MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

[REDACTED]

Reg. No.: 2014-30005  
Issue No.: 2009  
Case No.: [REDACTED]  
Hearing Date: July 2, 2014  
County: Wayne (17)

**ADMINISTRATIVE LAW JUDGE:** Christian Gardocki

**HEARING DECISION**

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 7 CFR 273.15 to 273.18; 42 CFR 431.200 to 431.250; 45 CFR 99.1 to 99.33; and 45 CFR 205.10. After due notice, a telephone hearing was held on July 2, 2014, from Detroit, Michigan. Participants included the above-named Claimant. [REDACTED] testified and appeared as Claimant's authorized hearing representative. Participants on behalf of the Department of Human Services (DHS) included [REDACTED], Medical Contact Worker.

**ISSUE**

The issue is whether DHS properly denied Claimant's application for Medical Assistance (MA) for the reason that Claimant is not a disabled individual.

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On [REDACTED] Claimant applied for MA benefits, including retroactive MA benefits from [REDACTED] (see Exhibits 12-13).
2. Claimant's only basis for MA benefits was as a disabled individual.
3. On [REDACTED], the Medical Review Team (MRT) determined that Claimant was not a disabled individual (see Exhibits 12 and 14).

4. On [REDACTED], DHS denied Claimant's application for MA benefits and mailed a Notice of Case Action (Exhibits 8-11) informing Claimant of the denial.
5. On [REDACTED], Claimant's AHR requested a hearing disputing the denial of MA benefits.
6. On [REDACTED], SHRT determined that Claimant was not a disabled individual, in part, by determining that Claimant's impairments will not last 12 months.
7. On [REDACTED], an administrative hearing was held.
8. Claimant presented new medical documents (Exhibits A1-A20) at the hearing.
9. During the hearing, Claimant waived the right to receive a timely hearing decision.
10. During the hearing, Claimant and DHS waived any objections to allow the admission of additional documents considered and forwarded by SHRT.
11. On [REDACTED], an updated hearing packet was forwarded to SHRT and an Interim Order Extending the Record for Review by State Hearing Review Team was subsequently issued which extended the record 90 days from the date of hearing.
12. Due to the elimination of SHRT, a subsequent SHRT decision was not made.
13. On [REDACTED], the Michigan Administrative Hearings System received the hearing packet and updated SHRT decision.
14. As of the date of the administrative hearing, Claimant was a 66-year-old male.
15. Claimant's highest education year completed was the 3<sup>rd</sup> grade.
16. As of the date of the administrative hearing, Claimant was an ongoing Medicaid recipient.
17. Claimant alleged disability based on cardiac-related impairments.

### **CONCLUSIONS OF LAW**

The Medical Assistance (MA) program is established by the Title XIX of the Social Security Act, 42 USC 1396-1396w-5, and is implemented by 42 CFR 400.200 to 1008.59. The Department of Human Services (formerly known as the Family Independence Agency) administers the MA program pursuant to MCL 400.10 and MCL 400.105. Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM) and Department of Human Services Bridges

Eligibility Manual (BEM) and Department of Human Services Reference Tables Manual (RFT).

Prior to a substantive analysis of Claimant's hearing request, it should be noted that Claimant's AHR noted special arrangements in order to participate in the hearing; specifically, an in-person hearing was requested. Claimant's AHR's request was subsequently amended to a telephone hearing. The hearing was conducted in accordance with Claimant's AHR's amended request.

It was not disputed that DHS approved Claimant for Medicaid coverage in 1/2013, the month of Claimant's 65<sup>th</sup> birthday. Claimant only disputes MA eligibility from 12/2012.

The Medicaid program is comprised of several sub-programs which fall under one of two categories; one category is FIP-related and the second category is SSI-related. BEM 105 (10/2010), p. 1. To receive MA under an SSI-related category, the person must be aged (65 or older), blind, disabled, entitled to Medicare or formerly blind or disabled. *Id.* Families with dependent children, caretaker relatives of dependent children, persons under age 21 and pregnant, or recently pregnant, women receive MA under FIP-related categories. *Id.* AMP is an MA program available to persons not eligible for Medicaid through the SSI-related or FIP-related categories though DHS does always offer the program to applicants. It was not disputed that Claimant's only potential category for Medicaid eligibility would be as a disabled individual.

Disability for purposes of MA benefits is established if one of the following circumstances applies:

- by death (for the month of death);
- the applicant receives Supplemental Security Income (SSI) benefits;
- SSI benefits were recently terminated due to financial factors;
- the applicant receives Retirement Survivors and Disability Insurance (RSDI) on the basis of being disabled; or
- RSDI eligibility is established following denial of the MA benefit application (under certain circumstances).

BEM 260 (7/2012) pp. 1-2

There was no evidence that any of the above circumstances apply to Claimant. Accordingly, Claimant may not be considered for Medicaid eligibility without undergoing a medical review process which determines whether Claimant is a disabled individual. *Id.*, p. 2.

Generally, state agencies such as DHS must use the same definition of SSI disability as found in the federal regulations. 42 CFR 435.540(a). Disability is federally defined as the inability to do any substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905. A functionally identical definition of disability is found under DHS regulations. BEM 260 (7/2012), p. 8.

Substantial gainful activity means a person does the following:

- Performs significant duties, and
- Does them for a reasonable length of time, and
- Does a job normally done for pay or profit. *Id.*, p. 9.

