

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

Reg. No.: 14-001136
Issue No.: 2009, 4009
Case No.: [REDACTED]
Hearing Date: August 14, 2014
County: INGHAM

ADMINISTRATIVE LAW JUDGE: Aaron McClintic

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on August 14, 2014, from Lansing, Michigan. Participants on behalf of Claimant included Claimant. Participants on behalf of the Department of Human Services (Department) included [REDACTED].

ISSUE

Whether the Department properly determined that Claimant was not disabled for purposes of the Medical Assistance (MA) and/or State Disability Assistance (SDA) benefit programs?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P and SDA on January 10, 2014.
2. The Medical Review Team denied the application on March 26, 2014.
3. Claimant filed a request for hearing April 1, 2014, regarding the MA and SDA denials.
4. A telephone hearing was held on August 14, 2014.
5. On June 6, 2014, the State Hearing Review Team determined that Claimant retains the capacity to perform light work.
6. Claimant is 5' 9" tall and weighs 130 pounds.

7. Claimant is 38 years of age.
8. Claimant's impairments have been medically diagnosed as shoulder injury, back injury.
9. Claimant has the following symptoms: pain, fatigue, insomnia, memory and concentration problems.
10. Claimant completed high school and some college.
11. Claimant is able to read, write, and perform basic math skills.
12. Claimant is not working. Claimant last worked full time in 2012, as a factory worker.
13. Claimant lives with friends.
14. Claimant testified that he cannot perform household chores.
15. Claimant was taking no prescribed medications at the time of hearing
16. Claimant testified to the following physical limitations:
 - i. Sitting: 60 minutes
 - ii. Standing: 15-20 minutes
 - iii. Walking: 4-5 blocks
 - iv. Bend/stoop: some difficulty
 - v. Lifting: 10-15 pounds
 - vi. Grip/grasp: no limitations
17. In a consultative physical examination report, the examining physician wrote the following under "Assessment—Chronic Back Pain—the patient has had problems with lower back pain for some time now. He has had some physical therapy in the past which was not successful. On exam, he does have some tenderness in the lower lumbar and thoracic paraspinal muscles. I don't find any evidence of radiculopathy on exam today. At this point he should not be doing heavy lifting more than 25 pounds. Bilateral shoulder pain—The patient has had problems with both of the shoulders for some time now. He did have surgery on the left shoulder for a labral tear. He did fairly well after that surgery however he reinjured the shoulder approximately 4 years ago it has had problems since that time. On exam, he does have some tenderness over the posterior shoulders bilaterally and over the trapezii bilaterally. Range of motion in both of the shoulders was within normal limits. He should not do repetitive over should type activity. Right Knee Pain—the patient has been having problems with his right knee for some time now. There was no specific injury to this knee. On exam, he

does have some tenderness and slight decreased range of motion. I think he would benefit from further evaluation of this problem.”

18. In a consultative psychological evaluation dated [REDACTED], the examining psychologist stated the following under SUMMARY under relevant part: “Currently, [REDACTED] exhibits evidence of significant psychological disturbance and an underlying delusional process. He exhibits Moderately Impaired capabilities to understand, retain, and follow simple instructions and to perform and complete simple tasks. He appears to have Severely Impaired capabilities to interact appropriately and effectively with co-workers and supervisors, and to adapt to changes in the work setting. It is suspected that [REDACTED] severe psychological condition would result in Severely Impaired capacity to do work related activities.”
19. Claimant was not receiving psychiatric treatment at the time of hearing.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the MA-P program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or

which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

Federal regulations require that the Department use the same operative definition for “disabled” as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

“Disability” is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months ... 20 CFR 416.905.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, the Claimant is not working; therefore, the Claimant is not disqualified at this step in the evaluation.

The second step to be determined in considering whether the Claimant is considered disabled is the severity of the impairment. In order to qualify the impairment must be considered severe which is defined as an impairment which significantly limits an individual’s physical, or mental, ability to perform basic work activities. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers, and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In the third step of the analysis, the trier of fact must determine if the Claimant's impairment (or combination of impairments) is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that the Claimant's medical record does not support a finding that the Claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A. Listings 1.04 and 12.04 were considered.

