DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge, pursuant to MCL 400.9 and MCL 400.37, upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on April 10, 2013. Claimant appeared and testified. The Department of Human Services' (Department) was represented by, Justin Kennedy.

ISSUE

Did the Department properly deny Claimant's Medical Assistance application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P on July 27, 2012, with a request for retroactive coverage back to April 2012.
2. The Medical Review Team denied the application on October 15, 2012.
3. Claimant filed a request for hearing on December 21, 2012, regarding the MA denial.
4. A telephone hearing was held on April 10, 2013.
5. On February 14, 2013, the State Hearing Review Team denied the application because the medical evidence of record indicates that the Claimant retains the capacity to perform a wide range of simple, unskilled, light work.
6. Claimant is 5' 8" tall and weighs 195 pounds, having lost 20 pounds in the last year.

7. Claimant is 30 years of age.
8. Claimant's impairments have been medically diagnosed as depression, anxiety, endometriosis, bladder problems, migraines, and MRSA.
9. Claimant has the following symptoms: pain, fatigue, insomnia, flashbacks, crying spells, and social isolation, memory, and concentration problems.
10. Claimant completed a 4 year college degree.
11. Claimant is able to read, write, and perform basic math skills.
12. Claimant is not working. Claimant last worked in March 2012 as a janitor. Claimant previously worked as a direct care worker.
13. Claimant lives with her parents.
14. Claimant testified that she cannot perform some household chores.
15. Claimant takes the following prescribed medications:
 - a. Albuterol
 - b. Benadryl

 - f. Requip
 - g. Topamax
 - h. Zoloft
 - i. Oxybutin
 - j. Norco
 - k. Xanax
 - l. Zofran
 - m. Percocet
16. Following hearing updated records were gathered and forwarded to the State Hearing Review. Claimant agreed to this and waived timeliness standards.
17. On July 23, 2012 the State Hearing Review Team again denied Claimant's appeal because the medical evidence of record indicates that the Claimant retains the capacity to perform a wide range of simple, unskilled, light work.
18. Claimant testified to the following physical limitations:
 - i. Sitting: 90-120 minutes
 - ii. Standing: 30 minutes

- iii. Walking: 200 yards
 - iv. Bend/stoop: some difficulty
 - v. Lifting: 20 lbs.
 - vi. Grip/grasp: no limitations
19. Claimant testified to experiencing pain at a high level of 6-7 on an everyday basis with some pain always present at a low level of 2.
20. In a psychological examination report dated April 2, 2013 Claimant was found to have a GAF score of 56 with diagnoses of major depressive disorder, recurrent moderate, and PTSD. Claimant's prognosis was found to be "guarded to fair".
21. In a Mental Residual Functional Capacity Assessment dated April 5, 2013 Claimant was found "Not Significantly Limited" in 13 of 20 categories, and "Moderately Limited" in 6 of 20 categories.
22. In a consultative examination report dated March 18, 2013, Claimant had full range of motion and some mild peripatellar tenderness, without erythema, or functional deficit. Neurological findings were grossly intact.

CONCLUSIONS OF LAW

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An opportunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a Department decision affecting eligibility, or benefit levels, whenever it is believed that the decision is incorrect. The Department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

The Medical Assistance (MA-P) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers the MA-P program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the MA-P program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, the Claimant is not working therefore, the Claimant is not disqualified at this step in the evaluation.

The second step to be determined in considering whether the Claimant is considered disabled is the severity of the impairment. In order to qualify the impairment must be considered severe which is defined as an impairment which significantly limits an individual's physical or mental ability to perform basic work activities. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers, and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In this case, the Claimant's medical evidence of record supports a finding that Claimant has significant physical and mental limitations upon Claimant's ability to perform basic work activities such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling. Medical evidence has clearly established that the Claimant has an impairment (or combination of impairments) that has more than a minimal effect on the Claimant's work activities. See Social Security Rulings: 85-28, 88-13, and 82-63.

In the third step of the analysis, the trier of fact must determine if the Claimant's impairment (or combination of impairments) is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that the Claimant's medical record does not support a finding that the Claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A. Listings 6.02 and 12.04 were considered.

The person claiming a physical, or mental, disability has the burden to establish it through the use of competent medical evidence from qualified medical sources such as clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for a recovery and/or medical assessment of ability to do work-related activities or ability to reason and to make appropriate mental adjustments, if a mental disability is being alleged. 20 CFR 416.913. A conclusory statement by a physician, or mental health professional, that an individual is disabled, or blind, is not sufficient without supporting medical evidence, to establish disability. 20 CFR 416.927.

The fourth step of the analysis to be considered is whether the Claimant has the ability to perform work previously performed by the Claimant within the past 15 years. The trier of fact must determine whether the impairment(s) presented prevent the Claimant from doing past relevant work. In the present case, the Claimant's past employment was as a janitor and direct care worker. Working as a direct care worker as testified to by Claimant would be considered light work. The Claimant's impairments would not prevent her from doing past relevant work, because she is capable of performing work on light exertional level. Therefore Claimant's appeal is denied at step 4. Claimant failed to present substantial medical evidence that she has a psychological impairment that is substantially limiting.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Claimant is not medically disabled for the purposes of the MA-P program.

Accordingly, the Department's decision in the above stated matter is, hereby, **AFFIRMED.**
