#### **CONCLUSIONS OF LAW**

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The SDA program, which provides financial assistance for disabled persons, is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in BAM, BEM and RFT.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: doesn't like to leave the house, showers once a week, no friends, no energy, always tired, loss of memory, hears voices, paranoid thoughts, afraid to go outside, scared of groups of people,

severe panic attacks occurring 1-3 times a day, racing heart and sweating, suicidal thoughts, no plans to kill herself, has been hospitalized multiple times for suicide attempts, injured back when attempting suicide by jumping off her balcony, not able to sit more than 15 minutes, can walk 3 minutes at a time, uses a cane, not able to stand still, needs to have a cancer check performed, has been in treatment since age 9, first attempted suicide at age 20, has attempted suicide multiple times since then, needs help with grocery shopping, needs help with household chores, mood swings, last attempted suicide in [REDACTED], she has attempted suicide 5 times since age 20, experiences significant side effects from medications.

Claimant's treating mental health physician indicated Claimant had a GAF of 55 on [REDACTED]. This physician noted Claimant's previous GAF was 45. This physician noted Claimant does not take care of her hygiene, needs reminders to take showers and she isolates herself from others. Claimant's records indicate a history of decomposition with no indication of non compliance with medications.

Claimant's case manager appeared and testified that Claimant's condition has worsened and she is more paranoid and depressed. This case manager also testified Claimant's living conditions are questionable as Claimant will not allow anyone to come to her home other than her mother.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 12.04 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled for purposes of MA and SDA programs.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of February 2012.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the applications dated May 31, 2012, and June 14, 2012, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for June 2014.
