Did the Department properly deny Appellant's request for prior authorization (PA) of lower dentures?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. At the time of the hearing, the Appellant is a ██████-year-old Medicaid beneficiary. (Appellant's Exhibit #1)
2. The Appellant testified that she needs new dentures because of cancer treatments and oral surgery implants. (Appellant's Exhibit #1)
3. The Appellant's dentist (██████████ DDS) sought approval for full dentures on ██████████. (Department's Exhibit A, p. 7)
4. On ██████████, the request for full replacement dentures was reviewed and approved in part and denied in part. The Department reviewer (Beavers) denied the lower prosthesis because the Appellant had received such prosthesis within the last █ years, specifically ██████████. (Department's Exhibit A, pp. 7 and 8)

5. At hearing the Appellant testified that she had never received, in ██████████, either the upper or lower dentures – although they were billed and paid by Medicaid. (See Testimony)
6. The Appellant was advised of the denial, in writing, on ██████████. She was further advised of her appeal rights. (Department's Exhibit A, pp. 5 and 6)
7. On ██████████, the Michigan Administrative Hearing System (MAHS) for the Department of Community Health received the instant request for hearing brought by the Appellant. (Appellant's Exhibit #1)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

1.10 PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. . . .

Medicaid Provider Manual, (MPM)
Practitioner, January 1, 2013¹ page 4.

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;

¹ This edition of the MPM is identical to the version in place at the time of negative action.

- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue....

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

MPM, Dental, §6.6A, January 1, 2013, pp. 17, 18

At the hearing the Department witness, ██████████, testified that the Appellant's request was denied for failure to meet policy requirements for prosthesis replacement on a 5-year rotation. According to the Department's evidence, (billing records) the Appellant would next be eligible for a lower replacement denture in ██████████.

Docket No. 2013-15820 PA
Decision & Order

She also advised the Appellant to contact her dentist's office and get them to correct the record or contact the Medicaid fraud hotline at [REDACTED] upon learning that the Appellant had received no prosthesis.

The Appellant said that she would "take those steps." She said she has received no prosthesis – either upper or lower.

The Appellant indicated her understanding of her options going forward.

On review - I thought the Department's decision to deny the request for the lower denture was reached within policy.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for PA of a lower denture.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