The person claiming a physical, or mental, disability has the burden to establish it through the use of competent medical evidence from qualified medical sources such as clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for a recovery and/or medical assessment of ability to do work-related activities, or ability to reason and to make appropriate mental adjustments, if a mental disability is being alleged. 20 CFR 416.913. A conclusory statement by a physician, or mental health professional, that an individual is disabled, or blind, is not sufficient without supporting medical evidence to establish disability. 20 CFR 416.927.

The fourth step of the analysis to be considered is whether the Claimant has the ability to perform work previously performed by the Claimant within the past 15 years. The trier of fact must determine whether the impairment(s) presented prevent the Claimant from doing past relevant work. In the present case, the Claimant's past employment was as a factory worker. Working as a factory worker, as described by Claimant at hearing, would be considered medium work. The Claimant's impairments would prevent Claimant from doing past relevant work. This Administrative Law Judge will continue through step 5.

In the final step of the analysis, the trier of fact must determine: if the Claimant's impairment(s) prevent the Claimant from doing other work. 20 CFR 416.920(f). This determination is based upon the Claimant's:

1. residual functional capacity defined simply as "what can you still do despite your limitations? 20 CFR 416.945;
2. age, education, and work experience, 20 CFR 416.963-965; and
3. the kinds of work which exist in significant numbers in the national economy which the Claimant could perform despite her limitations. 20 CFR 416.966.

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated.... 20 CFR 416.945(a).

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium, and heavy. These terms have

the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor.... 20 CFR 416.967.

Sedentary work: Sedentary work involves lifting no more than 10 pounds at a time and occasionally lifting, or carrying, articles like docket files, ledgers, and small tools. Although a sedentary job is defined as one which involves sitting, a certain amount of walking and standing is often necessary in carrying out job duties. Jobs are sedentary if walking and standing are required occasionally and other sedentary criteria are met. 20 CFR 416.967(a).

Light work: Light work involves lifting no more than 20 pounds at a time with frequent lifting, or carrying, of objects weighing up to 10 pounds. Even though the weight lifted may be very little; a job is in this category when it requires a good deal of walking or standing, or when it involves sitting most of the time with some pushing and pulling of arm or leg controls.... 20 CFR 416.967(b).

Medium work: Medium work involves lifting no more than 50 pounds at a time with frequent lifting, or carrying, of objects weighing up to 25 pounds. If someone can do medium work, we determine that he or she can also do sedentary and light work. 20 CFR 416.967(c).

Heavy work: Heavy work involves lifting no more than 100 pounds at a time with frequent lifting or carrying of objects weighing up to 50 pounds. If someone can do heavy work, we determine that he or she can also do medium, light, and sedentary work. 20 CFR 416.967(d).

See *Felton v DSS* 161 Mich. App 690, 696 (1987). Once the Claimant makes it to the final step of the analysis, the Claimant has already established a prima facie case of disability. *Richardson v Secretary of Health and Human Services*, 732 Fd2 962 (6th Cir, 1984). Moving forward the burden of proof rests with the state to prove by substantial evidence that the Claimant has the residual function capacity for substantial gainful activity.

After careful review of the medical evidence presented and Claimant's statements, and considering the Claimant in the most restrictive circumstances this Administrative Law Judge finds that Claimant would be able to perform at least work on the sedentary exertional level.

This Administrative Law Judge finds that Claimant is capable of the requisite sitting, standing and walking for a sedentary job. The Claimant is a younger individual. 20 CFR 416.963. Claimant's previous work has been unskilled. Federal Rule 20 CFR 404, Subpart P, Appendix 2 contains specific profiles for determining disability based on residual functional capacity and vocational profiles. Under Table 1, Rule 201.18 the Claimant is not disabled for the purposes of MA-P and SDA. Claimant's testimony regarding his limitations and ability to sit, stand, walk, lift and carry is not supported by

substantial evidence. Claimant was not receiving psychiatric treatment at the time of hearing and failed to present sufficient medical evidence that he has an ongoing psychological impairment that is substantially limiting.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled for the purposes of MA-P eligibility.

Accordingly, the Department's decision is hereby **AFFIRMED**.
