

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

Reg. No.: 2013-37061
Issue No.: 2009; 4031
Case No.: [REDACTED]
Hearing Date: September 10, 2013
County: Wayne-76

ADMINISTRATIVE LAW JUDGE: Vicki L. Armstrong

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on September 10, 2013, from Lansing, Michigan. Claimant and his parents personally appeared and testified. Participants on behalf of the Department of Human Services (Department) included Medical Contact Worker [REDACTED] [REDACTED]

During the hearing, Claimant waived the time period for the issuance of this decision in order to allow for the submission of additional medical evidence. The new evidence was forwarded to the State Hearing Review Team ("SHRT") for consideration. On November 12, 2013, the SHRT found Claimant was not disabled. This matter is now before the undersigned for a final decision.

ISSUE

Did the Department of Human Services (DHS) properly deny Claimant's Medical Assistance (MA), Retro-MA and State Disability Assistance (SDA) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On January 9, 2013, Claimant filed an application for MA/Retro-MA and SDA benefits alleging disability.
2. On March 14, 2013, the Medical Review Team (MRT) denied Claimant's application for MA/Retro-MA and SDA for lack of duration. (Depart Ex. A, pp 4-5).
3. On March 19, 2013, the department caseworker sent Claimant notice that his application for MA/Retro-MA and SDA had been denied.

4. On March 25, 2013, Claimant filed a request for a hearing to contest the department's negative action.
5. On June 13, 2013, the State Hearing Review Team (SHRT) found Claimant was not disabled and retained the capacity to perform light work. (Depart Ex. B, pp 1-2).
6. Claimant was appealing the denial of Social Security disability benefits at the time of the hearing.
7. Claimant is a 35 year old man whose birthday is [REDACTED]. Claimant is 5'7" tall and weighs 217 lbs.
8. Claimant does not have an alcohol or drug history. Claimant smokes a pack of cigarettes a week.
9. Claimant has a driver's license and does not know if he can drive since sustaining a gunshot wound to the head.
10. Claimant has a high school education through special education and has a third grade comprehension level.
11. Claimant is not currently working. Claimant last worked in 2007.
12. Claimant alleges disability on the basis of traumatic brain injury, status post gunshot wound to the right head with subdural hematoma requiring craniectomy and debridement, right hand second metacarpal fracture secondary to gunshot wound, HIV positive, a learning disability, anxiety, psychotic disorder, schizophrenia, renal failure, asthma and back pain.
13. Claimant's impairments have lasted, or are expected to last, continuously for a period of twelve months or longer.
14. Claimant's complaints and allegations concerning his impairments and limitations, when considered in light of all objective medical evidence, as well as the record as a whole, reflect an individual who is so impaired as to be incapable of engaging in any substantial gainful activity on a regular and continuing basis.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Statutory authority for the SDA program states in part:

- (b) A person with a physical or mental impairment which meets federal SSI disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

In order to receive MA benefits based upon disability or blindness, claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20 CFR 416.901). DHS, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA applications. MA-P (disability), also known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses. Michigan administers the federal Medicaid program. In assessing eligibility, Michigan utilizes the federal regulations.

Relevant federal guidelines provide in pertinent part:

"Disability" is:

... the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905.

The federal regulations require that several considerations be analyzed in sequential order:

... We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further. 20 CFR 416.920.

The regulations require that if disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b). If no, the analysis continues to Step 2.
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.909(c).
3. Does the impairment appear on a special Listing of Impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment that meets the duration requirement? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.920(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. Sections 200.00-204.00(f)?
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? This step considers the residual functional capacity, age, education, and past work experience to see if the client can do other work. If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(g).

At application Claimant has the burden of proof pursuant to:

... You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

Federal regulations are very specific regarding the type of medical evidence required by claimant to establish statutory disability. The regulations essentially require laboratory or clinical medical reports that corroborate claimant's claims or claimant's physicians' statements regarding disability. These regulations state in part:

Medical reports should include --

(1) Medical history.

- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as ultrasounds, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms). 20 CFR 416.913(b).

Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment. 20 CFR 416.929(a). The medical evidence must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

Information from other sources may also help us to understand how your impairment(s) affects your ability to work. 20 CFR 416.913(e). You can only be found disabled if you are unable to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. See 20 CFR 416.905. Your impairment must result from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques. 20 CFR 416.927(a)(1).

Applying the sequential analysis herein, Claimant is not eligible at the first step as Claimant is not currently working. 20 CFR 416.920(b). The analysis continues.

The second step of the analysis looks at a two-fold assessment of duration and severity. 20 CFR 416.920(c). This second step is a *de minimus* standard. Ruling any ambiguities in Claimant's favor, this Administrative Law Judge (ALJ) finds that Claimant meets both. The analysis continues.

The third step of the analysis looks at whether an individual meets or equals one of the Listings of Impairments. 20 CFR 416.920(d). Claimant does not. The analysis continues.

The fourth step of the analysis looks at the ability of the applicant to return to past relevant work. This step examines the physical and mental demands of the work done by Claimant in the past. 20 CFR 416.920(f). In this case, Claimant has a history of less than gainful employment. As such, there is no past work for Claimant to perform, nor are there past work skills to transfer to other work occupations. Accordingly, Step 5 of the sequential analysis is required.