Significant duties are duties used to do a job or run a business. *Id.* They must also have a degree of economic value. *Id.* The ability to run a household or take care of oneself does not, on its own, constitute substantial gainful activity. *Id.*

The person claiming a physical or mental disability has the burden to establish a disability through the use of competent medical evidence from qualified medical sources such as his or her medical history, clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for recovery and/or medical assessment of ability to do work-related activities or ability to reason and make appropriate mental adjustments, if a mental disability is alleged. 20 CFR 413.913. An individual's subjective pain complaints are not, in and of themselves, sufficient to establish disability. 20 CFR 416.908; 20 CFR 416.929(a).

Federal regulations describe a sequential five step process that is to be followed in determining whether a person is disabled. 20 CFR 416.920. If there is no finding of disability or lack of disability at each step, the process moves to the next step. 20 CFR 416.920 (a)(4).

The first step in the process considers a person's current work activity. 20 CFR 416.920 (a)(4)(i). A person who is earning more than a certain monthly amount is ordinarily considered to be engaging in SGA. The monthly amount depends on whether a person is statutorily blind or not. "Current" work activity is interpreted to include all time since the date of application. The 2012 monthly income limit considered SGA for non-blind individuals is \$1,010.

Claimant credibly denied performing any employment since the date of the MA application; no evidence was submitted to contradict Claimant's testimony. Based on the presented evidence, it is found that Claimant is not performing SGA and has not performed SGA since the date of MA application. Accordingly, the disability analysis may proceed to step two.

The second step in the disability evaluation is to determine whether a severe medically determinable physical or mental impairment exists to meet the 12 month duration requirement. 20 CFR 416.920 (a)(4)(ii). The impairments may be combined to meet the severity requirement. If a severe impairment is not found, then a person is deemed not disabled. *Id.*

The impairments must significantly limit a person's basic work activities. 20 CFR 416.920 (a)(5)(c). "Basic work activities" refers to the abilities and aptitudes necessary to do most jobs. *Id.* Examples of basic work activities include:

- physical functions (e.g. walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling)
- capacities for seeing, hearing, and speaking, understanding; carrying out, and remembering simple instructions
- use of judgment
- responding appropriately to supervision, co-workers and usual work situations; and/or
- dealing with changes in a routine work setting.

Generally, federal courts have imposed a de minimus standard upon claimants to establish the existence of a severe impairment. *Grogan v. Barnhart*, 399 F.3d 1257, 1263 (10<sup>th</sup> Cir. 2005); *Hinkle v. Apfel*, 132 F.3d 1349, 1352 (10<sup>th</sup> Cir. 1997). *Higgs v Bowen*, 880 F.2d 860, 862 (6<sup>th</sup> Cir. 1988). Similarly, Social Security Ruling 85-28 has been interpreted so that a claim may be denied at step two for lack of a severe impairment only when the medical evidence establishes a slight abnormality or combination of slight abnormalities that would have no more than a minimal effect on an individual's ability to work even if the individual's age, education, or work experience were specifically considered. *Barrientos v. Secretary of Health and Human Servs.*, 820 F.2d 1, 2 (1<sup>st</sup> Cir. 1987). Social Security Ruling 85-28 has been clarified so that the step two severity requirement is intended "to do no more than screen out groundless claims." *McDonald v. Secretary of Health and Human Servs.*, 795 F.2d 1118, 1124 (1<sup>st</sup> Cir. 1986).

SSA specifically notes that age, education, and work experience are not considered at the second step of the disability analysis. 20 CFR 416.920 (5)(c). In determining whether Claimant's impairments amount to a severe impairment, all other relevant evidence may be considered. The analysis will begin with a summary of the relevant submitted medical documentation.

A Medical Examination Report (Exhibits A1, A4) was presented. The form was unsigned and undated. The form will not be factored because its source is unknown.

Hospital documents (Exhibits 28-34) dated [REDACTED] were presented. It was noted that Claimant presented with a complaint of chest pain. It was noted that cardiac catheterization revealed 100% LAD blockage. It was noted that a drug eluting stent was placed. A diagnosis of acute myocardial infarction was noted.

Cardiologist treatment documents (Exhibits A10-A11; A16-A20) dated [REDACTED] were presented. It was noted that Claimant reported no post-procedure symptoms.

Cardiologist treatment documents (Exhibits A8-A9) dated [REDACTED] were presented. It was noted that Claimant presented for a complaint of chest pain. Assessments of angina pectoris, acute myocardial infarction, hypercholesterolemia, and CAD were noted. A stress test was noted as scheduled.

Various treatment documents (Exhibits B4-B18) from 12/2013 through 6/2014 were presented. On [REDACTED] an impression of a normal chest was noted following a chest x-ray. On [REDACTED], a Spirometry report noted a very severe respiratory restriction.

A Medical Examination Report (Exhibits B2-B3) dated [REDACTED] was presented. The form was completed by a treating physician with an approximate seven month history of treating Claimant. A listed diagnosis was not legible. An impression was given that Claimant's condition was stable. It was noted that Claimant can meet household needs. The physician opined that Claimant was restricted to occasional lifting of less than 10 pounds.

The medical evidence verified that Claimant was treated on [REDACTED] for total blockage of a descending artery. Claimant was immediately treated with a stent that appeared to resolve the blockage. Claimant presented no documents from before the stent placement. Claimant's only presented document in the subsequent 9 months verified that Claimant had no complaints.

Based on the presented evidence, Claimant failed to establish a significant impairment from 12/2012 that lasted 12 months or longer. Accordingly, Claimant did not have a severe impairment and it is found that DHS properly denied Claimant's MA eligibility.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, finds that DHS properly denied Claimant's MA benefit application dated [REDACTED] based on a determination that Claimant is not disabled. The actions taken by DHS are **AFFIRMED**.
