ISSUE

Whether the Department properly determined that Claimant was not disabled for purposes of the Medical Assistance (MA) and/or State Disability Assistance (SDA) benefit programs?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P on October 28, 2013.
2. Claimant is not currently working.
3. Claimant has a medical history of congestive heart failure with uncontrolled hypertension, and chronic renal failure.
4. Claimant has had two hypertensive strokes since July, 2014.
5. Claimant was confused and unresponsive at the hearing, and was unable to testify.

6. Claimant has a history of blood clots and uncontrolled hypertension, that have appeared to have led directly to the strokes.
7. On May 27, 2014, the Medical Review Team denied MA-P, stating that Claimant could perform other work.
8. On June 4, 2014, Claimant was sent a notice of case action.
9. On June 20, 2014, Claimant filed for hearing.
10. On July 14, 2014, the State Hearing Review Team denied MA-P, stating that Claimant could perform other work.
11. On October 9, 2014, a hearing was held before the Administrative Law Judge.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by the Title XIX of the Social Security Act, 42 USC 1396-1396w-5, and is implemented by 42 CFR 400.200 to 1008.59. The Department of Human Services (formerly known as the Family Independence Agency) administers the MA program pursuant to MCL 400.10 and MCL 400.105.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. Department policies are found in BAM, BEM, and RFT. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

Federal regulations require that the Department use the same operative definition of the term “disabled” as is used by the Social Security Administration for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

Disability is defined as the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905

This is determined by a five-step sequential evaluation process where current work activity, the severity and duration of the impairment(s), statutory listings of medical

impairments, residual functional capacity, and vocational factors (i.e., age, education, and work experience) are considered. These factors are always considered in order according to the five step sequential evaluation, and when a determination can be made at any step as to the Claimant's disability status, no analysis of subsequent steps are necessary. 20 CFR 416.920

The first step that must be considered is whether the Claimant is still partaking in Substantial Gainful Activity (SGA). 20 CFR 416.920(b). To be considered disabled, a person must be unable to engage in SGA. A person who is earning more than a certain monthly amount (net of impairment-related work expenses) is ordinarily considered to be engaging in SGA. The amount of monthly earnings considered as SGA depends on the nature of a person's disability; the Social Security Act specifies a higher SGA amount for statutorily blind individuals and a lower SGA amount for non-blind individuals. Both SGA amounts increase with increases in the national average wage index. The monthly SGA amount for statutorily blind individuals for 2014 is \$1800. For non-blind individuals, the monthly SGA amount for 2014 is \$1070.

In the current case, Claimant has presented competent material evidence that they are not engaging in SGA and therefore passes the first step.

The second step that must be considered is whether or not the Claimant has a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment expected to last 90 days or more (or result in death), which significantly limits an individual's physical or mental ability to perform basic work activities. The term "basic work activities" means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6th Cir, 1988). As a result, the Department may only screen out claims at this level which are "totally groundless" solely from a medical standpoint. This is a *de minimus* standard in the

disability determination that the court may use only to disregard trifling matters. As a rule, any impairment that can reasonably be expected to significantly impair basic activities is enough to meet this standard.

In the current case, Claimant has presented competent material evidence of an impairment that meets durational requirements and therefore passes the second step.

In the third step of the sequential evaluation, we must determine if the Claimant's impairment is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. 20 CFR 416.925. This is, generally speaking, an objective standard; either Claimant's impairment is listed in this appendix, or it is not. However, at this step, a ruling against the Claimant does not direct a finding of "not disabled"; if the Claimant's impairment does not meet or equal a listing found in Appendix 1, the sequential evaluation process must continue on to step four.

The Administrative Law Judge finds that the Claimant's medical records contain medical evidence of an impairment that meets or equals listing 4.02 (B) (d) as Claimant is unable to perform an exercise test due to ataxic gait and mental confusion. Claimant also meets listing 11.04 A and B as of July, 2014. Therefore, Claimant is found statutorily disabled at step three, and the Department erred when it denied Claimant's Medicaid application for lack of disability. Claimant has been disabled since at least July, 2013.

With regard to steps 4 and 5, when a determination can be made at any step as to the Claimant's disability status, no analysis of subsequent steps are necessary. 20 CFR 416.920. Therefore, the Administrative Law Judge sees no reason to continue his analysis, as a determination can be made at step 3.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds Claimant disabled not disabled for purposes of the MA and/or SDA benefit program.

DECISION AND ORDER

Accordingly, the Department's determination is REVERSED.

THE DEPARTMENT IS ORDERED TO INITIATE THE FOLLOWING, IN ACCORDANCE WITH DEPARTMENT POLICY AND CONSISTENT WITH THIS HEARING DECISION, WITHIN 10 DAYS OF THE DATE OF MAILING OF THIS DECISION AND ORDER:

1. Process Claimant's October 28, 2013 application and award required benefits, provided Claimant meets all non-medical standards as well. The Department is further ORDERED to initiate a review of Claimant's disability case in November, 2015.
