ISSUE

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On July 9, 2013, Claimant applied for MA-P, State Disability Assistance (SDA) and retro MA-P to June 2013.
2. On October 4, 2013, the Medical Review Team denied Claimant's request.

3. On December 27, 2014, Claimant submitted to the Department a request for hearing regarding the MA denial only. No request for hearing was filed regarding SDA benefits.
4. SHRT denied Claimant's request.
5. Claimant is 31 years old.
6. Claimant completed education through the 8th grade.
7. Claimant has employment experience (last worked 2005) as a factory worker which required him to stand/walk the entire shift, limited sitting and lifting 20 to 40 pounds.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from depression, bipolar disorder, learning disability and foot and back pain.
10. Claimant has some limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.
11. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: hears voices, paranoid thoughts, mood swings, racing thoughts, he was shot in his left hand and leg, isolates himself from others, avoids family and friends, suicidal thoughts, crying spells, anxiety and panic attacks, poor concentration, poor short-term memory, lost and confused at times, needs reminders to take medications, no issues with eating, able to manage his own personal care, can walk less than a ¼ block, doesn't use any assistive devices to walk, can stand 5 minutes before legs start hurting, not able to bend and squat, still has bullet in his leg and it hurts at night time, poor sleep, takes naps during the day, not able to dust and vacuum, not able to manage laundry, able to manage personal care, needs help with grocery shopping, he has club feet, poor grip and grasp in left hand, he is right handed, medications make him drowsy, leaves his house 2-3 times a week, socializes 5-6 times a week, doesn't like being around people and worried that people are going to try to kill him.

Claimant's testimony regarding his symptoms is supported by the treatment records submitted for consideration. Of particular interest is a consulting mental status examination performed on behalf of the Social Security Administration [REDACTED].

In this report, Claimant is noted to be not only moderately to markedly impaired in areas of his mental residual functional capacities but he was found to be extreme in two of the areas considered. This consultant further noted a GAF of 46.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 12.04 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of June 2013.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated July 9, 2013, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for August 2015.
