

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 2014-15659
Issue No(s): 2009; 4009
Case No.: [REDACTED]
Hearing Date: March 25, 2014
County: Kalamazoo

ADMINISTRATIVE LAW JUDGE: Vicki L. Armstrong

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, an in-person hearing was held on March 25, 2014, at the Kalamazoo County Department of Human Services (Department) office. Claimant, accompanied by [REDACTED], personally appeared and testified. Participants on behalf of the Department included Eligibility Specialist [REDACTED] and Hearing Facilitator [REDACTED].

ISSUE

Whether the Department properly denied Claimant's Medical Assistance (MA), Retro-MA and State Disability Assistance (SDA) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On September 11, 2013, Claimant filed an application for MA/Retro-MA and SDA benefits alleging disability.
2. On November 13, 2013, the Medical Review Team (MRT) denied Claimant's application for MA/Retro-MA indicating he was capable of performing other work. SDA was denied for lack of duration. (Depart Ex. A, pp 10-11).
3. On November 19, 2013, the department caseworker sent Claimant notice that his application for MA/Retro-MA and SDA had been denied.
4. On November 26, 2013, Claimant filed a request for a hearing to contest the department's negative action.

5. On February 6, 2014, the State Hearing Review Team (SHRT) found Claimant was not disabled and he retained the capacity to perform unskilled work. (Depart Ex. B, pp 1-2).
6. Claimant was appealing the denial of Social Security disability benefits at the time of the hearing.
7. Claimant is a 50 year old man whose birthday is [REDACTED]. Claimant is 5'7" tall and weighs 150 lbs.
8. Claimant does not have an alcohol or drug problem. Claimant smokes half a pack of cigarettes a day.
9. Claimant has a driver's license and is able to drive.
10. Claimant has a high school equivalent education.
11. Claimant is not currently working. Claimant last worked in July, 1996.
12. Claimant alleges disability on the basis of bipolar disorder, manic-depression, posttraumatic stress disorder, depression and anxiety.
13. Claimant's impairments have lasted, or are expected to last, continuously for a period of twelve months or longer.
14. Claimant's complaints and allegations concerning his impairments and limitations, when considered in light of all objective medical evidence, as well as the record as a whole, reflect an individual who is so impaired as to be incapable of engaging in any substantial gainful activity on a regular and continuing basis.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and Mich Admin Code, Rules 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Reference Tables Manual (RFT).

Current legislative amendments to the Act delineate eligibility criteria as implemented by department policy set forth in program manuals. 2004 PA 344, Sec. 604, establishes the State Disability Assistance program. It reads in part:

Sec. 604 (1). The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempt from the Supplemental Security Income citizenship requirement who are at least 18 years of age or emancipated minors meeting one or more of the following requirements:

(b) A person with a physical or mental impairment which meets federal SSI disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Specifically, this Act provides minimal cash assistance to individuals with some type of severe, temporary disability which prevents him or her from engaging in substantial gainful work activity for at least ninety (90) days.

In order to receive MA benefits based upon disability or blindness, claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20 CFR 416.901). DHS, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA applications. MA-P (disability), also is known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses. Michigan administers the federal Medicaid program. In assessing eligibility, Michigan utilizes the federal regulations.

Relevant federal guidelines provide in pertinent part:

"Disability" is:

. . . the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905.

The federal regulations require that several considerations be analyzed in sequential order:

. . . We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point

in the review, we do not review your claim further. 20 CFR 416.920.

The regulations require that if disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. If you are working and the work you are doing is substantial gainful activity, we will find that you are not disabled regardless of your medical condition or your age, education, and work experience. 20 CFR 416.920(b). If no, the analysis continues to Step 2.
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.909(c).
3. Does the impairment appear on a special Listing of Impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment that meets the duration requirement? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.920(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. Sections 200.00-204.00(f)?
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? This step considers the residual functional capacity, age, education, and past work experience to see if the client can do other work. If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(g).

At application Claimant has the burden of proof pursuant to:

. . . You must provide medical evidence showing that you have an impairment(s) and how severe it is during the time you say that you are disabled. 20 CFR 416.912(c).

