

STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF:

Reg. No.: 201340289
Issue No.: 3002
Case No.: [REDACTED]
Hearing Date: May 9, 2013
County: Macomb (12)

ADMINISTRATIVE LAW JUDGE: C. Adam Purnell

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 following Claimant's request for a hearing. After due notice, a telephone hearing was held on May 9, 2013 from Lansing, Michigan. Claimant personally appeared and provided testimony. Participants on behalf of Department of Human Services (Department) included [REDACTED] (Eligibility Specialist).

ISSUE

Did the Department properly calculate Claimant's Food Assistance Program (FAP) benefits?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant was active for FAP with a monthly allotment of \$757.00.
2. On April 4, 2013, the Department reduced Claimant's monthly FAP benefits due to increased earned income.
3. On April 4, 2013, the Department sent Claimant a Notice of Case Action (DHS-1605) which reduced Claimant's FAP to \$214.00 effective May 1, 2013.
4. On April 11, 2013, Claimant filed a hearing request, challenging the Department's calculation of her monthly FAP benefits.

CONCLUSIONS OF LAW

Department policies are contained in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM), and the Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp (FS) program] is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department (formerly known as the Family Independence Agency) administers FAP pursuant to MCL 400.10, *et seq.*, and 1997 AACRS R 400.3001-3015.

For FAP purposes, all earned and unearned income available to a applicant or recipient is countable. BEM 500. Earned income means income received from another person or organization or from self-employment for duties that were performed for compensation or profit. Unearned income means all income that is not earned, including but not limited to funds received from the Family Independence Program (FIP), State Disability Assistance (SDA), Child Development and Care (CDC), Medicaid (MA), Social Security Benefits (RSDI/SSI), Veterans Administration (VA), Unemployment Compensation Benefits (UCB), Adult Medical Program (AMP), alimony, and child support payments. BEM 500.

The Department uses gross income when determining countable income. BEM 500. Gross income is the amount of income before any deductions such as taxes or garnishments. BEM 500. The amount counted may be more than the client actually receives. BEM 500.

The Department determines a group's benefits for a month based, in part, on a prospective income determination. BEM 505. A best estimate of income expected to be received by the group during a specific month is determined and used in the budget computation. BEM 505. The Department will obtain input from the client whenever possible to establish this best estimate amount. BEM 505. The client's understanding of how income is estimated reinforces reporting requirements and makes the client an active partner in the financial determination process. BEM 505.

A group's financial eligibility and monthly benefit amount are determined using actual income (income that was already received) and prospected income amounts (not received but expected). BEM 505. Only countable income is included in the determination; see BEM 500.

Each source of income is converted to a standard monthly amount, unless a full month's income will not be received. BEM 505. The Department will determine budgetable income using countable, available income for the benefit month being processed. BEM 505. For past months, the Department will use actual gross income amounts received for past month benefits, converting to a standard monthly amount, when appropriate. BEM 505. But prospective income **may** be used for past month determinations when all of the following are true: (1) income verification was requested and received; (2)

payments were received by the client after verifications were submitted and (3) there are no known changes in the income being prospected. BEM 505. For current and future months, policy indicates that the Department should prospect income using a best estimate of income expected to be received during the month (or already received). BEM 505. (Whenever possible, the Department should seek input from the client to establish an estimate). To prospect income, the Department will need to know: (1) the type of income and the frequency it is received (such as, weekly); (2) the day(s) of the week paid; (3) the date(s) paid; (4) the gross income amount received or expected to be received on each pay date. BEM 505.

The Department will use past income to prospect income for the future unless changes are expected. BEM 505. Specifically, the Department uses income from the **past 30 days** if it appears to accurately reflect what is expected to be received in the benefit month. BEM 505. The 30-day period used can begin up to 30 days before the interview date or the date the information was requested. BEM 505. But when processing a semi-annual contact, the 30-day period can begin up to 30 days before the day the DHS-1046, Semi-Annual Contact Report, is received by the client or the date a budget is completed. Any 30-day period that best reflects the client's prospective income within these guidelines can be used. BEM 505.

The Department's computer system known as "Bridges" will compute the average monthly income (and convert weekly and every other week amounts) based on the amounts and the number of months entered. BEM 505.

When the income amount changes, the Department will adjust the amount(s) being budgeted for future pay periods. BEM 505. For earned income, if the rate of pay changes, but hours are expected to remain the same, the Department will use the past hours worked times the new rate of pay to determine the amount to budget for future pay periods. BEM 505. If there is a change in expected hours, but no change in the rate of pay, the Department will use the expected hours times the rate of pay to determine the amount to budget per pay period. BEM 505. If payments in the new amount have been received and they are accurate reflections of the future income, the Department will use them in the budget for future months. BEM 505.

