

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

Reg. No.: 2014-12523
Issue No.: 2009; 4009
Case No.: [REDACTED]
Hearing Date: April 16, 2014
County: St. Clair

ADMINISTRATIVE LAW JUDGE: Vicki L. Armstrong

HEARING DECISION

This matter is before the undersigned Administrative Law Judge upon Claimant's request for a hearing made pursuant to Michigan Compiled Laws 400.9 and 400.37, which govern the administrative hearing and appeal process. After due notice, a telephone hearing was conducted from Lansing, Michigan. Claimant personally appeared and testified. Participants on behalf of the Department of Human Services (Department) included Family Independence Manager [REDACTED] and Eligibility Specialist [REDACTED].

During the hearing, Claimant waived the time period for the issuance of this decision in order to allow for the submission of additional medical evidence. The new evidence was forwarded to the State Hearing Review Team ("SHRT") for consideration. On June 9, 2014, the SHRT found Claimant was not disabled. This matter is now before the undersigned for a final decision.

ISSUE

Whether the Department properly denied Claimant's Medical Assistance (MA), Retro-MA and State Disability Assistance (SDA) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On September 19, 2013, Claimant filed an application for MA/Retro-MA and SDA benefits alleging disability.
2. On October 28, 2013, the Medical Review Team (MRT) denied Claimant's application for MA/Retro-MA and SDA for lack of duration.
3. On November 4, 2013, the Department sent Claimant notice that her application for MA/Retro-MA and SDA had been denied.

4. On November 13, 2013, Claimant filed a request for a hearing to contest the Department's negative action.
5. On January 8, 2014, the State Hearing Review Team (SHRT) found Claimant was not disabled and that she retained the capacity to perform light work. SDA was denied for lack of duration.
6. Claimant was appealing the denial of Social Security disability benefits at the time of the hearing.
7. Claimant is a 51 year old woman born on [REDACTED].
8. Claimant is 5'10" tall and weighs 236 lbs.
9. Claimant does not have a drug or alcohol problem. Claimant smokes five cigarettes a day.
10. Claimant has a driver's license and has not driven since 2012.
11. Claimant has an eleventh grade education.
12. Claimant is not currently working and last worked in November, 2009.
13. Claimant alleges disability on the basis of severe degenerative disc disease, cervicalgia, lumbago, chronic pain syndrome, bilateral hip replacements, chronic obstructive pulmonary disease, osteoarthritis, mild polyneuropathy, shingles and anxiety.
14. Claimant's impairments have lasted, or are expected to last, continuously for a period of twelve months or longer.
15. Claimant's complaints and allegations concerning her impairments and limitations, when considered in light of all objective medical evidence, as well as the record as a whole, reflect an individual who is so impaired as to be incapable of engaging in any substantial gainful activity on a regular and continuing basis.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and Mich Admin Code, Rules 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Reference Tables Manual (RFT).

Current legislative amendments to the Act delineate eligibility criteria as implemented by department policy set forth in program manuals. 2004 PA 344, Sec. 604, establishes the State Disability Assistance program. It reads in part:

Sec. 604 (1). The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempt from the Supplemental Security Income citizenship requirement who are at least 18 years of age or emancipated minors meeting one or more of the following requirements:

(b) A person with a physical or mental impairment which meets federal SSI disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Specifically, this Act provides minimal cash assistance to individuals with some type of severe, temporary disability which prevents him or her from engaging in substantial gainful work activity for at least ninety (90) days.

In order to receive MA benefits based upon disability or blindness, claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20 CFR 416.901). DHS, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA applications. MA-P (disability), also is known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses. Michigan administers the federal Medicaid program. In assessing eligibility, Michigan utilizes the federal regulations.

Relevant federal guidelines provide in pertinent part:

"Disability" is:

. . . the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905.

The federal regulations require that several considerations be analyzed in sequential order:

. . . We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further. 20 CFR 416.920.

The regulations require that if disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b). If no, the analysis continues to Step 2.
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.909(c).
3. Does the impairment appear on a special Listing of Impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment that meets the duration requirement? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.920(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. Sections 200.00-204.00(f)?
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? This step considers the residual functional capacity, age, education, and past work experience to see if the client can do other work. If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(g).

At application Claimant has the burden of proof pursuant to:

. . . You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

Federal regulations are very specific regarding the type of medical evidence required by claimant to establish statutory disability. The regulations essentially require laboratory or clinical medical reports that corroborate claimant's claims or claimant's physicians' statements regarding disability. These regulations state in part:

Medical reports should include --

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as ultrasounds, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms). 20 CFR 416.913(b).

Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment. 20 CFR 416.929(a). The medical evidence must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

Information from other sources may also help us to understand how your impairment(s) affects your ability to work. 20 CFR 416.913(e). You can only be found disabled if you are unable to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. See 20 CFR 416.905. Your impairment must result from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques. 20 CFR 416.927(a)(1).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

Applying the sequential analysis herein, Claimant is not ineligible at the first step as Claimant is not currently working. 20 CFR 416.920(b). The analysis continues.

