MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF:

[REDACTED]

Reg. No: 20135785
Issue No: 2009, 4031

[REDACTED]

ADMINISTRATIVE LAW JUDGE: Aaron McClintic

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on [REDACTED]. Claimant appeared along with his sister, [REDACTED], and both testified. The Department was represented by [REDACTED].

ISSUE

Did the Department properly deny Claimant's Medical Assistance (MA-P) program and State Disability Assistance (SDA) applications?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P and SDA on [REDACTED]
2. The Medical Review Team denied the application on [REDACTED].
3. Claimant filed a request for hearing on [REDACTED], regarding the MA and SDA denials.
4. A telephone hearing was held on [REDACTED]
5. On [REDACTED], the State Hearing Review Team denied the application because the medical evidence of record does not document a mental/physical impairment that would preclude basic work activity.
6. Claimant is 5' 5" tall and weighs 220 pounds.

7. Claimant is 47 years of age.
8. Claimant's impairments have been medically diagnosed as diabetes, migraine headaches, and depression.
9. Claimant has the following symptoms: fatigue, insomnia, vision problems, memory and concentration problems, and social isolation.
10. Claimant completed high school and a 2 year college degree.
11. Claimant is able to read, write, and perform basic math skills.
12. Claimant is working part time doing food service approximately 5 hours per month earning minimum wage. Claimant last worked full time in [REDACTED] delivering newspapers.
13. Claimant lives with a roommate.
14. Claimant testified that he can perform household chores.
15. Claimant takes the following prescribed medications:

 - i. Sitting: all day
 - ii. Standing: 5 minutes
 - iii. Walking: 4-5 blocks
 - iv. Bend/stoop: difficulty
 - v. Lifting: 50 lbs.
 - vi. Grip/grasp: no limitations
17. Claimant was found to have a GAF score of 55-60 in a consultative psychological examination dated [REDACTED]. Under prognosis the examining psychologist stated, "The potential for the patient becoming gainfully employed in a simple, unskilled work situation on a sustained and competitive basis is fair. The patient appeared to have no difficulty understanding, remembering, or following through with simple instructions, and there appears to be no restrictions to his ability to perform simple, repetitive concrete tasks. The patient may be able to function in a simple work situation with appropriate training and supervision."

CONCLUSIONS OF LAW

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An opportunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a department decision affecting eligibility or benefit levels whenever it is believed that the decision is incorrect. The department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Bridges Reference Manual (PRM).

The Department conforms to state statute in administering the SDA program. 2000 PA 294, Sec. 604, of the statute states:

- (1) The department shall operate a state disability assistance program. Except as provided in subsection

- (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:
 - (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.

 - (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the MA-P program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

Federal regulations require that the department use the same operative definition for "disabled" as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months ... 20 CFR 416.905.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, the Claimant is working part time earning less than the statutory amount for substantial gainful activity. Therefore, the Claimant is not disqualified at this step in the evaluation.

The second step to be determined in considering whether the Claimant is considered disabled is whether the severity of the impairment. In order to qualify the impairment must be considered severe which is defined as an impairment which significantly limits an individual's physical or mental ability to perform basic work activities. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, reaching carrying or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;

4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In this case, the Claimant's medical evidence of record supports a finding that Claimant has significant physical and mental limitations upon Claimant's ability to perform basic work activities such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling; Medical evidence has clearly established that the Claimant has an impairment (or combination of impairments) that has more than a minimal effect on the Claimant's work activities. See Social Security Rulings: 85-28, 88-13, and 82-63.

In this case, the Claimant's medical evidence of record supports a finding that Claimant has significant physical and mental limitations upon Claimant's ability to perform basic work activities such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling; Medical evidence has clearly established that the Claimant has an impairment (or combination of impairments) that has more than a minimal effect on the Claimant's work activities. See Social Security Rulings: 85-28, 88-13, and 82-63.

In the third step of the analysis, the trier of fact must determine if the Claimant's impairment (or combination of impairments) is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that the Claimant's medical record does not support a finding that the Claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A. Listings 12.04 and 9.00 were considered.

The person claiming a physical or mental disability has the burden to establish it through the use of competent medical evidence from qualified medical sources such as clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for a recovery and/or medical assessment of ability to do work-related activities or ability to reason and to make appropriate mental adjustments, if a mental disability is being alleged. 20 CFR 416.913. A conclusory statement by a physician or mental health professional that an individual is disabled or blind is not sufficient, without supporting medical evidence, to establish disability. 20 CFR 416.927.

The fourth step of the analysis to be considered is whether the Claimant has the ability to perform work previously performed by the Claimant within the past 15 years. The trier of fact must determine whether the impairment(s) presented prevent the Claimant from doing past relevant work. In the present case, the Claimant's past employment was as a newspaper delivery person. Working as a newspaper delivery person as described by Claimant at hearing would be considered light work. The Claimant's impairments would not prevent him from doing past relevant work. Therefore, Claimant's appeal is denied at step 4. Claimant's testimony regarding his limitations

and ability to sit, stand, walk, lift and carry are not supported by substantial evidence. Claimant failed to present substantial medical evidence that he has a psychological impairment that is substantially limiting. Claimant was not taking any medication related to mental health issues at the time of hearing.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled for the purposes of MA-P and SDA programs.

Accordingly, the Department's decision is hereby **AFFIRMED**.
