due to excess income.

With regard to the MA eligibility determination, the State of Michigan has set guidelines for income, which determine if an MA group is eligible. Claimant is not eligible for

Group 1 Medicaid. Net income (countable income minus allowable income deductions) must be at or below a certain income limit for Group 1 eligibility to exist. BEM 105.

For Group 2, eligibility is possible even when net income exceeds the income limit. This is because incurred medical expenses are used when determining eligibility for FIP-related and SSI-related Group 2 categories. BEM 105. Income eligibility exists for the calendar month tested when:

- . There is no excess income, **or**
- . Allowable medical expenses equal or exceed the excess income (under the Deductible Guidelines). BEM 545.

Income eligibility exists when net income does **not** exceed the Group 2 needs in BEM 544. BEM 166. The protected income level is a set allowance for non-medical need items such as shelter, food and incidental expenses. RFT 240 lists the Group 2 MA protected income levels based on shelter area and fiscal group size. BEM 544.

An eligible Medical Assistance group (Group 2 MA) has income the same as or less than the "protected income level" as set forth in RFT 240. An individual or MA group whose income is in excess of the monthly protected income level is ineligible to receive MA.

However, a MA group may become eligible for assistance under the deductible program. The deductible program is a process, which allows a client with excess income to be eligible for MA, if sufficient allowable medical expenses are incurred. Each calendar month is a separate deductible period. The fiscal group's monthly excess income is called the deductible amount. Meeting a deductible means reporting and verifying allowable medical expenses that equal or exceed the deductible amount for the calendar month. The MA group must report expenses by the last day of the third month following the month it wants medical coverage. BEM 545; 42 CFR 435.831.

The MA budgets were not included in the evidence packet submitted by the Department. Therefore, the undersigned cannot make a determination as to whether claimant's MA deductible budget was correct, or whether the income used in making this determination was correct. As such, the Department has failed to show that claimant's MA budget was correct, and the budget must be recalculated.

When determining eligibility for FAP benefits, the household's total income must be evaluated. All earned and unearned income of each household member must be included unless specifically excluded. BEM, Item 500. A standard deduction from income of \$159 is allowed for certain households. Certain non-reimbursable medical expenses above \$35 a month may be deducted for senior/disabled/veteran group members. Another deduction from income is provided if monthly shelter costs are in excess of 50% of the household's income after all of the other deductions have been allowed, up to a maximum of \$469 for non-senior/disabled/veteran households. BEM, Items 500 and 554; RFT 255; 7 CFR 273.2. Only heat, electricity, sewer, trash and telephone are allowed deductions. BEM 554. Any other expenses are considered non-

critical, and thus, not allowed to be deducted from gross income. Furthermore, RFT 255 states exactly how much is allowed to be claimed for each deduction.

In this case, the Administrative Law Judge has reviewed the FAP budget and finds that the Department properly computed the claimant's gross income. The gross income amount must be counted as income. The federal regulations at 7 CFR 273.10 provide standards for the amount of a household's benefits. The Department, in compliance with the federal regulations, has prepared issuance tables which are set forth at Bridges Reference Manual, Table 260. The issuance table provides that a household with household size and net income of the claimant's is eligible for an FAP amount of \$401. The Administrative Law Judge has reviewed the budget and found no significant errors. Claimant was unable to point out specifically what parts of the budget they felt were in error.

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department