All income is converted to a standard monthly amount. BEM 505. The Department will convert stable and fluctuating income that is received more often than monthly to a standard monthly amount. BEM 505. If the client is paid weekly, the Department multiplies the average weekly amount by **4.3**. BEM 505. If the client is paid every other week, the Department multiplies the average bi-weekly amount by **2.15**. BEM 505. Amounts that are received twice a month are added. BEM 505. But the Department should not convert income for the month income starts or stops if a full month's income is not expected in that month. BEM 505. The Department will use actual income received or income expected to be received in these months. BEM 505.

BEM 550 describes income budgeting policy. When the Department budgets the amount of FAP for a group, it first determines whether there is a senior¹, disabled person² or a veteran member of that group. BEM 550. A non-categorically eligible Senior/Disabled/Veteran (SDV) FAP group³ must have income below the net income limits. BEM 550. A non-categorically eligible, non-SDV FAP group must have income below the gross and net income limits. BEM 550.

The Department will use only available, countable income to determine eligibility. BEM 550. It will always calculate income on a calendar month basis to determine eligibility and benefit amounts and use income from a month specified in this item for the benefit month being considered. BEM 550.

The Department will budget the entire amount of earned and unearned countable income. BEM 550. Gross countable earned income is reduced by a 20% earned income deduction. BEM 550. Every case is allowed the standard deduction shown in RFT 255. BEM 550. The Department documents income budgeting on either a manually-calculated or an automated FAP worksheet. BEM 550.

Here, Claimant requested a hearing because the Department reduced her monthly FAP from \$757.00 to \$214.00. Claimant contends that she does not feel as though the household income is enough to support such a drastic reduction. The Department, on the other hand, takes the position that Claimant's group member ("██████") had been working and earning income that was not previously recorded. When the Department obtained verifications of Bart's paychecks and earnings, it resulted in a reduction.

Testimony and other evidence must be weighed and considered according to its reasonableness. *Gardiner v Courtright*, 165 Mich 54, 62; 130 NW 322 (1911); *Dep't of Community Health v Risch*, 274 Mich App 365, 372; 733 NW2d 403 (2007). The weight and credibility of this evidence is generally for the fact-finder to determine. *Dep't of Community Health*, 274 Mich App at 372; *People v Terry*, 224 Mich App 447, 452; 569 NW2d 641 (1997). Moreover, it is for the fact-finder to gauge the demeanor and veracity of the witnesses who appear before him, as best he is able. See, e.g., *Caldwell v Fox*, 394 Mich 401, 407; 231 NW2d 46 (1975); *Zeeland Farm Services, Inc v JBL Enterprises, Inc*, 219 Mich App 190, 195; 555 NW2d 733 (1996).

¹ A "senior" is a person at least 60 years old. BEM 550 p 1.

² A "disabled" person who receives one of the following: (1) a federal, state or local public disability retirement pension and the disability is considered permanent under the Social Security Act; (2) medicaid program which requires a disability determination by MRT or Social Security Administration; (3) Railroad Retirement **and** is eligible for Medicare or meets the Social Security disability criteria (4) a person who receives or has been certified and awaiting their initial payment for one of the following: (a) Social Security disability or blindness benefits; (b) Supplemental Security Income (SSI), based on disability or blindness, even if based on presumptive eligibility.

³ An SDV FAP group is one which has an SDV member. BEM 550 p 1.

Claimant does not dispute the Department's calculations. Rather, Claimant feels as though the reduction is unfair. The record shows that Claimant's household was receiving monthly earned income in the amount of \$2,902.00 at the time relevant to this matter. This amount reduced by an earned income deduction of \$581.00 equals \$2,321.00. This amount (\$2,321.00) minus a standard deduction of \$186.00 leaves an adjusted gross income of \$2,135.00. An excess shelter deduction of \$208.00 was subtracted from Claimant's adjusted gross income of \$2,135.00 resulting in Claimant receiving \$1,927.00 in net income.

A claimant with a group size of 5 has a maximum net income limit of \$2,251.00. RFT 250. The Department properly determined Claimant's monthly FAP allotment of \$214.00.

Based upon the above Findings of Fact and Conclusions of Law, the Administrative Law Judge concludes that the Department properly reduced Claimant's monthly FAP from \$757.00 to \$214.00.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, finds that the Department did act properly.

Accordingly, the Department's FAP decision is **AFFIRMED**.

IT IS SO ORDERED.
