

**STATE OF MICHIGAN  
MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

[REDACTED]

Reg. No.: 14-015525  
Issue No.: 4009  
Case No.: [REDACTED]  
Hearing Date: December 18, 2014  
County: Cheboygan

**ADMINISTRATIVE LAW JUDGE:** Bill Sundquist

**HEARING DECISION**

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on December 18, 2014, from Lansing, Michigan. Participants on behalf of Claimant included [REDACTED]. Participants on behalf of the Department of Human Services (Department) included [REDACTED] and [REDACTED].

**ISSUE**

Whether the Department properly determined that Claimant was not disabled for purposes of the State Disability Assistance (SDA) benefit programs?

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for SDA on January 10, 2014, was denied on October 23, 2014 per BEM 261 and requested a hearing on November 6, 2014.
2. Claimant's vocational factors: Age 50, 12<sup>th</sup> grade education, and unskilled work experience.
3. Claimant's last employment ended seven years ago.
4. Alleged disabling medical disorder(s): multiple mental impairments in combination (DHS Ex A, p, 7 and 8).
5. Medical evidence of record established severe impairments in combination for the required 90 day continuous duration.

## **CONCLUSIONS OF LAW**

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

### **DISABILITY**

A person is disabled for SDA purposes if he:

- receives other specified disability-related benefits or services, or
- resides in a qualified Special Living Arrangements facility, or
- is certified as unable to work due to mental or physical disability for at least 90 days from the onset of the disability.
- is diagnosed as having Acquired Immunodeficiency Syndrome (AIDS).

If the client's circumstances change so that the basis of his/her disability is no longer valid, determine if he/she meets any of the other disability criteria. Do NOT simply initiate case closure. BEM, Item 261, p. 1.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).

2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).

3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).

4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).

5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

The claimant had the burden of proof to establish disability in accordance with steps 1-4 above... 20CFR 416.912 (a). The burden of proof shifts to the DHS at Step 5... 20CFR 416.960 (c)(2).

[In reviewing your impairment]...We need reports about your impairments from acceptable medical sources.... 20 CFR 416.913(a).

Acceptable medical verification sources are licensed physicians, osteopaths, or certified psychologists ...20CFR 416.913(a)

...The medical evidence...must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

It must allow us to determine --

- (1) The nature and limiting effects of your impairment(s) for any period in question;
- (2) The probable duration of your impairment; and
- (3) Your residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

### Step 1

...If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b).

The evidence of record established that the claimant has not engaged in substantial gainful activity since approximately 7 years ago. Therefore, the sequential evaluation is required to continue to the next step.

### Step 2

... [The record must show a severe impairment] which significantly limits your physical or mental ability to do basic work activities.... 20 CFR 416.920(c).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting.  
20 CFR 416.921(b).

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

The de minimis standard is applied to determine whether the medical evidence establishes impairments having more than a minimal effect on a person's mental or physical ability to do basic work activities.

The medical assessments should describe—

- (1) Your ability to do work-related activities such as sitting, standing, moving about, lifting, carrying, handling objects, hearing, speaking, and traveling; and
- (2) In cases of mental impairments, your ability to reason or make occupational, personal, or social adjustments...20 CFR 416.913(c).

The medical reports of record are mostly examination, diagnostic, treatment and progress reports. They do provide medical assessments of Claimant's basic work limitations for the required duration. Stated differently, the medical reports do establish whether the Claimant is impaired more than minimally for the required 90 day continuous duration.

Medical exam on [REDACTED] (before the 90 day continuous duration) states the claimants past visits on [REDACTED], [REDACTED], [REDACTED], and [REDACTED] regarding psychological limitations, included a learning disability, attention deficit disorder, alcoholism, trouble working with people, easily agitated and frustrated and sometimes combative; and that her condition will be in excess of 12 months duration; and that he will not be able to hold a full-time competitive work; and that his mental limitations will make employment extremely difficult (DHS exhibit A, page 17).

The claimants disabling symptoms are consistent with the objective medical evidence of record.

...Your symptoms, including pain, will be determined to diminish your capacity for basic work activities...to the extent that your alleged functional limitations and restrictions due to symptoms, such as pain, can reasonably be accepted as consistent with the objective medical evidence and other evidence. 20 CFR 416.929(c)(4).

...Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment.... 20 CFR 416.929(a).

...A statement by a medical source that you are "disabled" or "unable to work" does not mean that we will determine that you are disabled. 20 CFR 416.927(e).

The medical reports show that Claimant's mental examinations were not normal; and that his mental impairments were more than minimal (severe) for the required 90 day continuous duration.

The Claimant has sustained his/her burden of proof to establish a severe mental impairment in combination, instead of a non-severe impairment, for the required 90 day continuous duration.

Therefore, medical disability has been established at Step 2 by the competent, material and substantial evidence on the whole record. Therefore, the sequential evaluation is required to continue at step three.

### **Step 3**

...If you have an impairment(s) which meets the duration requirement and is listed in Appendix 1 or is equal to a listed impairment(s), we will find you disabled without considering your age, education, and work experience. 20 CFR 416.920(d).

For each of the major body systems, the List of Impairments describes impairments which are considered severe enough to prevent a person from doing any substantial gainful activity. Most of the listed impairments are permanent or expected to result in death, or make a specific statement of duration. (20 CFR 404.1525 and 416.925).

The Claimant introduced no objective medical evidence of record that his impairments meet/equal a social security listing for the required duration. Therefore, the sequential evaluation is required to continue to step four.

### **Step 4**

...If we cannot make a decision on your current work activities or medical facts alone and you have a severe impairment, we will then review your residual functional capacity and the physical and mental demands of the work you have done in the past. If you can still do this kind of work, we will find that you are not disabled. 20 CFR 416.920(e).

...We consider that your work experience applies when it was done within the last 15 years, lasted long enough for you to learn to do it, and was substantial gainful activity. We do not usually consider that work you did 15 year or more before the time we are deciding whether you are disabled applies.... 20 CFR 416.965(a).

The claimant introduced no objective medical evidence of inability to perform any past work with a severe impairment. Therefore, the sequential evaluation is required to stop at step four.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds Claimant not disabled for purposes of the SDA benefit program.

**DECISION AND ORDER**

Accordingly, the Department's determination is **AFFIRMED**.

**NOTICE OF APPEAL:** A party may appeal this Hearing Decision in the circuit court in the county in which he/she resides, or the circuit court in Ingham County, within 30 days of the receipt date.

A party may request a rehearing or reconsideration of this Hearing Decision from the Michigan Administrative Hearing System (MAHS) within 30 days of the mailing date of this Hearing Decision, or MAHS may order a rehearing or reconsideration on its own motion.

MAHS may grant a party's Request for Rehearing or Reconsideration when one of the following exists:

- Newly discovered evidence that existed at the time of the original hearing that could affect the outcome of the original hearing decision;
- Misapplication of manual policy or law in the hearing decision which led to a wrong conclusion;
- Typographical, mathematical or other obvious error in the hearing decision that affects the rights of the client;
- Failure of the ALJ to address in the hearing decision relevant issues raised in the hearing request.

The party requesting a rehearing or reconsideration must specify all reasons for the request. MAHS will not review any response to a request for rehearing/reconsideration. A request must be *received* in MAHS within 30 days of the date this Hearing Decision is mailed.

A written request may be faxed or mailed to MAHS. If submitted by fax, the written request must be faxed to (517) 335-6088 and be labeled as follows:

Attention: MAHS Rehearing/Reconsideration Request

If submitted by mail, the written request must be addressed as follows:
