

**STATE OF MICHIGAN  
MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

[REDACTED]

Reg. No.: 2014-13441  
Issue No.: 2009  
Case No.: [REDACTED]  
Hearing Date: February 24, 2014  
County: Wayne (17)

**ADMINISTRATIVE LAW JUDGE: Susan C. Burke**

**HEARING DECISION**

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a hearing was held on February 24, 2014, in Detroit, Michigan. Participants on behalf of Claimant included Claimant and Claimant's Authorized Hearing Representative, [REDACTED]. Participants on behalf of the Department of Human Services (Department) included [REDACTED], MCW.

During the hearing, Claimant waived the time period for the issuance of this decision in order to allow for the submission of additional medical records. The evidence was received, reviewed, and forwarded to the State Hearing Review Team (SHRT) for consideration. On [REDACTED], this office received the SHRT determination which found Claimant not disabled. This matter is now before the undersigned for a final decision.

**ISSUE**

Whether the Department properly determined that Claimant was not disabled for purposes of the Medical Assistance (MA) benefit program.

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant submitted an application for public assistance seeking MA benefits and Retroactive MA benefits on [REDACTED].
2. On [REDACTED], the Medical Review Team (MRT) determined that Claimant was not disabled.
3. The Department notified Claimant of the MRT determination on [REDACTED].
4. On [REDACTED], the Department received Claimant's timely written request for hearing.
5. On [REDACTED], SHRT found Claimant not disabled.
6. During the hearing, Claimant waived the time period for the issuance of this decision in order to allow for the submission of additional medical records. The evidence was received at the hearing, reviewed, and forwarded to SHRT for consideration. On [REDACTED], this office received the SHRT determination, which found Claimant not disabled.
7. At the time of the hearing, the Claimant was 46 years old with a birth date of [REDACTED].
8. Claimant has a high school education.
9. Claimant is not currently working.
10. Claimant was found to have decreased joint space, weakness of the left dorsiflexors and decreased sensation of the left lower extremity, both with L4 and L5 dermatome and weakness with plantar flexion. (Exhibit A, p. 24) Claimant was placed on a left knee medial compartment Unloader brace (Exhibit A, p. 21), and uses a walker and a cane.
11. Claimant's impairments have lasted, or are expected to last, continuously for a period of twelve months or longer.
12. Claimant's complaints and allegations concerning his impairments and limitations, when considered in light of all objective medical evidence, as well as the record as a whole, reflect an individual who is so impaired as to be incapable of engaging in any substantial gainful activity on a regular and continuing basis.

### **CONCLUSIONS OF LAW**

The Medical Assistance program is established by Subchapter XIX of Chapter 7 of The Public Health & Welfare Act, 42 USC 1397, and is administered by the Department of Human Services, formerly known as the Family Independence Agency, pursuant to MCL 400.10 *et seq.* and MCL 400.105. Department policies are found in the Bridges Administrative Manual (“BAM”), the Bridges Eligibility Manual (“BEM”), and the Bridges Reference Tables (“RFT”).

Federal regulations require that the Department use the same operative definition for “disabled” as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

“Disability” is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months ... 20 CFR 416.905.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), statutory listings of medical impairments, residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. (SGA) 20 CFR 416.920(b).

In this case, Claimant is not currently working. Claimant testified credibly that he is not currently working and the Department presented no contradictory evidence. Therefore, Claimant is not disqualified for MA at this step in the sequential evaluation process.

Second, in order to be considered disabled for purposes of MA, a person must have a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment expected to last twelve months or more (or result in death) which significantly limits an individual’s physical or mental ability to perform basic work activities. The term “basic work activities” means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6<sup>th</sup> Cir, 1988). As a result, the Department may only screen out claims at this level which are “totally groundless” solely from a medical standpoint. The *Higgs* court used the severity requirement as a “*de minimus* hurdle” in the disability determination. The *de minimus* standard is a provision of a law that allows the court to disregard trifling matters.

In this case, medical evidence has clearly established that Claimant has an impairment (or combination of impairments) that has more than a minimal effect on Claimant’s work activities. Claimant was found to have decreased joint space, weakness of the left dorsiflexors and decreased sensation of the left lower extremity, both with L4 and L5 dermatome and weakness with plantar flexion. (Exhibit A, p. 24); Claimant was placed on a left knee medial compartment Unloader brace (Exhibit A, p. 21)

In the third step of the sequential analysis of a disability claim, the trier of fact must determine if the Claimant’s impairment, or combination of impairments, meets or medically equals the criteria of an impairment listed in Appendix 1 of Subpart P of 20 CFR, Part 404. (20 CFR 416.920 (d), 416.925, and 416.926.) This Administrative Law Judge finds that the Claimant’s medical record will support a finding that Claimant’s impairment(s) is a “listed impairment” or is medically equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR, Part 404, Part A.

