

**STATE OF MICHIGAN  
MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

Reg. No.: 14-001456  
Issue No.: 4009  
Case No.:   
Hearing Date: August 12, 2014  
County: Genesee-District 6

**ADMINISTRATIVE LAW JUDGE:** William A. Sundquist

**HEARING DECISION**

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, an in person hearing was held on August 12, 2014, from Flint, Michigan. Participants on behalf of Claimant included . Participants on behalf of the Department of Human Services (Department) included .

**ISSUE**

Whether the Department properly determined that Claimant was not disabled for purposes of the State Disability Assistance (SDA) benefit programs?

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for SDA January 31, 2014, was denied on April 14, 2014 per BEM 261 and requested a hearing on April 22, 2014.
2. Claimant's vocational factors: age 50, 10th grade education, and unskilled work experience.
3. Claimant's last employment ended April 4, 2011.
4. Alleged disabling medical disorder(s): multiple mental/physical impairments in combination (DHS Ex A. p 143).
5. Medical evidence of record established non-severe impairments in combination.

## **CONCLUSIONS OF LAW**

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

Facts above are undisputed.

### **1. DISABILITY**

A person is disabled for SDA purposes if he:

- a. receives other specified disability-related benefits or services, or
- b. resides in a qualified Special Living Arrangement facility, or
- c. is certified as unable to work due to mental or physical disability for at least 90 days from the onset of the disability.
- d. is diagnosed as having Acquired Immunodeficiency Syndrome (AIDS).

If the client's circumstances change so that the basis of his/her disability is no longer valid, determine if he/she meets any of the other disability criteria. Do NOT simply initiate case closure. BEM, Item 261, p. 1.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no,

the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).

3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).

4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).

5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

The claimant had the burden of proof to establish disability in accordance with steps 1-4 above... 20CFR 416.912 (a). The burden of proof shifts to the DHS at Step 5... 20CFR 416.960 (c)(2).

[In reviewing your impairment]...We need reports about your impairments from acceptable medical sources.... 20 CFR 416.913(a).

Acceptable medical verification sources are licensed physicians, osteopaths, or certified psychologists ...20CFR 416.913(a)

...The medical evidence...must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

It must allow us to determine --

(1) The nature and limiting effects of your impairment(s) for any period in question;

(2) The probable duration of your impairment; and

(3) Your residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

### **Step 1**

...If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless

of your medical condition or your age, education, and work experience. 20 CFR 416.920(b).

The evidence of record established that the claimant has not engaged in substantial gainful activity since April 4, 2011. Therefore, the sequential evaluation is required to continue to the next step.

## Step 2

... [The record must show a severe impairment] which significantly limits your physical or mental ability to do basic work activities.... 20 CFR 416.920(c).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

The medical reports of record are examination, diagnostic, treatment and progress reports. They do not provide medical assessments of Claimant's basic work limitations for the required duration. Stated differently, the medical

reports do not establish whether the Claimant is impaired more than minimally for a 90 day continuous duration.

Mental exam on August 7, 2013 and February 27, 2014 gave the claimant GAF scores of 61 and 62, respectively (DHS exhibit A, pages 119 and 130). These scores are considered a non-severe mental impairment with occupational functioning. DS M-IV (4th edition-revised).

...Your symptoms, including pain, will be determined to diminish your capacity for basic work activities...to the extent that your alleged functional limitations and restrictions due to symptoms, such as pain, can reasonably be accepted as consistent with the objective medical evidence and other evidence. 20 CFR 416.929(c)(4).

...Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment.... 20 CFR 416.929(a).

...A statement by a medical source that you are "disabled" or "unable to work" does not mean that we will determine that you are disabled. 20 CFR 416.927(e).

The Claimant has not sustained his/her burden of proof to establish a severe mental/physical impairment in combination, instead of a non-severe impairment, for the required 90 day continuous duration.

Therefore, the sequential evaluation is required to stop at Step 2.

**If disability had not already been denied at step two, it would also be denied at steps 3 and 4.**

### **Step 3**

...If you have an impairment(s) which meets the duration requirement and is listed in Appendix 1 or is equal to a listed impairment(s), we will find you disabled without considering your age, education, and work experience. 20 CFR 416.920(d).

For each of the major body systems, the List of Impairments describes impairments which are considered severe enough to prevent a person from doing any substantial gainful activity. Most of the listed impairments are permanent or expected to result in death, or make a specific statement of duration. (20 CFR 404.1525 and 416.925).

The Claimant introduced no objective medical evidence of record that his impairments meets/equals a social security listing for the required duration. The SHRT physician agreed.

#### Step 4

...If we cannot make a decision on your current work activities or medical facts alone and you have a severe impairment, we will then review your residual functional capacity and the physical and mental demands of the work you have done in the past. If you can still do this kind of work, we will find that you are not disabled. 20 CFR 416.920(e).

...We consider that your work experience applies when it was done within the last 15 years, lasted long enough for you to learn to do it, and was substantial gainful activity. We do not usually consider that work you did 15 year or more before the time we are deciding whether you are disabled applies.... 20 CFR 416.965(a).

The claimant introduced no objective medical evidence of a severe impairment for the required 90 day continuous duration under Step 2 and inability to perform past work under Step 4.

Therefore, medical disability has not been established at Step 2, and also would not have been established at steps 3 and 4 by the competent, material and substantial evidence on the whole record

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds Claimant not disabled for purposes of the MA and/or SDA benefit program.
