ISSUE

Was disability, as defined below, medically established?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On November 28, 2012, the claimant died.
2. ADVOMAS applied for MA-P on December 19, 2012, was denied on May 8, 2013 per BEM 260, and requested a hearing on July 30, 2013.
3. Vocational factors: Age 60, 12th grade education, and semi/unskilled work experience.
4. Last employment ended: unknown.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program

pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).

5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

The claimant had the burden of proof to establish disability in accordance with steps 1-4 above... 20CFR 416.912 (a). The burden of proof shifts to the DHS at Step 5... 20CFR 416.960 (c)(2).

[In reviewing your impairment]...We need reports about your impairments from acceptable medical sources.... 20 CFR 416.913(a).

Acceptable medical verification sources are licensed physicians, osteopaths, or certified psychologists ...20CFR 416.913(a)

...The medical evidence...must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

It must allow us to determine --

- (1) The nature and limiting effects of your impairment(s) for any period in question;
- (2) The probable duration of your impairment; and
- (3) Your residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Step 1

...If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b).

The evidence of record does not establish that the claimant has not engaged in substantial gainful activity since 2005.

The authorized hearing representative introduced no evidence of record to establish that the claimant had not worked since 2005, and before date of Medicaid application. The representative argued that it was highly unlikely that the claimant worked because of his seizure disorder.

The medical reports of record established a seizure from alcohol withdrawal; that the claimant was treated and released in a stable condition; that the claimant's alleged seizure disorder is attributed to alcohol abuse/withdrawal.

It would only be a guess or speculation whether or not the claimant had not worked due to a seizure disorder. And it is the well settled law that ALJs are not allowed or permitted to speculate or guess at material facts in dispute.

The representative argued that DHS exhibit A, page 11, establish that the claimant had not worked since 2005 or before date of application. This report shows the claimant had worked in a furniture/farming business from 1968 to 2005. This report was not completed by the claimant, but by an unknown authorized representative, who was not at the hearing for examination.

The representative has not sustained his burden of proof to establish. Step one. Therefore, the sequential evaluation is required to stop at step one.

Therefore, medical disability has not been established at Step 1 by the competent, material and substantial evidence on the whole record.

Accordingly, MA-P/denial is **UPHELD** and so ORDERED.
