Case No.: ██████████
Hearing Date: October 16, 2013
County: Wayne (82-76)

ADMINISTRATIVE LAW JUDGE: Jonathan W. Owens

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on October 16, 2013, from Detroit, Michigan. Participants on behalf of Claimant included Claimant. Participants on behalf of the Department of Human Services (Department) included ██████████.

The record was extended to allow additional relevant medical evidence to be submitted. Claimant waived timeliness. The additional medical evidence was received and submitted to the State Hearing Review Team (SHRT) for review prior to this decision being issued.

ISSUE

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) and State Disability Assistance (SDA) programs?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On April 3, 2012, the Medical Review Team approved Claimant for continued MA and SDA benefits based upon finding Claimant continued to meet a listing.
2. On March 7, 2013, the Department sent Claimant's MA and SDA case back to the Medical Review Team for a review.

3. On April 8, 2013, the Medical Review Team denied Claimant's request for continued benefits.
4. On April 24, 2013, Claimant submitted to the Department a request for hearing.
5. SHRT denied Claimant's request.
6. Claimant is 47 years old.
7. Claimant completed education through a GED.
8. Claimant has employment experience (last worked 2001) as a fast food cashier, machine operator, general laborer and restaurant server.
9. Claimant's limitations have lasted for 12 months or more.
10. Claimant suffers from HIV, schizoaffective disorder and dependent personality disorder.
11. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by the Title XIX of the Social Security Act, 42 USC 1396-1396w-5, and is implemented by 42 CFR 400.200 to 1008.59. The Department of Human Services (formerly known as the Family Independence Agency) administers the MA program pursuant to MCL 400.10 and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. Department policies are found in BAM, BEM, and RFT. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

In order to receive MA benefits based upon disability or blindness, Claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20R 416.901). The

Department, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA applications. MA-P (disability), also is known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses.

The law defines disability as the inability to do substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. (20 CFR 416.905).

Once an individual has been determined to be “disabled” for purposes of disability benefits, continued entitlement to benefits must be periodically reviewed. In evaluating whether an individual’s disability continues, 20 CFR 416.994 requires the trier of fact to follow a sequential evaluation process by which current work activities, severity of impairment(s), and the possibility of medical improvement and its relationship to the individual’s ability to work are assessed. Review may cease and benefits may be continued at any point if there is a substantial evidence to find that the individual is unable to engage in substantial gainful activity. 20 CFR 416.994(b)(5).

The first step to be considered is whether the claimant can perform Substantial Gainful Activity (SGA) defined in 20 CFR 416.920(b). In this case, Claimant is not working. Therefore, Claimant is not disqualified at this step in the evaluation.

In the second step, the trier of fact must determine if the claimant’s impairment (or combination of impairments) meets or equals the severity of an impairment listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that Claimant’s medical record does not support a finding that Claimant’s impairment(s) is a “listed impairment” or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A. Accordingly, the sequential evaluation process must continue.

In the third step of the sequential evaluation, the trier of fact must determine whether there has been medical improvement as defined in 20 CFR 416.994(b)(1)(i). 20 CFR 416.994(b)(5)(iii). Medical improvement is any decrease in the medical severity of your impairment(s) which was present at the time of the most recent favorable medical decision that you were disabled or continued to be disabled. A determination that there has been a decrease in medical severity must be based on changes (improvement) in the symptoms, signs and/or laboratory findings associated with your impairment(s) (see §416.928). If there has been medical improvement as shown by a decrease in medical severity, the trier of fact must proceed to Step 4 (which examines whether the medical improvement is related to the claimant’s ability to do work). If there has been no decrease in medical severity and, thus, no medical improvement, the trier of fact moves to Step 5 in the sequential evaluation process.

In this case, Claimant was most recently approved for MA-P on April 3, 2012. This Administrative Law Judge, after comparing past medical documentation with current medical documentation, finds there is no medical improvement.

Claimant testified to the following symptoms and abilities: uses a cane to walk, can stand 5-6 minutes, back pain, uses a cane for pain and balance, takes medication for mental problems, medications make him tired, problems with thinking, can walk half a block, hears voices, his medications have been adjusted to help with voices but still hears voices, sees things that are not there, problems with anger issues, crying spells occurring daily, suicidal thoughts daily, needs help with household chores, needs reminders to take medications, needs reminders to shower and bathe, believes his condition has gotten worse in the last year, voices and numbness in fingers have gotten worse and back pain has gotten worse.

In the fifth step of the sequential evaluation, the trier of fact must consider whether any of the exceptions in 20 CFR 416.994(b)(3) and (b)(4) applies. If none of them applies, Claimant's disability must be found to continue. 20 CFR 416.994(b)(5)(v).

The first group of exceptions to medical improvement (i.e., when disability can be found to have ended even though medical improvement has not occurred), found in 20 CFR 416.994(b)(3), is as follows:

- *Substantial evidence shows that you are the beneficiary of advances in medical or vocational therapy or technology (related to your ability to work).*
- *Substantial evidence shows that you have undergone vocational therapy (related to your ability to work).*
- *Substantial evidence shows that based on new or improved diagnostic or evaluative techniques your impairment(s) is not as disabling as it was considered to be at the time of the most recent favorable decision.*
- *Substantial evidence demonstrates that any prior disability decision was in error.*

In examining the record, this Administrative Law Judge finds that there is nothing to suggest that any of the exceptions listed above applies to Claimant's case.

The second group of exceptions to medical improvement, found at 20 CFR 416.994(b)(4), is as follows:

- *A prior determination or decision was fraudulently obtained.*
- *You did not cooperate with us.*
- *Claimant cannot be found.*
- *Claimant failed to follow prescribed treatment which would be expected to restore your ability to engage in substantial gainful activity.*

After careful review of the record, this Administrative Law Judge finds none of the above-mentioned exceptions applies to Claimant's case. Accordingly, per 20 CFR 416.994, this Administrative Law Judge concludes that Claimant's disability for purposes of Medical Assistance and State Disability Assistance must continue.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant continues to be medically disabled.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to maintain Claimant's eligibility for MA and SDA if otherwise eligible for program benefits. A review of this case shall be set for March 2015.
