IN THE MATTER OF:

██████████

Appellant

\_\_\_\_\_ /

Docket No. 14-013578 PA  
Case No. ██████████

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. Appellant appeared and testified.

██████████, Appeals Review Officer, represented the Department of Community Health (Department). ██████████, Medicaid Utilization Analyst, appeared as a witness on behalf of the Department.

**ISSUE**

Did the Department properly deny Appellant's request for prior authorization (PA) for complete upper and lower dentures?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is a ██████-year-old female Medicaid beneficiary. Appellant is a beneficiary of the SSI program.
2. On ██████████ Appellant's dentist completed a PA request for complete upper and lower dentures. Section 29 of the PA form indicates that Appellant had previously received complete upper and lower dentures on ██████████. (Exhibit A.7)
3. On ██████████, the Department issued a denial for complete upper and lower dentures on the grounds that Appellant received both on ██████████. (Exhibit A.5)
4. On ██████████, the Michigan Administrative Hearing System (MAHS) received Appellant's Request for Hearing. (Exhibit A.4)

## **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

### **1.10 PRIOR AUTHORIZATION**

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. . . .

Medicaid Provider Manual, (MPM)  
Practitioner, January 1, 2013,<sup>1</sup> page 4.

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

### **GENERAL INSTRUCTIONS**

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue....

<sup>1</sup> This edition of the MPM is identical to the version in place at the time of negative action.

\*\*\*\*

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

MPM, Dental, §6.6A, January 1, 2013, pp. 17, 18

At the hearing the Department witness testified that Appellant's request was denied for failure to meet policy requirements for prosthesis replacement on a 5-year rotation as cited above. Unrefuted evidence is that Appellant had complete upper and lower dentures placed on ██████████. The Department testified that if Appellant does not go over her cap for repairs, she should be eligible for a new set on ██████████.

Appellant argues that the dentures do not fit properly, and that Medicaid did not pay for the dentures.

Unfortunately for Appellant, as noted above, policy does not allow Medicaid payments under the 5 year rule even where the existing dentures were not obtained through Medicaid. As to Appellant's complaints regarding repair, the Department informed Appellant of the complex rule regarding repair. As noted by the Department, Appellant must be careful so as to not spend over the cap for repair so as to allow payment for new dentures after the 5 year time runs out.

Docket No. 14-013578 PA  
Decision and Order

Here, the Department's decision to deny the request for a complete set of upper and lower dentures was reached within policy as the evidence in this case presents itself and thus, the denial must be upheld.

**DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for complete upper and lower dentures.

**IT IS THEREFORE ORDERED** that:

The Department's decision is AFFIRMED.
