MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF:

Reg. No.: 14-014155
Issue No.: 4009
Case No.: [REDACTED]
Hearing Date: November 20, 2014
County: Ionia

ADMINISTRATIVE LAW JUDGE: Landis Y. Lain

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on November 20, 2014, from Lansing, Michigan. Participants on behalf of Claimant included claimant. Participants on behalf of the Department of Human Services (Department) included [REDACTED], Eligibility Specialist acting as Hearings Facilitator.

ISSUE

Did the Department of Human Services (the department) properly determine that claimant was no longer disabled and deny the review application for State Disability Assistance (SDA) based upon medical improvement?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Claimant was a State Disability Assistance benefit recipient.
2. On August 30, 2014, claimant filed a review application for Medical Assistance and State Disability Assistance benefits alleging continued disability. Claimant was granted the Healthy Michigan Medical Plan.
3. On September 19, 2014, the Medical Review Team denied claimant's application stating that claimant had medical improvement. Claimant also had excess income for purposes of State Disability Assistance based upon her employment during the month of September.

4. On September 25, 2014, the department caseworker sent claimant notice that his Medical Assistance case would be cancelled based upon medical improvement.
5. On October 6, 2014, claimant filed a request for a hearing to contest the department's negative action.
6. Claimant is a 32-year-old woman whose birth date is [REDACTED]. Claimant is 5'6" tall and weighs 142 pounds. Claimant is a high school graduate and attended one year of college. Claimant is able to read and write and does have basis math skills.
7. Claimant last worked in September and October 2014 at a market making pizza and stocking shelves. Claimant has also been employed at Little Caesars making pizza and cashiering.
8. Claimant was receiving medical assistance and state disability assistance based upon approval by Administrative Law Judge Vicki Armstrong dated January 10, 2013.
9. Claimant alleges as disabling impairments: chronic obstructive pulmonary disease, shaking, irritable bowel syndrome, scoliosis, osteoporosis, pain in the hip and back, depression, anxiety, fear, anger and endometriosis.

CONCLUSIONS OF LAW

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An opportunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a department decision affecting eligibility or benefit levels whenever it is believed that the decision is incorrect. The department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance program differs from the federal Medical Assistance regulations in that the durational requirement is 90 days. This means that the person's impairments must meet the SSI disability standards for 90 days in order for that person to be eligible for SDA benefits.

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

In general, claimant has the responsibility to prove that he/she is disabled. Claimant's impairment must result from anatomical, physiological, or psychological abnormalities which can be shown by medically acceptable clinical and laboratory diagnostic techniques. A physical or mental impairment must be established by medical evidence consisting of signs, symptoms, and laboratory findings, not only claimant's statement of symptoms. 20 CFR 416.908; 20 CFR 416.927. Proof must be in the form of medical evidence showing that the claimant has an impairment and the nature and extent of its severity. 20 CFR 416.912. Information must be sufficient to enable a determination as to the nature and limiting effects of the impairment for the period in question, the probable duration of the impairment and the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913.

Once an individual has been determined to be "disabled" for purposes of disability benefits, continued entitlement to benefits must be periodically reviewed. In evaluating whether an individual's disability continues, 20 CFR 416.994 requires the trier of fact to follow a sequential evaluation process by which current work activities, severity of impairment(s), and the possibility of medical improvement and its relationship to the individual's ability to work are assessed. Review may cease and benefits may be continued at any point if there is substantial evidence to find that the individual is unable to engage in substantial gainful activity. 20 CFR 416.994(b)(5).

First, the trier of fact must determine if the individual is working and if work is substantial gainful activity. 20 CFR 416.994(b)(5)(i). In this case, the claimant is not engaged in substantial gainful activity and has not worked since approximately **2014**.

Secondly, if the individual has an impairment or combination of impairments which meet or equal the severity of an impairment listed in Appendix 1 to Subpart P of Part 404 of Chapter 20, disability is found to continue. 20 CFR 416.994(b)(5)(ii).