The fifth and final step of the analysis applies the biographical data of the applicant to the Medical Vocational Grids to determine the residual functional capacity of the applicant to do other work. 20 CFR 416.920(g). See *Felton v DSS* 161 Mich. App 690, 696 (1987). Once Claimant reaches Step 5 in the sequential review process, Claimant has already established a *prima facie* case of disability. *Richardson v Secretary of Health and Human Services*, 735 F2d 962 (6th Cir, 1984). At that point, the burden of

proof is on the state to prove by substantial evidence that Claimant has the residual functional capacity for substantial gainful activity.

The medical information indicates that Claimant suffered a gunshot to the head and hand in December, 2012. Claimant is also HIV positive.

Claimant was diagnosed with a traumatic brain injury and underwent a right sided craniotomy with mesh cranioplasty to treat the gunshot wound to his head. Since being shot, Claimant has problems with memory, concentration, sleeping, paranoia, crying, anxiety, hypervigilance and an inability to be around people.

Claimant testified credibly that he has limited tolerance for physical activities and is unable to walk or stand for lengthy periods of time. He uses a cane and is still unable to open his mouth all the way since the surgery.

Claimant was treated at the [REDACTED] in February, 2013, where he was complaining of depression and hearing voices. His insight and judgment were limited. Diagnosis: Axis I: Psychosis; Axis II: Personality or trait disorder; Axis III: HIV/Aids; Axis IV: Social environment; Axis V: GAF=55. Claimant received psychotherapy while at the center and was discharged in stable condition.

Claimant underwent a psychiatric evaluation on behalf of the department in March, 2013. Claimant's psychomotor activity was increased and he had a short attention span and concentration. He admitted to auditory hallucinations. He displayed impulsivity, poor frustration tolerance and problems with interpersonal relationships and irritability. Diagnosis: Axis I: Psychotic disorder; History of Posttraumatic stress disorder; Axis II: Antisocial personality characteristics; Axis III: Diagnosed of being positive HIV, gallbladder problems, history of meningitis, gunshot wound, pancreatitis, acid reflux disease and asthma; Axis IV: Lives with parents, no financial means of support and unemployed; Axis V: GAF=50. The examining psychiatrist opined that Claimant had alterations in thought, mood, irritability and distractibility. The psychiatrist indicated that Claimant is unable to cope and comply with his recommended care and treatment.

Claimant is 35 years old, with a special education high school education. His comprehension level is at third grade. Claimant's medical records are consistent with his testimony that he is unable to engage in even a full range of sedentary work on a regular and continuing basis. 20 CFR 404, Subpart P, Appendix 11, Section 201.00(h). See Social Security Ruling 83-10; *Wilson v Heckler*, 743 F2d 216 (1986).

The Department has failed to provide vocational evidence which establishes that Claimant has the residual functional capacity for substantial gainful activity and that given Claimant's age, education, and work experience, there are significant numbers of jobs in the national economy which Claimant could perform despite Claimant's limitations. Accordingly, this Administrative Law Judge concludes Claimant is disabled for purposes of the MA program.

A person is considered disabled for purposes of SDA if the person has a physical or mental impairment which meets federal SSI disability standards for at least 90 days.

Receipt of SSI or RSDI benefits based upon disability or blindness or the receipt of MA benefits based upon disability or blindness automatically qualifies an individual as disabled for purposes of the SDA program. Other specific financial and non-financial eligibility criteria are found in BEM 261. Inasmuch as Claimant has been found "disabled" for purposes of MA, he must also be found "disabled" for purposes of SDA benefits.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides the department erred in determining Claimant is not currently disabled for MA/Retro-MA and SDA eligibility purposes.

Accordingly, the department's decision is **REVERSED**, and it is ORDERED that:

1. The department shall process Claimant's January 9, 2013, MA/Retro-MA and SDA application, and shall award him all the benefits he may be entitled to receive, as long as he meets the remaining financial and non-financial eligibility factors.
2. The department shall review Claimant's medical condition for improvement in December, 2014, unless his Social Security Administration disability status is approved by that time.
3. The department shall obtain updated medical evidence from Claimant's treating physicians, physical therapists, pain clinic notes, etc. regarding his continued treatment, progress and prognosis at review.

It is SO ORDERED.

Vicki L. Armstrong
Administrative Law Judge
for Maura D. Corrigan, Director
Department of Human Services

Date Signed: December 2, 2013

Date Mailed: December 3, 2013

NOTICE OF AP PEAL: The claimant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely Request for

Rehearing or Reconsideration was made, within 30 days of the receipt date of the Decision and Order of Reconsideration or Rehearing Decision.

Michigan Administrative Hearing System (MAHS) may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. MAHS will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request (60 days for FAP cases).

A Request for Rehearing or Reconsideration may be granted when one of the following exists:

- Newly discovered evidence that existed at the time of the original hearing that could affect the outcome of the original hearing decision;
- Misapplication of manual policy or law in the hearing decision which led to a wrong conclusion;
- Typographical, mathematical or other obvious error in the hearing decision that affects the rights of the client;
- Failure of the ALJ to address in the hearing decision relevant issues raised in the hearing request.

The Department, AHR or the claimant must specify all reasons for the request. MAHS will not review any response to a request for rehearing/reconsideration. A request must be *received* in MAHS within 30 days of the date the hearing decision is mailed.

The written request must be faxed to (517) 335-6088 and be labeled as follows:

Attention: MAHS Rehearing/Reconsideration Request

If submitted by mail, the written request must be addressed as follows:

Michigan Administrative Hearings
Reconsideration/Rehearing Request
P.O. Box 30639
Lansing, Michigan 48909-07322
