

**STATE OF MICHIGAN  
MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
FOR THE DEPARTMENT OF COMMUNITY HEALTH**

P.O. Box 30763, Lansing, MI 48909  
(877) 833-0870; Fax: (517) 373-4147

**IN THE MATTER OF:**

██████████,

Appellant

**Docket No.** 2013-15965 HHS  
**Case No.** ██████████

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. ██████████, Attorney, represented the Appellant. ██████████, the Appellant, was present. ██████████, Appeals Review Officer, represented the Department. ██████████, Adult Services Worker ("ASW"), and ██████████, Adult Services Supervisor, appeared as witnesses for the Department.

**ISSUE**

Did the Department properly terminate the Appellant's Home Help Services ("HHS") case?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a Medicaid beneficiary who had been authorized for HHS.
2. The Appellant has been diagnosed with degenerative joint disease lumbar and cervical. (Exhibit 1, page 8; Exhibit 2)
3. The Appellant had been receiving HHS for assistance with the Instrumental Activities of Daily Living ("IADLs") of housework, laundry, shopping and meal preparation. (Exhibit 1, pages 15 and 22)
4. On ██████████ the Appellant's nurse practitioner completed a DHS-54A Medical Needs form certifying that the Appellant has a medical need for assistance with meal preparation, laundry and housework. (Exhibit 3)
5. On ██████████, the ASW went to the Appellant's home and completed an in-home assessment for a review of the Appellant's HHS case. The ASW discussed the Appellant's abilities and needs for

assistance. The ASW went over the Activities of Daily Living (“ADLs”) and IADLs included in the HHS program with the Appellant. The Appellant reported being independent with ADLs, but uses a cane for mobility. The ASW observed the Appellant walk and transfer. (Exhibit 1, pages 14 and 18-21; ASW Testimony)

6. Based on the available information, the ASW concluded that the Appellant did not have a need for hands on assistance, functional ranking 3 or greater, with any ADLs. (Exhibit 1, pages 18-21)
7. On [REDACTED], the Department sent the Appellant an Advance Action Notice, which informed him that effective December 3, 2012 the HHS case would be terminated based on the new policy that requires the need for hands on services with at least one ADL. (Exhibit 1, pages 9-13)
8. On [REDACTED], the Appellant’s request for hearing was received by the Michigan Administrative Hearing System. (Exhibit 1, pages 4-6)

### **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM) 101, 11-1-11, addresses HHS payments:

#### **Payment Services Home Help**

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

*Adult Services Manual (ASM) 101,  
11-1-2011, Page 1 of 4.*

Adult Services Manual (ASM) 105, 11-1-11, addresses HHS eligibility requirements:

### **Requirements**

Home help eligibility requirements include all of the following:

- Medicaid eligibility.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment (DHS-324) indicating a functional limitation of level 3 or greater for activities of daily living (ADL).
- Appropriate Level of Care (LOC) status.

\*\*\*

### **Necessity For Service**

The adult services specialist is responsible for determining the necessity and level of need for home help services based on:

- Client choice.
- A completed DHS-324, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

**Note:** If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

**Example:** Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater.

- Verification of the client's medical need by a Medicaid enrolled medical professional via the DHS-54A. The client is responsible for obtaining the medical certification of need; see ASM 115, Adult Services Requirements.

Adult Services Manual (ASM 120, 5-1-2012), pages 1-4 of 5 addresses the adult services comprehensive assessment:

## **INTRODUCTION**

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on **all open independent living services cases**. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information will be entered on the computer program.

## **Requirements**

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
  - Use the DHS-27, Authorization to Release Information, when requesting client information from another agency.
  - Use the DHS-1555, Authorization to Release Protected Health Information, if requesting additional medical documentation; see RFF 1555. The form is primarily used for APS cases.

- Follow rules of confidentiality when home help cases have companion APS cases, see SRM 131 Confidentiality.

\*\*\*

## Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the home help services payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

### Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

### Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and cleanup.
- Shopping.
- Laundry.
- Light Housework.

### Functional Scale

ADLs and IADLs are assessed according to the following five-point scale:

1. Independent.  
Performs the activity safely with no human assistance.
2. Verbal Assistance.  
Performs the activity with verbal assistance such as reminding, guiding or encouraging.
3. Some Human Assistance.  
Performs the activity with some direct physical assistance and/or assistive technology.
4. Much Human Assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the 3 level ranking or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

**Note:** If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

**Example:** Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determined a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

\*\*\*

### Time and Task

The specialist will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a **guide**. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS rationale **must** be provided.

An assessment of need, at a ranking of 3 or higher, does not automatically guarantee the maximum allotted time allowed by the reasonable time schedule (RTS). **The specialist must assess each task according to the actual time required for its completion.**

**Example:** A client needs assistance with cutting up food. The specialist would only pay for the time required to cut the

food and not the full amount of time allotted under the RTS for eating.