The second step of the analysis looks at a two-fold assessment of duration and severity. 20 CFR 416.920(c). This second step is a *de minimus* standard.

The medical information indicates that Claimant suffers from severe degenerative disc disease, cervicalgia, lumbago, chronic pain syndrome, bilateral hip replacements, chronic obstructive pulmonary disease, osteoarthritis, mild polyneuropathy, shingles and anxiety. Ruling any ambiguities in Claimant's favor, this Administrative Law Judge (ALJ) finds that Claimant meets duration and severity. The analysis continues.

The third step of the analysis looks at whether an individual meets or equals one of the Listings of Impairments. 20 CFR 416.920(d). Claimant does not. The analysis continues.

Claimant has been medically described as obese which condition likely exacerbates her impairments.

Obesity is a medically determinable impairment that is often associated with disturbance of the respiratory system, and disturbance of this system can be a major cause of disability in individuals with obesity. The combined effects of obesity with respiratory impairments can be greater than the effects of each of the impairments considered separately. Therefore, when determining whether an individual with obesity has a listing-level impairment or combination of impairments, and when assessing a claim at other steps of the sequential evaluation process, including when assessing an individual's residual functional capacity, adjudicators must consider any additional and cumulative effects of obesity. Listing 3.00(l).

The fourth step of the analysis looks at the ability of the applicant to return to past relevant work. This step examines the physical and mental demands of the work done by Claimant in the past. 20 CFR 416.920(f). Claimant's past work history is that of a waitress and bar tender, and as such, Claimant would be unable to perform the duties associated with her past work. Likewise, Claimant's past work skills will not transfer to other occupations. Accordingly, Step 5 of the sequential analysis is required.

The fifth and final step of the sequential consideration of a disability claim, the trier of fact must determine if the claimant's impairment(s) prevents claimant from doing other work. 20 CFR 416.920(f). This determination is based upon Claimant's:

- (1) residual functional capacity defined simply as "what can you still do despite your limitations?" 20 CFR 416.945;
- (2) age, education, and work experience, 20 CFR 416.963-.965; and

- (3) the kinds of work which exist in significant numbers in the national economy which the claimant could perform despite his/her limitations. 20 CFR 416.966.

See *Felton v DSS* 161 Mich. App 690, 696 (1987). Once Claimant reaches Step 5 in the sequential review process, Claimant has already established a *prima facie* case of disability. *Richardson v Secretary of Health and Human Services*, 735 F2d 962 (6th Cir, 1984). At that point, the burden of proof is on the state to prove by substantial evidence that Claimant has the residual functional capacity for substantial gainful activity.

Claimant credibly testified that she has a limited tolerance for physical activities and is unable to stand or sit for lengthy periods of time. She has been using a walker since June, 2013, and she uses a wheelchair when she leaves the home. She no longer grocery shops but use to use a motorized cart when grocery shopping.

After careful review of Claimant's medical records and the Administrative Law Judge's personal interaction with Claimant at the hearing, this Administrative Law Judge finds that Claimant's exertional and non-exertional impairments render Claimant unable to engage in a full range of even sedentary work activities on a regular and continuing basis. 20 CFR 404, Subpart P. Appendix 11, Section 201.00(h). See Social Security Ruling 83-10; *Wilson v Heckler*, 743 F2d 216 (1986). Based on Claimant's vocational profile (approaching advance age, Claimant is 51, with an eleventh grade education and an unskilled work history), this Administrative Law Judge finds Claimant's MA/Retro-MA and SDA benefits are approved using Vocational Rule 201.12 as a guide. Consequently, the department's denial of her September 19, 2013, MA/Retro-MA and SDA application cannot be upheld.

A person is considered disabled for purposes of SDA if the person has a physical or mental impairment which meets federal SSI disability standards for at least 90 days. Receipt of SSI or RSDI benefits based upon disability or blindness or the receipt of MA benefits based upon disability or blindness automatically qualifies an individual as disabled for purposes of the SDA program. Other specific financial and non-financial eligibility criteria are found in BEM 261. Inasmuch as Claimant has been found "disabled" for purposes of MA, she must also be found "disabled" for purposes of SDA benefits.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides the Department erred in determining Claimant is not currently disabled for MA/Retro-MA and SDA eligibility purposes.

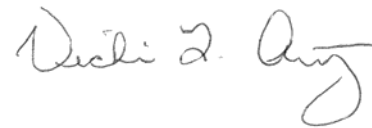

Accordingly, the Department's decision is **REVERSED**, and it is ORDERED that:

1. The Department shall process Claimant's September 19, 2013, MA/Retro-MA and SDA application, and shall award her all the benefits

she may be entitled to receive, as long as she meets the remaining financial and non-financial eligibility factors.

2. The Department shall review Claimant's medical condition for improvement in June, 2015, unless her Social Security Administration disability status is approved by that time.
3. The Department shall obtain updated medical evidence from Claimant's treating physicians, physical therapists, pain clinic notes, etc. regarding her continued treatment, progress and prognosis at review.

It is SO ORDERED.