Federal regulations are very specific regarding the type of medical evidence required by claimant to establish statutory disability. The regulations essentially require laboratory or clinical medical reports that corroborate claimant's claims or claimant's physicians' statements regarding disability. These regulations state in part:

Medical reports should include --

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as ultrasounds, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms). 20 CFR 416.913(b).

Statements about your pain or other symptoms will not alone establish that you are disabled; there must be medical signs and laboratory findings which show that you have a medical impairment. 20 CFR 416.929(a). The medical evidence must be complete and detailed enough to allow us to make a determination about whether you are disabled or blind. 20 CFR 416.913(d).

Information from other sources may also help us to understand how your impairment(s) affects your ability to work. 20 CFR 416.913(e). You can only be found disabled if you are unable to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. See 20 CFR 416.905. Your impairment must result from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques. 20 CFR 416.927(a)(1).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence, or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, App. 1, 12.00(C). First, an individual's pertinent symptoms, signs and laboratory findings are evaluated to determine whether a medically determinable mental impairment exists. 20 CFR 416.920a(b)(1). When a medically determinable mental impairment is established, the symptoms, signs and laboratory findings that substantiate the impairment are documented to include the individual's significant history, laboratory findings, and functional limitations. 20 CFR 416.920a(e)(2). Functional limitations are assessed based upon the extent to which the impairment(s) interferes with an individual's ability to function independently, appropriately, effectively and on a sustained basis. 20 CFR 416.920(a)(2). Chronic mental disorders, structured settings, medication and other treatment, and the effect on the overall degree of functionality are considered. 20 CFR 416.920a(c)(1). In addition, four broad functional areas (activities

of daily living; social functioning; concentration, persistence or pace; and episodes of decompensation) are considered when determining an individual's degree of functional limitation. 20 CFR 416.920a(c)(4).

Applying the sequential analysis herein, Claimant is not ineligible at the first step as Claimant is not currently working. 20 CFR 416.920(b). The analysis continues.

The second step of the analysis looks at a two-fold assessment of duration and severity. 20 CFR 416.920(c). This second step is a *de minimus* standard.

The medical information indicates that Claimant suffers from suicidal ideations, bipolar disorder, manic-depression, posttraumatic stress disorder, depression and anxiety.

Ruling any ambiguities in Claimant's favor, this Administrative Law Judge (ALJ) finds that Claimant meets duration and severity. The analysis continues.

The third step of the analysis looks at whether an individual meets or equals one of the Listings of Impairments. 20 CFR 416.920(d). Claimant does not. The analysis continues.

The fourth step of the analysis looks at the ability of the applicant to return to past relevant work. This step examines the physical and mental demands of the work done by Claimant in the past. 20 CFR 416.920(f). In this case, Claimant has a history of less than gainful employment. As such, there is no past work for Claimant to perform, nor are there past work skills to transfer to other work occupations. Accordingly, Step 5 of the sequential analysis is required.

The fifth and final step of the sequential consideration of a disability claim, the trier of fact must determine if the claimant's impairment(s) prevents claimant from doing other work. 20 CFR 416.920(f). This determination is based upon Claimant's:

- (1) residual functional capacity defined simply as "what can you still do despite your limitations?" 20 CFR 416.945;
- (2) age, education, and work experience, 20 CFR 416.963-.965; and
- (3) the kinds of work which exist in significant numbers in the national economy which the claimant could perform despite his/her limitations. 20 CFR 416.966.

See *Felton v DSS* 161 Mich. App 690, 696 (1987). Once Claimant reaches Step 5 in the sequential review process, Claimant has already established a *prima facie* case of disability. *Richardson v Secretary of Health and Human Services*, 735 F2d 962 (6th Cir, 1984). At that point, the burden of proof is on the state to prove by substantial evidence that Claimant has the residual functional capacity for substantial gainful activity.

Claimant testified credibly that he has high anxiety and suicidal ideations.

