

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

Reg. No.: 201321772
Issue No.: 2009; 4031
Case No.: [REDACTED]
Hearing Date: April 17, 2013
County: Gladwin

ADMINISTRATIVE LAW JUDGE: Janice G. Spodarek

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9; and MCL 400.37 upon Claimant's request for a hearing. After due notice, a telephone hearing was held on April 17, 2013.

ISSUE

Did the Department of Human Services (DHS) properly deny Claimant's Medical Assistance (MA) and State Disability Assistance (SDA) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On 7/30/12, Claimant applied for MA and SDA with the Michigan Department of Human Services (DHS).
2. There is no retro MA issue herein.
3. On 12/18/12, the MRT denied.
4. On 12/21/12, the DHS issued notice.
5. On 1/2/13, Claimant filed a hearing request. The DHS reinstated Claimant's MA due to an *ex parte* review.
6. On 3/19/13, the State Hearing Review Team (SHRT) denied Claimant.

7. Claimant does not have an SSI application pending with the Social Security Administration (SSA). Claimant has a previous application that is to dated to bar jurisdiction.
8. Claimant is a [REDACTED]-year-old standing 6'1 and weighing 270 pounds.
9. Claimant does not have an alcohol/drug abuse problem or history. Claimant smokes. Claimant has a nicotine addiction.
10. Claimant has a [REDACTED] and can drive an automobile.
11. Claimant has a [REDACTED] but attended [REDACTED] classes most of his life. Claimant testified that he has issues with reading and writing, but does advance math.
12. Claimant is not currently working. Claimant has had very limited work history.
13. Claimant alleges disability secondary to: scoliosis, obstructive sleep apnea, Aspergers, ADHD, ADD and oppositional defiant disorder.
14. The 3/19/13 SHRT findings and conclusions of its decision are adopted and incorporated by reference herein/to the following extent:

Medical Summary:

[REDACTED] [REDACTED] [REDACTED], 5/2/12, page 171, [REDACTED] complains of right knee pain; normal examination including x-ray.

8/16/12, page 62, treating source: diagnosed Aspergers, capable of work.

9/24/12, page 107, treating source: diagnosed Aspergers, ADHD, scoliosis, right knee pain and OSA.

[REDACTED], 9/26/12, page 112, x-ray: mild levoconvex scoliotic curvature of thoracic spine.

[REDACTED] [REDACTED] [REDACTED], 10/8/09, page 129, evaluation: diagnosed Aspergers and ADHD.

Analysis:

The medical evidence of record indicates that the Claimant reasonably retains the capacity to perform simple and

repetitive tasks. The evidence does not support the presence of severe physical limitations.

Recommendation:

Denied per 20 CFR 416.920(e & g) and 204.00.

15. Claimant testified that he is essentially independent with his activities of daily living including lawn work. Claimant does not need any assistance with his bathroom and grooming needs. Claimant lives with his [REDACTED] and helps them out with activities around the house which they are unable to do.
16. Claimant testified that he is looking for work – “anything and everything.”
17. There is no medical evidence to support finding statutory disability and/or that Claimant is unable to work. A DHS 54-A indicates that that Claimant can work with limitations – “ he has Aspergers – lifetime.”

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Statutory authority for the SDA program states in part:

- (b) A person with a physical or mental impairment which meets federal SSI disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

In order to receive MA benefits based upon disability or blindness, Claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20 CFR 416.901). DHS, being authorized to make such disability determinations, utilizes the SSI definition

of disability when making medical decisions on MA applications. MA-P (disability), also is known as Medicaid, which is a program designated to help public assistance Claimants pay their medical expenses. Michigan administers the federal Medicaid program. In assessing eligibility, Michigan utilizes the federal regulations.

Relevant federal guidelines provide in pertinent part:

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

The federal regulations require that several considerations be analyzed in sequential order:

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

The regulations require that if disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b). If no, the analysis continues to Step 2.
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.909(c).
3. Does the impairment appear on a special Listing of Impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment that meets the duration requirement? If no, the analysis

continues to Step 4. If yes, MA is approved. 20 CFR 416.920(d).

