MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

██████████  
██████████  
████████████████████

Reg. No.: 2013-4322  
Issue No.: 2009  
Case No.: ██████████  
Hearing Date: March 27, 2013  
County: Oakland (63-04)

**ADMINISTRATIVE LAW JUDGE:** Jonathan W. Owens

**HEARING DECISION**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 following Claimant's request for a hearing. After due notice, an in-person hearing was held on March 27, 2013, from Pontiac, Michigan. Participants on behalf of Claimant included Claimant ██████████. Participants on behalf of the Department of Human Services (Department) included ██████████.

The record was extended to allow additional relevant medical evidence to be submitted. Claimant waived timeliness. The additional medical evidence was received and submitted to the State Hearing Review Team (SHRT) for review prior to this decision being issued.

**ISSUE**

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On June 7, 2012, Claimant applied for MA-P.
2. On August 8, 2012, the Medical Review Team denied Claimant's request.
3. On October 5, 2012, Claimant submitted to the Department a request for hearing.

4. SHRT denied Claimant's request.
5. Claimant is 45 years old.
6. Claimant completed education through the 11<sup>th</sup> grade.
7. Claimant has employment experience (last worked 2011) as a caretaker for a relative, cook at a high school, house cleaning, factory work and daycare.
8. Claimant's limitations have not lasted for 12 months or more.
9. Claimant suffers from obstructive sleep apnea, hypertension, blood clots, diabetes and deep venous thrombus and anemia.

### **CONCLUSIONS OF LAW**

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge

reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated. 20 CFR 416.945(a).

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium and heavy. These terms have the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor. 20 CFR 416.967.

Pursuant to 20 CFR 416.920, a five-step sequential evaluation process is used to determine disability. An individual's current work activity, the severity of the impairment, the residual functional capacity, past work, age, education and work experience are evaluated. If an individual is found disabled or not disabled at any point, no further review is made.

The first factor to be consider is whether the claimant can perform Substantial Gainful Activity (SGA) defined in 20 CFR 416.920(b). In this case, Claimant is not working. Therefore, Claimant is not disqualified at this step in the evaluation.

The second step to be determined in considering whether the Claimant is considered disabled is the severity of the impairment. In order to qualify, the impairment must be considered severe which is defined as an impairment which significantly limits an individual's physical or mental ability to perform basic work activities. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, reaching carrying or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;

5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting.

20 CFR 416.921(b).

In this case, Claimant's medical evidence of record fails to support a finding that Claimant has significant physical and mental limitations upon her ability to perform basic work activities such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling in a routine work setting. Claimant's condition was noted to be stable on [REDACTED]. While Claimant testified to a greater deal of restriction and symptoms impacting her daily activities, the medical records submitted fail to support the alleged restrictions. Claimant and her representative were granted an opportunity to provide additional records to support these assertions. After reviewing these additional records, this Administrative Law Judge finds the medical evidence does not clearly establish that Claimant has an impairment (or combination of impairments) that has more than a minimal effect on her work activities. See Social Security Rulings: 85-28, 88-13, and 82-63.

#### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled.

Accordingly, the Department's decision is hereby UPHELD.