In the present case, Claimant has alleged disability due to *inter alia* arthritis in knee and numbness in feet. (Exhibit 1, p. 17)

Listing 1.00 defines musculoskeletal system impairments. Disorders of the musculoskeletal system may result from hereditary, congenital, or acquired pathologic

processes. 1.00A Impairments may result from infectious, inflammatory, or degenerative processes, traumatic or developmental events, or neoplastic, vascular, or toxic/metabolic diseases. 1.00A Regardless of the cause(s) of a musculoskeletal impairment, functional loss for purposes of these listings is defined as the inability to ambulate effectively on a sustained basis for any reason, including pain associated with the underlying musculoskeletal impairment, or the inability to perform fine and gross movements effectively on a sustained basis for any reason, including pain associated with the underlying musculoskeletal impairment. Inability to ambulate effectively means an extreme limitation of the ability to walk; i.e., an impairment(s) that interferes very seriously with the individual's ability to independently initiate, sustain, or complete activities. 1.00B2b(1) Ineffective ambulation is defined generally as having insufficient lower extremity function to permit independent ambulation without the use of a hand-held assistive device(s) that limits the functioning of both upper extremities. (Listing 1.05C is an exception to this general definition because the individual has the use of only one upper extremity due to amputation of a hand.) *Id.* To ambulate effectively, individuals must be capable of sustaining a reasonable walking pace over a sufficient distance to be able to carry out activities of daily living. 1.00B2b(2) They must have the ability to travel without companion assistance to and from a place of employment or school. . . . *Id.* When an individual's impairment involves a lower extremity uses a hand-held assistive device, such as a cane, crutch or walker, the medical basis for use of the device should be documented. 1.00J4 The requirement to use a hand-held assistive device may also impact an individual's functional capacity by virtue of the fact that one or both upper extremities are not available for such activities as lifting, carrying, pushing, and pulling. *Id.*

Categories of Musculoskeletal include:

**1.02 Major dysfunction of a joint(s) (due to any cause):**

Characterized by gross anatomical deformity (e.g., subluxation, contracture, bony or fibrous ankylosis, instability) and chronic joint pain and stiffness with signs of limitation of motion or other abnormal motion of the affected joint(s), and findings on appropriate medically acceptable imaging of joint space narrowing, bony destruction, or ankylosis of the affected joint(s). With:

A. Involvement of one major peripheral weight-bearing joint (i.e., hip, knee, or ankle), resulting in inability to ambulate effectively, as defined in 1.00B2b:

To ambulate effectively, individuals must be capable of sustaining a reasonable walking pace over a sufficient

distance to be able to carry out activities of daily living. They must have the ability to travel without companion assistance to and from a place of employment or school. Therefore, examples of ineffective ambulation include, but are not limited to, the inability to walk without the use of a walker, two crutches or two canes, the inability to walk a block at a reasonable pace on rough or uneven surfaces, the inability to use standard public transportation, the inability to carry out routine ambulatory activities, such as shopping and banking, and the inability to climb a few steps at a reasonable pace with the use of a single hand rail. The ability to walk independently about one's home without the use of assistive devices does not, in and of itself, constitute effective ambulation.

In this case, Claimant was involved in a motor vehicle accident in 2008. The objective evidence reveals that on [REDACTED], Claimant was found to have decreased joint space, weakness of the left dorsiflexors and decreased sensation of the left lower extremity, both with L4 and L5 dermatome and weakness with plantar flexion. (Exhibit A, p. 24) Claimant was placed on a left knee medial compartment Unloader brace (Exhibit A, p. 21) Claimant uses a walker and a cane. Based on the medical evidence alone, Claimant's impairment(s) meet, or are the medical equivalent thereof, a listing impairment within Listing 1.00, specifically 1.02.

Accordingly, Claimant is found disabled at Step 3 with no further analysis required.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds the Claimant disabled for purposes of the MA benefit program.

Accordingly, it is ORDERED:

1. The Department's determination is REVERSED.
2. The Department shall initiate processing of the [REDACTED] application to determine if all non-medical criteria are met and inform Claimant of the determination in accordance with Department policy.

2011-25933/CMM

3. The Department shall review Claimant's continued eligibility in July of 2015, in accordance with Department policy.

Susan C. Burke  
Administrative Law Judge  
For Maura Corrigan, Director  
Department of Human Services

Date Signed: 5/20/2014

Date Mailed: 5/20/2014

**NOTICE OF APPEAL:** Michigan Administrative Hearing System (MAHS) may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. MAHS will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request (60 days for FAP cases).

The claimant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely Request for Rehearing or Reconsideration was made, within 30 days of the receipt date of the Decision and Order of Reconsideration or Rehearing Decision.

A Request for Rehearing or Reconsideration may be granted when one of the following exists:

- Newly discovered evidence that existed at the time of the original hearing that could affect the outcome of the original hearing decision;
- Misapplication of manual policy or law in the hearing decision which led to a wrong conclusion;
- Typographical, mathematical or other obvious error in the hearing decision that affects the rights of the client;
- Failure of the ALJ to address in the hearing decision relevant issues raised in the hearing request.

The Department, AHR or the claimant must specify all reasons for the request. MAHS will not review any response to a request for rehearing/reconsideration. A request must be *received* in MAHS within 30 days of the date the hearing decision is mailed.

The written request must be faxed to (517) 335-6088 and be labeled as follows:

Attention: MAHS Rehearing/Reconsideration Request

2011-25933/CMM

If submitted by mail, the written request must be addressed as follows:

Michigan Administrative Hearings  
Reconsideration/Rehearing Request  
P.O. Box 30639  
Lansing, Michigan 48909-07322
