

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
FOR THE DEPARTMENT OF COMMUNITY HEALTH**

P.O. Box 30763, Lansing, MI 48909
(877) 833-0870; Fax: (517) 373-4147

IN THE MATTER OF:

██████████,

Appellant.

_____ /

Docket No. 2013-41129 HHS

Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, and upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. ██████████, Appellant's daughter, appeared and testified on Appellant's behalf. Appellant was also present during the hearing. ██████████, Appeals Review Officer, represented the Department of Community Health. ██████████, Adult Services Worker (ASW), and ██████████, Adult Services Supervisor, from the ██████████ County DHS-██████████ office appeared as witnesses for the Department.

ISSUE

Did the Department properly deny Appellant's application for Home Help Services (HHS)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is a ██████ year-old woman who has been diagnosed with chronic backache. (Respondent's Exhibit A, page 11).
2. In ██████████, Appellant was referred for HHS. (Respondent's Exhibit A, page 5).
3. As part of her application, Appellant submitted a medical needs form signed by her doctor. That form indicated that Appellant has a medical need for assistance with laundry and housework. (Testimony of Appellant's representative; Respondent's Exhibit A, page 9).

4. The tasks of housework and laundry are identified as Instrumental Activities of Daily Living (IADLs) by the Department. (Adult Services Manual 101 (11-1-2011) (hereinafter “ASM 101”), page 1 of 4).
5. On ██████████, ASW ██████████ conducted a visit and assessment in Appellant’s home. Both Appellant and her daughter were present. (Respondent’s Exhibit A, page 9).
6. During that visit, Appellant and her provider reported being that Appellant could perform her own Activities of Daily Living (ADLs). ASW ██████████ also observed Appellant walking and transferring without assistance. (Respondent’s Exhibit A, page 9; Testimony of ASW ██████████; Testimony of Appellant’s representative).
7. Based on the medical needs form; the statements made by Appellant and her provider; and her own observations; ASW ██████████ determined that Appellant did not meet the criteria for HHS as she did not require any hands-on assistance with any ADLs. (Respondent’s Exhibit A, page 9; Testimony of ASW ██████████).
8. On ██████████, the Department sent written notice to Appellant indicating that her application for HHS was being denied because Appellant did not have a need for hands-on physical assistance with any ADLs. (Respondent’s Exhibit A, pages 5-8).
9. On ██████████, the Michigan Administrative Hearing System (MAHS) received a Request for Hearing filed by Appellant in this matter. (Respondent’s Exhibit A, page 4).

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

ASM 101 and Adult Services Manual 120 (5-1-2012) (hereinafter “ASM 120”) address the issues of what services are included in Home Help Services and how such services are assessed. For example, ASM 101 provides:

Home Help Payment Services

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities must be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services specialist.

Personal care services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.

- Laundry.
- Housework.

An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater. [ASM 101, pages 1-2 of 4 (italics added).]

Moreover, ASM 120 states:

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating
- Toileting
- Bathing
- Grooming
- Dressing
- Transferring
- Mobility

Instrumental Activities of Daily Living (IADL)

- Taking Medication
- Meal Preparation and Cleanup
- Shopping
- Laundry

- Light Housework

Functional Scale

ADLs and IADLs are assessed according to the following five point scale:

1. Independent

Performs the activity safely with no human assistance.

2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

Home Help payments may only be authorized for needs assessed at the 3 level or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living. [ASM 120, pages 2-3 of 5 (*italics added*).]

As described in the above policy, an individual is only eligible to receive HHS for assistance with an IADL if he or she also has a need for assistance with at least one ADL at a level 3 or greater.

The Department found that Appellant has no such need in this case and is therefore ineligible to receive HHS for assistance with IADLS as she requested. That decision was based on the information obtained directly from Appellant, her care provider, and her doctor. The medical needs form submitted by Appellant's doctor indicated that Appellant only has a medical need for assistance with the IADLs of housework and laundry. Similarly, Appellant and her provider only requested or identified a need for assistance with IADLs during the assessment.

In response, Appellant's representative does not dispute that the medical needs form only indicates a need for assistance with IADLs or that she and Appellant reported Appellant as being independent in all ADLs during the home visit. Appellant's representative also confirmed that what was reported is true, and that Appellant is independent in all ADLs. The only assistance Appellant seeks is with IADLs.

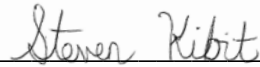

Appellant bears the burden of proving by a preponderance of the evidence that the Department erred in denying her application. In this case, given the above testimony and evidence regarding Appellant's request for services and need for assistance, Appellant has failed to meet that burden. The Department properly found, based on the information that Appellant provided, that she has no need for physical assistance with any ADLs and its decision to deny services on that basis must be affirmed.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly denied Appellant's request for HHS.

IT IS THEREFORE ORDERED THAT:

The Department's decision is **AFFIRMED**.

Steven Kibit
Administrative Law Judge
for James K. Haveman, Director
Michigan Department of Community Health