In April, 2013, Claimant underwent a psychological evaluation. Claimant was diagnosed with: Axis I: Major Depressive Disorder; Anxiety Disorder; Axis III: Per Claimant's report, broken right clavicle and is right handed (no surgery yet); back injury; history of a skin condition; sensation of bugs on his skin; numbness and pain in both feet and both knees; confusion; short term memory problems; vision concerns – needs glasses; Axis IV: Medical issues and pain; lack of health insurance; financial concerns; homelessness; history of legal involvement; some limitations in daily activities in part due to broken clavicle and medical issues; social isolation; limited social support; relational concerns; Axis V: GAF=44. The psychologist opined that Claimant's prognosis is very guarded. He is participating in medical care as needed. He does not have health insurance and is concerned about being able to participate in needed services. He was in counseling in the past, but not currently. He may benefit from participation in individual therapy in order to address coping skills and other personal issues. It appears that the issues he is dealing with may likely last into the next year. It appears he is dealing with medical and emotional issues, which may have a significant impact on his overall functioning at times. He would have difficulty with all tasks at this time. When he is more stable medically and emotionally he may be able to do some simple tasks, but may have difficulty sustaining such tasks.

According to Claimant's October, 2013, medication review, Claimant is still homeless and struggling with activities of daily living. He was disheveled and had not showered. He was slightly withdrawn. His speech was slow and his answers were short. His thought content was preoccupied with a strong desire to be isolated from the community due to judgment and stigma from a past criminal sexual conduct crime. He mood was definitely depressed and dysthymic. His affect was flat. He has a long history of trauma, polysubstance dependence, posttraumatic stress disorder, mood disorder and self-reported history of pedophilia. His medications were changed.

After careful review of Claimant's medical records and the Administrative Law Judge's personal interaction with Claimant at the hearing, this Administrative Law Judge finds that Claimant's non-exertional impairments render Claimant unable to engage in a full range of even sedentary work activities on a regular and continuing basis. 20 CFR 404, Subpart P. Appendix 11, Section 201.00(h). See Social Security Ruling 83-10; *Wilson v Heckler*, 743 F2d 216 (1986). Based on Claimant's vocational profile (approaching advance age, Claimant is 50, has a high school equivalent education and an unskilled work history), this Administrative Law Judge finds Claimant's MA/Retro-MA and SDA benefits are approved using Vocational Rule 201.12 as a guide. Consequently, the Department's denial of his September 11, 2013, MA/Retro-MA and SDA application cannot be upheld.

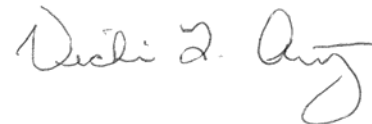

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides the Department erred in determining Claimant is not currently disabled for MA/Retro-MA and SDA eligibility purposes.

Accordingly, the Department's decision is **REVERSED**, and it is ORDERED that:

1. The Department shall process Claimant's September 11, 2013, MA/Retro-MA and SDA application, and shall award him all the benefits he may be entitled to receive, as long as he meets the remaining financial and non-financial eligibility factors.
2. The department shall review Claimant's medical condition for improvement in April, 2015, unless his Social Security Administration disability status is approved by that time.
3. The department shall obtain updated medical evidence from Claimant's treating physicians, physical therapists, pain clinic notes, etc. regarding his continued treatment, progress and prognosis at review.

It is SO ORDERED.

Vicki L. Armstrong
Administrative Law Judge
for Maura D. Corrigan, Director
Department of Human Services

Date Signed: April 7, 2014

Date Mailed: April 7, 2014

NOTICE OF APPEAL: The claimant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely Request for Rehearing or Reconsideration was made, within 30 days of the receipt date of the Decision and Order of Reconsideration or Rehearing Decision.

Michigan Administrative Hearing System (MAHS) may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. MAHS will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request (60 days for FAP cases).

A Request for Rehearing or Reconsideration may be granted when one of the following exists:

- Newly discovered evidence that existed at the time of the original hearing that could affect the outcome of the original hearing decision;

- Misapplication of manual policy or law in the hearing decision which led to a wrong conclusion;
- Typographical, mathematical or other obvious error in the hearing decision that affects the rights of the client;
- Failure of the ALJ to address in the hearing decision relevant issues raised in the hearing request.

The Department, AHR or the claimant must specify all reasons for the request. MAHS will not review any response to a request for rehearing/reconsideration. A request must be *received* in MAHS within 30 days of the date the hearing decision is mailed.

The written request must be faxed to (517) 335-6088 and be labeled as follows:

Attention: MAHS Rehearing/Reconsideration Request

If submitted by mail, the written request must be addressed as follows:

Michigan Administrative Hearings
Reconsideration/Rehearing Request
P.O. Box 30639
Lansing, Michigan 48909-07322