A medical examination report dated September 5, 2014 indicates that claimant was diagnosed with posttraumatic stress disorder, anxiety, hypotension, irritable bowel syndrome and asthma. She was 65 inches tall and weighed 149 pounds. Her blood pressure was 90/62 is left hand dominant, page 25. She had fatigue and chronic low-grade pain. She is right eye vision issues and occasional wheezing in the respiratory area. She had palpitations of hypotension the cardiovascular area. She had irritable bowel syndrome with diarrhea/constipation. She had back pain and muscle pain as well as depression and anxiety. The clinical impression is that she was stable and unchanged. She could occasionally carry 20 pounds or less and never carry 25 pounds or more. She can stand or walk at least two hours in an eight hour workday. She can use her upper extremities for simple grasping, reaching a pushing and pulling. She

could operate foot and leg controllable feet and legs, page 26. She has some limitations in her ability for sustained concentration and social interaction, page 27.

A [REDACTED], physical report indicates that claimant was an hundred 49 pounds with 67 inches tall. Her body mass index was 23.34. Her temperature was 96.8°F. Pulse was 95 and regular. Respiration was 18 unlabored. Pulse oximetry on room air was 98%. Blood pressure was 100/70, page 30. Her mental status was alert. The overall examination of patient scan revealed no rashes. Her chest and lungs were clear to auscultation but there were decreased breath sounds in both lung fields. She was diagnosed with low back pain, gastritis, and chronic bronchitis, page 31. Claimant was using tobacco and smoking 5 to 6 cigarettes per day and also using marijuana, page 32.

At Step 2, claimant's impairments do no equal or meet the severity of an impairment listed in Appendix 1.

In the third step of the sequential evaluation, the trier of fact must determine whether there has been medical improvement as defined in 20 CFR 416.994(b)(1)(i). 20 CFR 416.994 (b)(5)(iii). Medical improvement is defined as any decrease in the medical severity of the impairment(s) which was present at the time of the most recent favorable medical decision that the claimant was disabled or continues to be disabled. A determination that there has been a decrease in medical severity must be based on changes (improvement) in the symptoms, signs, and/or laboratory findings associated with claimant's impairment(s). If there has been medical improvement as shown by a decrease in medical severity, the trier of fact must proceed to Step 4 (which examines whether the medical improvement is related to the claimant's ability to do work). If there has been no decrease in medical severity and thus no medical improvement, the trier of fact moves to Step 5 in the sequential evaluation process.

In the instant case, this Administrative Law Judge finds that claimant does have medical improvement and her medical improvement is related to the claimant's ability to perform substantial gainful activity.

If there is a finding of medical improvement related to claimant's ability to perform work, the trier of fact is to move to Step 6 in the sequential evaluation process.

In the sixth step of the sequential evaluation, the trier of fact is to determine whether the claimant's current impairment(s) is severe per 20 CFR 416.921. 20 CFR 416.994(b)(5)(vi). If the residual functional capacity assessment reveals significant limitations upon a claimant's ability to engage in basic work activities, the trier of fact moves to Step 7 in the sequential evaluation process. In this case, this Administrative Law Judge finds claimant can perform at least sedentary work even with the impairments.

In the seventh step of the sequential evaluation, the trier of fact is to assess a claimant's current ability to engage in substantial gainful activities in accordance with 20 CFR 416.960 through 416.969. 20 CFR 416.994(b)(5)(vii). The trier of fact is to assess the claimant's current residual functional capacity based on all current impairments and

consider whether the claimant can still do work he/she has done in the past. In this case, this Administrative Law Judge finds that claimant could probably perform past work as a research assistant.

