Participants on behalf of the Department of Human Services (Department) included [REDACTED].

ISSUE

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On May 10, 2012, Claimant applied for MA-P.
2. On August 9, 2012, the Medical Review Team denied Claimant's request.
3. On October 18, 2012, Claimant submitted to the Department a request for hearing.
4. The State Hearing Review Team (SHRT) denied Claimant's request.
5. Claimant is 50 years old.

6. Claimant completed education through the 11th grade.
7. Claimant has employment experience (last worked 2007) in retail sales and as a lab assistant.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from major depressive disorder, glaucoma, cataracts, sleep apnea and is blind in her right eye.
10. Claimant has significant limitations on physical activities.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: medications she is taking make her sick, she is unable to see clearly out of her remaining good eye, not able to read and write due to poor vision, can stand 15 minutes before increased lower back pain and foot pain, continual issues with polyps growing in colon, needs help with housework, not able to cook or clean due to lack of vision, gets help with personal care due to limited eyesight, headaches when she attempts to focus her one eye, not able to drive and needs help with grocery shopping.

Claimant's treating physician indicated on a medical exam report completed on [REDACTED] the following: the Claimant has no vision in her right eye and noted that Claimant was unable to drive and do things on her own due to poor vision in remaining eye. A consulting exam completed on [REDACTED], which found that Claimant's best corrected vision in her remaining eye was 20/200.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 2.02 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled for purposes of MA.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of May 2012.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated May 10, 2012, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for April 2014.
