DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

Reg. No.: 2014-27036
Issue No(s): 3005
Case No.: [REDACTED]
Hearing Date: April 21, 2014
County: Wayne (17)

ADMINISTRATIVE LAW JUDGE: Zainab Baydoun

HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, and with Mich Admin Code, R 400.3130 and R 400.3178. After due notice, a telephone hearing was held on April 21, 2014, from Detroit, Michigan. The Department was represented by [REDACTED] [REDACTED] Regulation Agent of the Office of Inspector General (OIG).

Participants on behalf of Respondent included:

Respondent did not appear at the hearing and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of
 Family Independence Program (FIP) State Disability Assistance (SDA)
 Food Assistance Program (FAP) Child Development and Care (CDC)
 Medical Assistance (MA)
benefits that the Department is entitled to recoup?
2. Did Respondent, by clear and convincing evidence, commit an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving
 Family Independence Program (FIP)? State Disability Assistance (SDA)?
 Food Assistance Program (FAP)? Child Development and Care (CDC)?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on February 20, 2014, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG has has not requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FIP FAP SDA CDC MA benefits issued by the Department.
4. Respondent was was not aware that trafficking of benefits is unlawful and a violation of policy and could result in a disqualification from receipt of future benefits and recoupment of issued benefits.
5. Respondent had no apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is September 1, 2011, through April 30, 2013 (fraud period).
7. The Department alleges that Respondent trafficked \$1385.55 in FAP benefits and that Respondent received an OI in FAP benefits in the amount of \$1385.55.
8. This was Respondent's first second third alleged IPV.
9. A notice of hearing was mailed to Respondent at the last known address and was was not returned by the US Post Office as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT). Prior to August 1, 2008, Department policies were contained in the Department of Human Services Program Administrative Manuals (PAM), Department of Human Services Program Eligibility Manual (PEM), and Department of Human Services Reference Schedules Manual (RFS).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food Stamp Act of 1977, as amended, 7 USC 2011 to 2036a and is

implemented by the federal regulations contained in 7 CFR 271.1 to 285.5. The Department (formerly known as the Family Independence Agency) administers FAP pursuant to MCL 400.10 and Mich Admin Code, R 400.3001 to .3015.

The Department's OIG requests IPV hearings for the following cases:

- FAP trafficking OIs that are not forwarded to the prosecutor,
- prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - the total OI amount for the FIP, SDA, CDC, MA and FAP programs is \$1000 or more, or
 - the total OI amount is less than \$1000, **and**
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (July 2013), p. 10.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (July 2013), p. 6; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of

establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department alleges that Respondent committed an IPV of her FAP benefits because she trafficked \$201.74 of her FAP benefits at Liban Bakery (Liban) and \$1183.81 of her FAP benefits at [REDACTED] ("6 Mile") and [REDACTED] ("6 Mile 2). 6 Mile and 6 Mile 2 were being operated by the same person. Trafficking is (i) the buying or selling of FAP benefits for cash or consideration other than eligible food; (ii) selling products purchased with FAP benefits for cash or consideration other than eligible food; and (iii) purchasing containers with deposits, dumping/discarding product and then returning containers to obtain cash refund deposits. BAM 700, pp 1-2; see also Department of Human Services, Bridges Policy Glossary (BPG) (July 2013), p 65. Trafficking also includes (i) fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices, or (ii) redeeming or presenting for payment coupons known to be fraudulently obtained or transferred. BEM 203 (October 2011), pp. 2-3.

The Department presented evidence that Liban, 6 Mile and 6 Mile 2 were found in administrative hearings before the United States Department of Agriculture (USDA) to have trafficked FAP benefits and had their authorization to accept FAP benefits revoked. To support a trafficking case against Respondent, however, the Department must establish, by clear and convincing evidence, that *Respondent* engaged in trafficking when she used her FAP benefits at Liban, 6 Mile and 6 Mile 2.

The Department presented evidence of Respondent's FAP transaction history at Liban, showing one purchase in the amount of \$201.74 on September 20, 2011. The Department contended that this transaction was trafficked because Liban did not have the inventory or infrastructure to support this large transaction. Specifically, the Department argued that Liban had only four shelves of eligible food items, that the store sold hot foods, and had no fresh items available for purchase. The Department further contended that Liban has only one cash register, no shopping carts or baskets and that there is limited counter space.

