## **CONCLUSIONS OF LAW**

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An oppor tunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a department decision affecting eligibility or benefit levels whenever it is believed that the decision is incorrect. The department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

The Medic al Assistance (MA-P) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers the MA-P program pursuant to MCL 400.10, et seq., and

MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Feder al Supplemental Security Income (SSI) policy in determining el igibility for disability under the MA-P program. Under SSI, disability is defined as:

...the inability to do any substant ial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

Federal regulations r equire that the department use the same operative definition for "disabled" as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

# "Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months ... 20 CFR 416.905.

In determining whether an indiv idual is disabled, 20 CFR 4 16.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual f unctional c apacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if t he individual is working and if the work is substantial gainful activity. 20 CFR 416.9 20(b). In this case, the Claimant is not working; therefore, the Claimant is not disqualified a this step in the evaluation.

The second step to be determined in consi dering whether the Clai mant is c onsidered disabled is whether the severity of the impairment. In order to qualify the impairment must be considered severe which is defined as an impairment which significantly limits an individual's physical or mental ab ility to perform basic work activities. Examples of these include:

- 1. Physical functions s uch as walkin g, standing, sitting, lifting, pushing, reaching carrying or handling;
- 2. Capacities for seeing, hearing, and speaking;
- 3. Understanding, carrying out, and remembering simple instructions;

- 4. Use of judgment;
- 5. Responding appropriately to supervision, co-workers and usual work situations; and
- 6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In this case, the Claimant's medical evidence of record supports a finding that Claimant has significant physical and mental limitations upon Claimant's ability to perform basic work activities such as walk ing, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling; Medical evidence has clearly established that the Claimant has an impairment (or combination of impairments) that has more than a minimal effect on the Claimant's work activities. See Social Security Rulings: 85-28, 88-13, and 82-63.

In this case, this Administrative Law J udge finds that Claima nt may be c onsidered presently disabled at the third step. Claimant meets listing 12.03 or its equivalent. The testimony of Claimant's treating therapist supports this position. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of the listing. Claimant has other significant health problems that were not fully addressed in this decision because Claimant is found to meet a listing for a different impairment.

Therefore, Claimant is found to be disabled.

#### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusion sof law, decides that Claimant is medically disabled as of the conclusion.

Accordingly, the Departm ent's decision is hereby **REVERSED** and the Department is **ORDERED** to initiate a review of the application for MA dated previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A revie w of this c ase shall be set for
