MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

████████████████████  
████████████████████  
████████████████████

Reg. No.: 14-001330  
Issue Nos.: 2009, 4009  
Case No.: ██████████  
Hearing Date: August 13, 2014  
County: Wayne (31-Grandmont)

**ADMINISTRATIVE LAW JUDGE:** Jonathan W. Owens

**HEARING DECISION**

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on August 13, 2014, from Detroit, Michigan. Participants on behalf of Claimant included Claimant ██████████. Participants on behalf of the Department of Human Services (Department) included ██████████.

**ISSUE**

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) and State Disability Assistance (SDA) programs?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On March 28, 2014, Claimant applied for MA-P and SDA.
2. On April 4, 2014, the Medical Review Team denied Claimant's request.
3. On April 16, 2014, Claimant submitted to the Department a request for hearing.
4. The State Hearing Review Team (SHRT) denied Claimant's request.
5. Claimant is 52 years old.
6. Claimant completed education through high school and was a Licensed Practical Nurse (LPN).

7. Claimant has employment experience (last worked April 2012) in construction work which required him to stand/walk the entire shift and lift frequently 50-60 pounds. He has not worked as an LPN since 1993 and no longer has an LPN license.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from back/neck pain, a stroke in December 2012 and vision problems.
10. Claimant has some limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.

### **CONCLUSIONS OF LAW**

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement

who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated. 20 CFR 416.945(a).

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium and heavy. These terms have the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor. 20 CFR 416.967.

Pursuant to 20 CFR 416.920, a five-step sequential evaluation process is used to determine disability. An individual's current work activity, the severity of the impairment, the residual functional capacity, past work, age, education and work experience are evaluated. If an individual is found disabled or not disabled at any point, no further review is made.

The first step is to determine if an individual is working and if that work is "substantial gainful activity" (SGA). If the work is SGA, an individual is not considered disabled regardless of medical condition, age or other vocational factors. 20 CFR 416.920(b).

Secondly, the individual must have a medically determinable impairment that is "severe" or a combination of impairments that is "severe." 20 CFR 404.1520(c). An impairment or combination of impairments is "severe" within the meaning of regulations if it significantly limits an individual's ability to perform basic work activities. An impairment or combination of impairments is "not severe" when medical and other evidence establish only a slight abnormality or a combination of slight abnormalities that would have no more than a minimal effect on an individual's ability to work. 20 CFR 404.1521; Social Security Rulings (SSRs) 85-28, 96-3p, and 96-4p. If the claimant does not have a severe medically determinable impairment or combination of impairments, he/she is not disabled. If the claimant has a severe impairment or combination of impairments, the analysis proceeds to the third step.

The third step in the process is to assess whether the impairment or combination of impairments meets a Social Security listing. If the impairment or combination of impairments meets or is the medically equivalent of a listed impairment as set forth in Appendix 1 and meets the durational requirements of 20 CFR 404.1509, the individual is considered disabled. If it does not, the analysis proceeds to the next step.

Before considering step four of the sequential evaluation process, the trier must determine the claimant's residual functional capacity. 20 CFR 404.1520(e). An individual's residual functional capacity is his/her ability to do physical and mental work activities on a sustained basis despite limitations from his/her impairments. In making this finding, the trier must consider all of the claimant's impairments, including impairments that are not severe. 20 CFR 404.1520(e) and 404.1545; SSR 96-8p.

The fourth step of the process is whether the claimant has the residual functional capacity to perform the requirements of his/her past relevant work. 20 CFR 404.1520(f). The term past relevant work means work performed (either as the claimant actually performed it or as is it generally performed in the national economy) within the last 15 years or 15 years prior to the date that disability must be established. If the claimant has the residual functional capacity to do his/her past relevant work, then the claimant is not disabled. If the claimant is unable to do any past relevant work or does not have any past relevant work, the analysis proceeds to the fifth step.

In the fifth step, an individual's residual functional capacity is considered in determining whether disability exists. An individual's age, education, work experience and skills are used to evaluate whether an individual has the residual functional capacity to perform work despite limitations. 20 CFR 416.920(e).

During the hearing, this Administrative Law Judge discovered that the Social Security Administration (SSA) had denied Claimant's application dated January 10, 2013, with an alleged onset date of December 26, 2012. A review of this decision revealed the same medical records submitted for consideration and the same conditions alleged by Claimant were addressed by this SSA decision issued on May 15, 2014. Claimant failed to appeal this determination. At hearing, Claimant alleged a new condition regarding his hip. This condition was not alleged on the original application for benefits and, therefore, cannot be considered for purposes of the application submitted on March 28, 2014. Based upon 42 CFR 435.541, SSA has made a final determination. Therefore, a final determination has been made on this matter per BEM 260, pp. 2-3.

Administrative Hearings' jurisdiction ends when the SSA denies the grant of benefits and an appeal of this determination is not made within 60 days. Therefore, this Administrative Law Judge does not retain jurisdiction in this matter and Claimant's request for a hearing regarding MA is **DISMISSED**.

Claimant also requested a hearing regarding the denial of State Disability Assistance (SDA) benefits. This Administrative Law Judge finds the determination made by SSA also supports the Department's determination that the Claimant is ineligible for SDA benefits as he remains capable of light work.

Claimant is an individual closely approaching advanced age. 20 CFR 416.963. Claimant has a high school education. 20 CFR 416.964. Claimant's previous work was unskilled. Federal Rule 20 CFR 404, Subpart P, Appendix 2, contains specific profiles for determining disability based on residual functional capacity and vocational profiles. Under Table I, Rule 202.13, Claimant is not disabled for purposes of the Medical Assistance and State Disability Assistance programs.

**DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled.

Accordingly, the Department's decision is hereby UPHELD.
