After due notice, a hearing was held on [REDACTED]. The Appellant appeared without representation. [REDACTED] had no witnesses. [REDACTED] represented the Department. [REDACTED] witness was [REDACTED].

ISSUE

Did the Department properly deny Appellant's request for prior authorization?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. At the time of hearing, the Appellant is a [REDACTED], Medicaid beneficiary. (Appellant's Exhibit #1)
2. The Appellant's dentist [REDACTED], DDS) sought approval, on [REDACTED] for upper Partial Dentures for the Appellant. (Department's Exhibit A, pp. 5 – 7)
3. The request was reviewed and denied because the Appellant was shown to have 8 posterior teeth in occlusion. (See Testimony of Beavers and Departments Exhibit A at page 7)
4. The Department witness testified that the Appellant did not meet the program requirement of having fewer than eight teeth in occlusion, including fixed bridges and dentures. (See Testimony and Department's Exhibit A, pp. 2, 5, 7 and 8)

5. On [REDACTED] the Appellant was notified of the Department's denial. [REDACTED] was further advised of [REDACTED] appeal rights. (Department's Exhibit A, pp. 2, 5 and 6)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. It does not serve as an authorization of fees or beneficiary eligibility. Different types of services requiring PA include:

- Procedures identified as requiring PA on the procedure code databases on the MDCH website;
- Procedures/items that are normally noncovered but may be medically necessary for select beneficiaries (e.g., surgery normally cosmetic in nature, obesity surgery, off-label use drugs, etc.); and
- Referrals for elective services by out-of-state nonenrolled providers.

Medicaid Provider Manual, MPM, Practitioner § 1.10,
October 1, 2012, p. 4.

Under the general policy instructions for Medicaid related dental services the MPM sets the threshold for dentures at less than eight teeth in occlusion:

Complete and partial dentures are benefits are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining,

adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue.

MPM, Dental, §6.6.A, October 1, 2012, p.17

At hearing, the Department witness explained that the Appellant's request was denied for failure to meet policy requirements regarding number of teeth in occlusion in posterior areas of the mouth.

The Appellant said [REDACTED] needed the upper dentures because it was "still hard" for [REDACTED] to chew and digest [REDACTED] food. [REDACTED] said [REDACTED] needed the upper denture to "coincide" with [REDACTED] bottom teeth.

The Department witness said that the Appellant had eight (8) teeth in occlusion as of [REDACTED]. No evidence was produced to dispute this conclusion.

On review, I thought the Department's decision to deny dentures was reached within policy. The Appellant failed to preponderate [REDACTED] burden of proof.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied PA of the Appellant's request for upper partial dentures.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