Although unusual, the \$201.74 transaction made on September 20, 2011, at Liban did not, by clear and convincing evidence, establish that Respondent trafficked her FAP benefits at Liban.

The Department presented evidence of Respondent's FAP transaction history at 6 Mile and 6 Mile 2 showing \$1183.81 spent in FAP transactions in amounts up to \$119.99 between July 2012 and April 2013. The Department contended that Respondent's transactions were trafficked because 6 Mile and 6 Mile 2 did not have the inventory or infrastructure to support the high dollar transactions, as the normal amount for a transaction at this type of store is around \$5.00. Specifically, the Department argued that 6 Mile and 6 Mile 2 are gas station/convenience stores selling mostly snack food

items with a limited stock of other eligible food items, limited counter space, no scanning devices, and no shopping carts or baskets. In addition, the Department presented documentation to establish that the cash register area is enclosed with bullet proof glass making it impractical to purchase large amounts of food or to support the high volume of transactions that were occurring in short amounts of time.

Additionally, a review of Respondent's transaction history at 6 Mile and 6 Mile 2 reveals that Respondent made several purchases of high dollar amounts on the same day within the same minute or within just minutes of each other, indicative of trafficking. For example, Respondent made two purchases at 6 Mile 2 on July 10, 2012, within just two minutes for \$119.99 and \$80. On September 9, 2012, 2012, Respondent made three purchases at 6 Mile, spending \$200 in just two minutes. Similar transactions and purchasing patterns continued throughout the fraud period, in particular on October 10, 2012, and November 10, 2012. Further, a comparison of the transaction history at both locations shows that purchases in high amounts were made at both stores within minutes, in particular on December 9, 2012. Several of Respondent's purchases ended in numbers such as .00, and .99, which the Department argued are figures consistent with trafficking.

The foregoing evidence, coupled with the USDA's finding that 6 Mile and 6 Mile 2 trafficked FAP benefits, was sufficient, when viewed under the totality of the circumstances, to establish by clear and convincing evidence that Respondent trafficked her FAP benefits at 6 Mile and 6 Mile 2.

Disqualification

A court or hearing decision that finds a client committed IPV disqualifies that client from receiving program benefits. BAM 720, p. 12. A disqualified recipient remains a member of an active group as long as he lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 13.

Clients who commit an IPV are disqualified for a standard disqualification period except when a court orders a different period, or except when the OI relates to MA. BAM 720, p. 13. Refusal to repay will not cause denial of current or future MA if the client is otherwise eligible. BAM 710 (May 2013), p. 2. Clients are disqualified for periods of one year for the first IPV, two years for the second IPV, lifetime disqualification for the third IPV, and ten years for a FAP concurrent receipt of benefits. BAM 720, p. 16.

In this case, the Department has satisfied its burden of showing that Respondent committed an IPV by trafficking FAP benefits at 6 Mile and 6 Mile 2. Because this was Respondent's first IPV, she is subject to a one-year disqualification under the FAP program. BEM 720, pp 13, 14.

Overissuance

When a client group receives more benefits than they are entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The OI amount for a trafficking-related IPV is the value of the trafficked benefits as determined by a court

decision, the individual's admission, or documentation used to establish the trafficking determination, such as an affidavit from a store owner or sworn testimony from a federal or state investigator of how much a client could have reasonably trafficked in that store, which can be established through circumstantial evidence. BAM 720, p 7.

The Benefit Summary Inquiry provided by the Department establishes that Respondent was issued FAP benefits by the State of Michigan during the fraud period and the FAP transaction history the Department presented showed Respondent had \$731.50 in countable FAP transactions at 6 Mile and \$452.31 in countable FAP transactions at 6 Mile 2. This evidence established that Respondent trafficked \$1183.81 of her FAP benefits at 6 Mile and 6 Mile 2 between July 2012 and April 2013, and the Department is entitled to recoup that amount.

Because the Department failed to establish that Respondent trafficked her FAP benefits when she made one purchase at Liban, the Department is not entitled to recoup the \$201.74 transaction at Liban.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. Respondent did commit an IPV by clear and convincing evidence.
2. Respondent did receive an OI of program benefits in the amount of \$1183.81 from the FAP program.

The Department is ORDERED to initiate recoupment procedures for the amount of \$1183.81 in accordance with Department policy.

It is FURTHER ORDERED that Respondent be disqualified from FAP for a period of 12 months.
