ISSUE

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On June 18, 2012, Claimant applied for MA-P and SDA.
2. On September 18, 2012, the Medical Review Team denied Claimant's request.

4. The State Hearing Review Team (SHRT) denied Claimant's request.
5. Claimant is 47 years old.

6. Claimant completed education through the 10th grade.
7. Claimant has no employment experience in the last fifteen years.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from hypertension, ADHD, schizoaffective disorder and depression.
10. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The SDA program, which provides financial assistance for disabled persons, is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in BAM, BEM and RFT.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability

standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: poor concentration, constantly hearing voices, paranoid thoughts, fearful, believes someone is always watching him and after him, poor sleep, isolates himself in his room, hoards food in his room to avoid seeing others, currently lives in a homeless shelter, waits till everyone is asleep before he will utilize the showers and bathroom, will go longer periods without showering, struggles with not wanting to be alive, needs reminders to take medications, feelings of worthlessness, easily upset, crying spells, feelings of sadness, medications make him dizzy and tired and body pains.

Claimant's treating physician noted Claimant was markedly limited in all areas of the mental residual functional capacity assessment. This physician completed the form on [REDACTED], based upon a [REDACTED] examination. This physician noted on [REDACTED] psychiatric evaluation Claimant had a GAF of 45. Claimant was also seen by a consulting examiner on [REDACTED], and noted a GAF of 39. This examiner indicated Claimant has no close friends and patient does not get along with others. According to the consulting physician, Claimant appeared irritable during the interview. His speech was found to be blunted at times. This consultant noted Claimant was not capable of managing his own funds.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 12.03 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of June 2012.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated June 18, 2012, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for March 2014.

Further, a referral is to be made to Adult Protective Services for an evaluation of possible financial management problems. Specifically, before SDA benefits may be paid to Claimant, Adult Protective Services is to assess the appropriateness of a payee or conservatorship for Claimant because of the related alcohol addiction and psychological problems or other issues which may prevent adequate management or discharge of financial or other personal affairs. See Adult Services Manual, Item 215.
