2. On April 23, 2014, the Medical Review Team denied Claimant's request.
3. On May 7, 2014, Claimant submitted to the Department a request for hearing on the denial of MA. The Claimant had been approved for SDA.
4. The State Hearing Review Team (SHRT) denied Claimant's request.
5. Claimant is [REDACTED] years old.
6. Claimant completed education through [REDACTED].
7. Claimant has employment experience as an [REDACTED].

8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from osteoarthritic pain of her left hip.
10. Claimant has significant limitations on physical activities involving sitting, standing, walking, and lifting.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The Department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.

- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

In this case, the Claimant's treating physician reports that the Claimant was treated with an appropriate operative fixation of her hip fracture which has gone on to relatively rapid and uneventful healing. However, her preexistent osteoarthritis is worsened and is now the chief source of her present disability. The Claimant's treating physician reports that she is currently dependent upon a walker. Without it, even using a cane, she tends to fall secondary to pain and poor balance. Even with the walker she is having difficulty with weight bearing activities and cannot walk in excess of ½ blocks. The Claimant is

due to have hip [REDACTED] with an anticipated recovery from that procedure of about four months.

The Claimant's treating physician indicates that the Claimant is never to lift any weight, even less than 10 pounds. The Claimant can stand or walk less than two hours in a six-hour workday. The Claimant can use her right foot and leg to operate foot and leg controls. The Claimant can use her hands and arms for simple grasping, reaching, pushing/pulling and fine manipulating, but only in a sitting position. The Claimant's treating physician reports that the Claimant's condition is deteriorating.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 1.03 or its equivalent, as she has an inability to ambulate effectively, as defined in 1.00 B2b. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of December 2013.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated March 4, 2014, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for March 2015.
