Case No.: ██████████
Hearing Date: February 19, 2014
County: Macomb (50-12)

ADMINISTRATIVE LAW JUDGE: Jonathan W. Owens

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. Participants on behalf of the Department of Human Services (Department) included ██████████
██████████

The record was extended to allow additional relevant medical evidence to be submitted. Claimant waived timeliness. The additional medical evidence was received and submitted to the State Hearing Review Team (SHRT) for review prior to this decision being issued. SHRT, however failed to review the additional medical dated after March 2013 submitted for review and instead relied upon a Social Security Disability Determination Examination (SSA/DDE) report drafted on March 20, 2013.

ISSUE

Whether the Department properly determined that Claimant is not "disabled" for purposes of the State Disability Assistance (SDA) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On April 24, 2013, Claimant applied for MA-P and SDA.
2. On July 12, 2013, the Medical Review Team denied Claimant's request.

3. On July 25, 2013, Claimant submitted to the Department a request for hearing regarding the denial of her SDA benefits. No hearing request was filed for the MA benefit denial.
4. SHRT denied Claimant's request.
5. Claimant is 36 years old.
6. Claimant completed education through a GED.
7. Claimant has employment experience (last worked 2011) as a medical receptionist for eight months. Her work history revolves around medical records and receptionist work.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from depressive disorder, attention deficit hyperactivity disorder, panic disorder without agoraphobia and history of obsessive compulsive disorder.
10. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

CONCLUSIONS OF LAW

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement

who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: everything takes a long time to complete, has to clean everything before she can touch or use it, symptoms get worse when under stress, she has gotten worse, feels the need to sneak to clean, fears about getting sick and her parents getting sick, isolates herself in the home, needs help with grocery shopping, crying spells, overwhelming to be out in the public, occasional thoughts of suicide, struggles with concentration, uses a lot of cleaning products, has issues with bloody nose, uses disposable items for food eating and heightened sense of smell.

Claimant's therapist testified that Claimant is not able to complete basic tasks because of the preoccupation with cleaning. Claimant is fearful of leaving the home due to fears of getting sick. Claimant is uncomfortable waiting in the therapist's office and avoids sitting on chairs. Claimant's anxiety levels are extreme and she is incapable of performing any type of employment.

Claimant's treating physician noted that Claimant's GAF was 38. This physician noted that Claimant was moderately to markedly limited in eighteen of the twenty areas of the mental residual functional assessment.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 12.04 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of April 2013.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated April 24, 2013, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for July 2015.