#### IADL Maximum Allowable Hours

There are monthly maximum hour limits on all instrumental activities of daily living except medication. The limits are as follows:

- Five hours/month for shopping
- Six hours/month for light housework
- Seven hours/month for laundry
- 25 hours/month for meal preparation

#### Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for each task. Assessed hours for IADLs (except medications) must be prorated by **one half** in shared living arrangements where other adults reside in the home, as home help services are **only** for the benefit of the client.

**Note:** This does not include situations where others live in adjoining apartments/flats or in a separate home on shared property and there is no shared, common living area.

In shared living arrangements, where it can be **clearly** documented that IADLs for the eligible client are completed separately from others in the home, hours for IADLs do not need to be prorated.

**Example:** Client has special dietary needs and meals are prepared separately; client is incontinent of bowel and/or bladder and laundry is completed separately; client's shopping is completed separately due to special dietary needs and food is purchased from specialty stores; etc.

*Adult Services Manual (ASM) 120, 5-1-2012,  
Pages 1-5 of 5*

Certain services are not covered by HHS. ASM 101 provides a listing of the services not covered by HHS.

### **Services not Covered by Home Help**

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or shopping).
- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

**Note:** The above list is not all inclusive.

*Adult Services Manual (ASM) 101, 11-1-2011,  
Pages 3-4 of 4.*

The Appellant had only been authorized HHS for assistance with the IADLs of housework, laundry, shopping and meal preparation. (Exhibit 1, pages 15 and 22)

On [REDACTED], the Appellant's nurse practitioner completed a DHS-54A Medical Needs form certifying that the Appellant has a medical need for assistance with meal preparation, laundry and housework. (Exhibit 3)

On [REDACTED], the ASW went to the Appellant's home and completed an in-home assessment for a review of the Appellant's HHS case. The ASW asked the Appellant if he had received the notice of the new HHS criteria. The Appellant said he had not received the notice so the ASW gave him a copy. The ASW discussed the Appellant's abilities and needs for assistance. The ASW went over the ADLs and IADLs included in the HHS program with the Appellant. The Appellant reported being independent with ADLs, but uses a cane for mobility. The ASW observed the Appellant walk and transfer. (Exhibit 1, pages 14 and 18-21; ASW Testimony) Accordingly, the ASW determined that the Appellant's HHS case must be terminated because he did not need hands on assistance, functional ranking 3 or greater, with at least one ADL. (Exhibit 1, pages 18-21)

The Appellant disagrees with the termination. The Appellant testified that he needs assistance getting in/out of the tub. The Appellant acknowledged that he did not tell the ASW about his need for assistance with bathing. The Appellant stated he was hesitant to discuss this with the ASW, who is a female, and indicated this would be an invasion of his privacy. The Appellant explained that he did not know the ASW well, he recalled only meeting her twice in the past two years. The Appellant stated the ASW spent about 30 minutes with him at the prior meeting and about 20 minutes this home visit. The Appellant stated his cane is a straight cane. The Appellant stated he is comfortable talking with his doctor, who is female. (Appellant Testimony) The Appellant also submitted an Affidavit from his HHS provider. The HHS provider stated the he assists the Appellant with getting into and out of the bathtub, as well as cleaning, laundry and running errands. (Exhibit 2)

There was insufficient credible evidence to establish that the Appellant requires hands on assistance, functional level 3 or greater, with at least one ADL. It was uncontested that no needs for assistance with bathing were reported to the ASW at the [REDACTED] home visit. While this ALJ understands it can be uncomfortable to discuss functional abilities and needs for assistance with personal care activities, the Department can only base their determination on the information provided. The statements of the Appellant and his HHS provider regarding the need for assistance getting in/out of the tub are not supported by the DHS-54A Medical Needs form completed by the Appellant's nurse practitioner on [REDACTED]. The Appellant testified he is comfortable talking with his female doctor. The nurse practitioner only certified that the Appellant has a medical need for assistance with meal preparation, laundry and housework. The nurse practitioner did not certify a medical need for assistance with bathing or any other ADLs. (Exhibit 3) Accordingly, the termination of the Appellant's HHS case is upheld.

At any time, the Appellant can submit a new application for the HHS program and provide updated medical verification as well as more complete information regarding his functional abilities and needs for assistance.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly terminated the Appellant's HHS case based on the available information.

### **IT IS THEREFORE ORDERED THAT:**

The Department's decision is AFFIRMED.

[REDACTED]  
Docket No. 2013-15965 HHS  
Decision and Order

Michigan Department of Community Health

cc:

[REDACTED]

Date Mailed: 2/11/2013

**\*\*\* NOTICE \*\*\***

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