4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. Sections 200.00-204.00(f)?
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? This step considers the residual functional capacity, age, education, and past work experience to see if the client can do other work. If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(g).

At application Claimant has the burden of proof pursuant to:

...You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

Federal regulations are very specific regarding the type of medical evidence required by Claimant to establish statutory disability. The regulations essentially require laboratory or clinical medical reports that corroborate Claimant's claims or Claimant's physicians' statements regarding disability. These regulations state in part:

...Medical reports should include --

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as sure, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms).... 20 CFR 416.913(b).

...Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment.... 20 CFR 416.929(a).

...The medical evidence...must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

Medical findings consist of symptoms, signs, and laboratory findings:

- (a) **Symptoms** are your own description of your physical or mental impairment. Your statements alone are not enough to establish that there is a physical or mental impairment.
- (b) **Signs** are anatomical, physiological, or psychological abnormalities which can be observed, apart from your statements (symptoms). Signs must be shown by medically acceptable clinical diagnostic techniques. Psychiatric signs are medically demonstrable phenomena which indicate specific psychological abnormalities e.g., abnormalities of behavior, mood, thought, memory, orientation, development, or perception. They must also be shown by observable facts that can be medically described and evaluated.
- (c) **Laboratory findings** are anatomical, physiological, or psychological phenomena which can be shown by the use of a medically acceptable laboratory diagnostic techniques. Some of these diagnostic techniques include chemical tests, electrophysiological studies (electrocardiogram, electroencephalogram, etc.), roentgenological studies (X-rays), and psychological tests. 20 CFR 416.928.

It must allow us to determine --

- (1) The nature and limiting effects of your impairment(s) for any period in question;
- (2) The probable duration of your impairment; and
- (3) Your residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Information from other sources may also help us to understand how your impairment(s) affects your ability to work. 20 CFR 416.913(e).

...You can only be found disabled if you are unable to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. See 20 CFR 416.905. Your impairment must result from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques.... 20 CFR 416.927(a)(1).

It is noted that Congress removed obesity from the Listing of Impairments shortly after the removal of drug addition and alcoholism. This removal reflects the view that there is a strong behavioral component to obesity. Thus, obesity in-and-of itself is not sufficient to show statutory disability.

Applying the sequential analysis herein, Claimant is not ineligible at the first step as Claimant is not currently working. 20 CFR 416.920(b). The analysis continues.

The second step of the analysis looks at a two-fold assessment of duration and severity. 20 CFR 416.920(c). This second step is a *de minimus* standard. Ruling any ambiguities in Claimant's favor, this Administrative Law Judge (ALJ) finds that Claimant meets both. The analysis continues.

The third step of the analysis looks at whether an individual meets or equals one of the Listings of Impairments. 20 CFR 416.920(d). Claimant does not. The analysis continues.

The fourth step of the analysis looks at the ability of the applicant to return to past relevant work. This step examines the physical and mental demands of the work done by Claimant in the past. 20 CFR 416.920(f).

In this case, the undersigned Administrative Law Judge concurs with the SHRT decision in not finding Claimant disabled at step four of the analysis, and in the alternative step five pursuant medical vocational grid rule 204.00 footnote as a guide.

In reaching this conclusion, it is noted that Claimant's medical file does not contain an extraordinary number of medical exhibits despite Claimant having had continuing medical since he was young.

It is also noted that Claimant stipulated at the administrative hearing that he is essentially independent in his activities of daily living, including meal preparation, dusting and dishes. Claimant does not need any assistance with his bathroom and grooming needs. Claimant takes out the trash and does yard work. Claimant assists his [REDACTED] with whom he lives, in many activities in the household.

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the mailing date of the rehearing decision.

Claimant may request a rehearing or reconsideration for the following reasons:

- A rehearing **MAY** be granted if there is newly discovered evidence that could affect the outcome of the original hearing decision.
- A reconsideration **MAY** be granted for any of the following reasons:
 - misapplication of manual policy or law in the hearing decision,
 - typographical errors, mathematical error , or other obvious errors in the hearing decision that effect the substantial rights of the Claimant;
 - the failure of the ALJ to address other relevant issues in the hearing decision

Request must be submitted through the local DHS office or directly to MAHS by mail at
