CONCLUSIONS OF LAW

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

Current legislative amendments to the Act delineate eligibility criteria as implemented by department policy set forth in program manuals. 2004 PA 344, Sec. 604, establishes the State Disability Assistance program. It reads in part:

Sec. 604 (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempt from the Supplemental Security Income citizenship requirement who are at least 18 years of age or emancipated minors meeting one or more of the following requirements:

(b) A person with a physical or mental impairment which meets federal SSI disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Specifically, this Act provides minimal cash assistance to individuals with some type of severe, temporary disability which prevents him or her from engaging in substantial gainful work activity for at least ninety (90) days.

"Disability" is:

. . . the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905. [SDA = 90 day duration].

[As Judge] We are responsible for making the determination or decision about whether you meet the statutory definition of disability. In so doing, we review all of the medical findings and other evidence that support a medical source's statement that you are disabled. 20 CFR 416.927(e).

Claimant underwent an independent mental status evaluation on [REDACTED]. The examining psychologist indicated Claimant has been experiencing depression for over 10 years. According to Claimant's self-report along with Claimant's primary physician's medical records, Claimant has not been very responsive to psychopharmacological treatment, nor individual psychotherapy. With regards to the relationship between Claimant's depression and his possible employability, although Claimant had worked for 8 years prior to quitting to become the primary caretaker for his mother, Claimant was only working on a part-time basis. Claimant's treating physician noted that some of Claimant's difficulty in trying to obtain/maintain employment may be due to his interpersonal difficulties with others, especially whom he feels are critical of him. Diagnosis: Axis I: Depressive disorder; Axis II: Personality disorder; Axis III: Noncontributory; Axis IV: Financial stressors; grief/bereavement adjustment issues; limited emotional and social support; treatment resistant mood disorder; Axis V: GAF=[REDACTED]. The psychologist opined that while Claimant has displayed the ability to work part-time basis despite his depression that has not been very responsive to treatment, the combination of his mood disorder coupled with his interpersonal difficulties greatly limits his ability to maintain any type of full-time competitive employment.

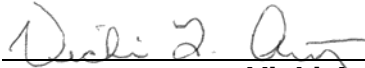

Based on Claimant's credible testimony and the medical records submitted at hearing this Administrative Law Judge finds Claimant was legally disabled for ninety (90) days. As such, the Department's denial of SDA pursuant to Claimant's February 28, 2014, SDA application cannot be upheld.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Department erred in determining that Claimant was not disabled by SDA eligibility standards.

Accordingly, the Department's decision is **REVERSED**, and this case is returned to the local office to determine whether Claimant met all the other financial and non-financial eligibility factors necessary to qualify for SDA.

It is SO ORDERED.