In the final step, Step 8, of the sequential evaluation, the trier of fact is to consider whether the claimant can do any other work, given the claimant's residual function capacity and claimant's age, education, and past work experience. 20 CFR 416.994(b)(5)(viii). vocational profile of **a younger individual age 32, with a high school education and a history of unskilled light work**, MA-P is denied using Vocational Rule **202.21** as a guide. Claimant can perform other work in the form of light work per 20 CFR 416.967(b). This Administrative Law Judge finds that claimant does have medical improvement in this case and the department has established by the necessary, competent, material and substantial evidence on the record that it was acting in compliance with department policy when it proposed to cancel claimant's State Disability Assistance benefits based upon medical improvement.

The Federal Regulations at 20 CFR 404.1535 speak to the determination of whether Drug Addiction and Alcoholism (DAA) is material to a person's disability and when benefits will or will not be approved. The regulations require the disability analysis be completed prior to a determination of whether a person's drug and alcohol use is material. It is only when a person meets the disability criterion, as set forth in the regulations, that the issue of materiality becomes relevant. In such cases, the regulations require a sixth step to determine the materiality of DAA to a person's disability.

When the record contains evidence of DAA, a determination must be made whether or not the person would continue to be disabled if the individual stopped using drugs or alcohol. The trier of fact must determine what, if any, of the physical or mental limitations would remain if the person were to stop the use of the drugs or alcohol and whether any of these remaining limitations would be disabling.

Claimant's testimony and the information indicate that claimant has a history of **tobacco, drug, or alcohol abuse**. Applicable herein is the Drug Abuse and Alcohol (DA&A) Legislation, Public Law 104-121, Section 105(b)(1), 110 STAT. 853, 42 USC 423(d)(2)(C), 1382(c)(a)(3)(J) Supplement Five 1999. The law indicates that individuals are not eligible and/or are not disabled where drug addiction or alcoholism is a contributing factor material to the determination of disability. After a careful review of the credible and substantial evidence on the whole record, this Administrative Law Judge finds that claimant does not meet the statutory disability definition under the authority of the DA&A Legislation because her substance abuse is material to her alleged impairment and alleged disability.

It should be noted that claimant continues to smoke despite the fact that her doctor has told her to quit. Claimant is not in compliance with her treatment program.

If an individual fails to follow prescribed treatment which would be expected to restore their ability to engage in substantial activity without good cause there will not be a finding of disability.... 20 CFR 416.994(b)(4)(iv).

The department's Program Eligibility Manual contains the following policy statements and instructions for caseworkers regarding the State Disability Assistance program: to receive State Disability Assistance, a person must be disabled, caring for a disabled person or age 65 or older. PEM, Item 261, page 1. Because the claimant does not meet the definition of disabled under the MA-P program and because the evidence of record does not establish that claimant is unable to work for a period exceeding 90 days, the claimant does not meet the disability criteria for State Disability Assistance benefits based upon disability.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the department has appropriately established on the record that it was acting in compliance with department policy when it denied claimant's continued disability and application State Disability Assistance benefits based upon disability. The claimant should be able to perform a wide range of light or sedentary work even with the impairments. The department has established its case by a preponderance of the evidence. Claimant does have medical improvement based upon the objective medical findings in the file.

Accordingly, the department's decision is **AFFIRMED**.

NOTICE OF APPEAL: The claimant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely Request for Rehearing or Reconsideration was made, within 30 days of the receipt date of the Decision and Order of Reconsideration or Rehearing Decision.

Michigan Administrative Hearing System (MAHS) may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. MAHS will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request (60 days for FAP cases).

A Request for Rehearing or Reconsideration may be granted when one of the following exists:

- Newly discovered evidence that existed at the time of the original hearing that could affect the outcome of the original hearing decision;
- Misapplication of manual policy or law in the hearing decision which led to a wrong conclusion;
- Typographical, mathematical or other obvious error in the hearing decision that affects the rights of the client;
- Failure of the ALJ to address in the hearing decision relevant issues raised in the hearing request.

The Department, AHR or the claimant must specify all reasons for the request. MAHS will not review any response to a request for rehearing/reconsideration. A request must be *received* in MAHS within 30 days of the date the hearing decision is mailed.

The written request must be faxed to (517) 335-6088 and be labeled as follows:
