Case No: ██████████

Ottawa County DHS-00

**ADMINISTRATIVE LAW JUDGE:** Aaron McClintic

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on February 27, 2013. Claimant appeared and testified. The Department was represented by, Hillary Collins, and Ms. Goetzing.

**ISSUE**

Did the Department properly deny Claimant's Medical Assistance and State Disability applications?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P and SDA on August 21, 2012.
2. The Medical Review Team denied the application on October 19, 2012.
3. Claimant filed a request for hearing on November 15, 2012, regarding the MA and SDA denials.
4. A telephone hearing was held on February 27, 2013.
5. On January 18, 2013, the State Hearing Review Team denied the application because the medical evidence of record indicates that the Claimant retains the capacity to perform simple and repetitive tasks.
6. Claimant is 5' 9" tall and weighs 160 pounds.

7. Claimant is 22 years of age.
8. Claimant's impairments have been medically diagnosed as depression and anxiety.
9. Claimant has the following symptoms: insomnia, memory and concentration problems, anxiety attacks, paranoia and pain.
10. Claimant completed high school.
11. Claimant is able to read, write, and perform basic math skills.
12. Claimant is not working. Claimant last worked as a janitor.
13. Claimant lives with roommates.
14. Claimant testified that he cannot perform some household chores.
15. Claimant takes the following prescribed medications:

16. Following hearing updated records were gathered and forwarded to the State Hearing Review. Claimant agreed to this and waived timeliness standards.
17. On June 14, 2012, the State Hearing Review Team again denied Claimant's appeal because the medical evidence of record indicates that the Claimant retains the capacity to perform simple and repetitive tasks.
18. In a consultative psychological examination report dated September 26, 2012 Claimant was found to have a GAF score of 55 to 60 with diagnoses of dysthymia and marijuana abuse. Under prognosis the examining psychologist stated "The potential for the patient becoming gainfully employed in a simple, unskilled, work situation, on a sustained and competitive basis, is guarded to fair. The patient appeared to have no difficulty understanding, remembering, or following through with simple instructions, and there appears to be no restrictions to his ability to perform simple, repetitive, concrete tasks."
19. In a mental residual functional capacity assessment dated September 26, 2012, Claimant was found "not significantly limited" in 19 of 20 categories.

## **CONCLUSIONS OF LAW**

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An opportunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a department decision affecting eligibility or benefit levels whenever it is believed that the decision is incorrect. The department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

The Medical Assistance (MA-P) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers the MA-P program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Bridges Reference Manual (PRM).

The Department conforms to state statute in administering the SDA program. 2000 PA 294, Sec. 604, of the statute states:

- (1) The department shall operate a state disability assistance program. Except as provided in subsection
- (3) persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:
  - (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
  - (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the MA-P program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, the Claimant is not working therefore, the Claimant is not disqualified at this step in the evaluation.

The second step to be determined in considering whether the Claimant is considered disabled is whether the severity of the impairment. In order to qualify the impairment must be considered severe which is defined as an impairment which significantly limits an individual's physical or mental ability to perform basic work activities. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, reaching carrying or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In this case, the Claimant's medical evidence of record supports a finding that Claimant has significant physical and mental limitations upon Claimant's ability to perform basic work activities such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling; Medical evidence has clearly established that the Claimant has an

impairment (or combination of impairments) that has more than a minimal effect on the Claimant's work activities. See Social Security Rulings: 85-28, 88-13, and 82-63. In the third step of the analysis, the trier of fact must determine if the Claimant's impairment (or combination of impairments) is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that the Claimant's medical record does not support a finding that the Claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A. Listing 12.04 was considered.

The person claiming a physical or mental disability has the burden to establish it through the use of competent medical evidence from qualified medical sources such as clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for a recovery and/or medical assessment of ability to do work-related activities or ability to reason and to make appropriate mental adjustments, if a mental disability is being alleged. 20 CFR 416.913. A conclusory statement by a physician or mental health professional that an individual is disabled or blind is not sufficient, without supporting medical evidence, to establish disability. 20 CFR 416.927.

The fourth step of the analysis to be considered is whether the Claimant has the ability to perform work previously performed by the Claimant within the past 15 years. The trier of fact must determine whether the impairment(s) presented prevent the Claimant from doing past relevant work. In the present case, the Claimant's past employment was as a janitor. Working as a janitor as testified to by Claimant would be considered light work. The Claimant's impairments would not prevent him from doing past relevant work, because he is capable of performing work on light exertional level. Therefore Claimant's appeal is denied at step 4. Claimant failed to present substantial medical evidence that he has an on-going psychological impairment that is substantially limiting.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Claimant is not medically disabled for the purposes of the MA-P and SDA programs.

Accordingly, the Department's decision in the above stated matter is, hereby, **AFFIRMED**.
