CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant requested services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (CMS, formerly HCFA) to the Michigan Department of Community Health (Department). Regional agencies function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. [42 CFR 430.25(b)].

The policy regarding enrollment in the MI Choice Waiver program is contained in the *Medicaid Provider Manual, MI Choice Waiver*, October 1, 2013, which provides in part:

SECTION 1 – GENERAL INFORMATION

MI Choice is a waiver program operated by the Michigan Department of Community Health (MDCH) to deliver home and community-based services to elderly persons and persons with physical disabilities who meet the Michigan nursing facility level of care criteria that supports required long-term care (as opposed to rehabilitative or limited term stay) provided in a nursing facility. The waiver is approved by the Centers for

Medicare and Medicaid Service (CMS) under section 1915(c) of the Social Security Act. MDCH carries out its waiver obligations through a network of enrolled providers that operate as organized health care delivery systems (OHCDs). These entities are commonly referred to as waiver agencies. MDCH and its waiver agencies must abide by the terms and conditions set forth in the waiver.

MI Choice services are available to qualified participants throughout the state and all provisions of the program are available to each qualified participant unless otherwise noted in this policy and approved by CMS. (p. 1).

SECTION 2 - ELIGIBILITY

The MI Choice program is available to persons 18 years of age or older who meet each of three eligibility criteria:

- An applicant must establish his/her financial eligibility for Medicaid services as described in the Financial Eligibility subsection of this chapter.
- The applicant must meet functional eligibility requirements through the online version of the Michigan Medicaid Nursing Facility Level of Care Determination (LOCD).
- It must be established that the applicant needs at least one waiver service and that the service needs of the applicant cannot be fully met by existing State Plan or other services.

All criteria must be met in order to establish eligibility for the MI Choice program. MI Choice participants must continue to meet these eligibility requirements on an ongoing basis to remain enrolled in the program. (p.1, emphasis added).

2.2.A. MICHIGAN MEDICAID NURSING FACILITY LEVEL OF CARE DETERMINATION

MI Choice applicants are evaluated for functional eligibility via the Michigan Medicaid Nursing Facility Level of Care Determination. The LOCD is available online through Michigan's Single Sign-on System. Refer to the Directory Appendix for website information. Applicants must

qualify for functional eligibility through one of seven doors.
These doors are:

- Door 1: Activities of Daily Living Dependency
- Door 2: Cognitive Performance
- Door 3: Physician Involvement
- Door 4: Treatments and Conditions
- Door 5: Skilled Rehabilitation Therapies
- Door 6: Behavioral Challenges
- Door 7: Service Dependency

The LOCD must be completed in person by a health care professional (physician, registered nurse (RN), licensed practical nurse (LPN), licensed social worker (BSW or MSW), or a physician assistant) or be completed by staff that have direct oversight by a health care professional.

The online version of the LOCD must be completed within fourteen (14) calendar days after the date of enrollment in MI Choice for the following:

- All new Medicaid-eligible enrollees
- Non-emergency transfers of Medicaid-eligible participants from their current MI Choice waiver agency to another MI Choice waiver agency
- Non-emergency transfers of Medicaid-eligible residents from a nursing facility that is undergoing a voluntary program closure and who are enrolling in MI Choice

Annual online LOCDs are not required; however, subsequent redeterminations, progress notes, or participant monitoring notes must demonstrate that the participant continues to meet the level of care criteria on a continuing basis. If waiver agency staff determines that the participant no longer meets the functional level of care criteria for participation (e.g., demonstrates a significant change in condition), another face-to-face online version of the LOCD must be conducted reflecting the change in functional status. This subsequent redetermination

must be noted in the case record and signed by the individual conducting the determination. (pp. 1-2).

The Waiver Agency provided reliable evidence that on ██████████ ██████████ LBSW, and ██████████, RN, Social Work and Nurse Supports Coordinators met with Appellant in her home for an initial assessment to determine Appellant's eligibility for the MI Choice Waiver Program. They completed a Michigan Medicaid Nursing Facility Level of Care Determination (LOCD). They found the Appellant was not eligible for the MI Choice Waiver program based on the LOCD.

The Nurse ██████████ testified the Appellant was not eligible under Door 1: Activities of Daily Living Dependency, because the Appellant was independent with bed mobility, transfers, toileting, and eating. The Appellant was not eligible under Door 2: Cognitive Performance, because she had normal cognition. Nurse ██████████ stated that The Social Work Supports Coordinator Ms. ██████████ performed a Mini Mental State Examination and she scored ██████████ out of ██████████ placing her in the normal range for cognition. Nurse ██████████ stated the Appellant only had modified difficulty with making decision involving new situations, and was able to make herself understood and understands others.

Nurse ██████████ stated the Appellant was not eligible under Door 3: Physician Involvement, because she only had one physician visit and no order changes within the past ██████████ days. The Appellant was not eligible under Door 4: Treatments and Conditions, because she had none of the treatments and conditions listed under Door 4 within the past ██████████ days. The Appellant was not eligible under Door 5: Skilled Rehabilitation Therapies, because she had not received any skilled therapies within the past 7 days.

The Appellant was not eligible under Door 6: Behavioral Challenges, because she did not wander, she was not physically abusive, she was not socially inappropriate, she did not resist care, and it was reported that the only behavior exhibited in the past days was the Appellant was verbally abusive. Finally, the Appellant was not eligible under Door 7: Service Dependency, because she had not been a participant in the MI Choice Waiver program or a nursing home resident for over a year.

Appellant's daughter testified she understood the Waiver Agents had guidelines to follow, and that there was fine line in this case. Appellant's daughter stated the Waiver Agents were only at the home for about ██████████ hours, but she is with the Appellant all the time. Appellant's daughter did not dispute that the Appellant would not qualify under any of the Doors except she thought she should qualify under Door 2. She stated that her mother is like a ██████████ or ██████████ year old. She indicated her mother was forgetful and has moods where she becomes verbally abusive. Appellant's daughter stated the Appellant had left the burner on their gas stove on, and had also left water running in the past causing water damage. Appellant's daughter also indicated her mother had not lined up her medications correctly and they had to redo them. She said she can't leave the Appellant alone and wants to place her in an assistive living facility called ██████████.

Docket No. 2014-17503 EDW
Decision and Order

The Appellant bears the burden of proving, by a preponderance of evidence, that the Waiver Agency did not properly deny her enrollment in the MI Choice Waiver program. A preponderance of the material and credible evidence in this case establishes that the MI Choice Waiver Agency acted in accordance with the policy contained in the Medicaid Provider Manual, and its actions were proper when it denied the Appellant enrollment in the MI Choice program.

The policy in the Medicaid Provider Manual makes it clear that an individual cannot be enrolled in the MI Choice Waiver Program unless the individual meets the functional eligibility requirements through the online version of the Michigan Medicaid Nursing Facility Level of Care Determination. The preponderance of the evidence demonstrates that the Appellant did not meet the functional eligibility based on the information the Waiver Agent's received at the time of their assessment on [REDACTED]. The Appellant has failed to prove the Waiver Agency's actions were not proper when it denied her enrollment in the MI Choice program.

Based on the information obtained during the assessment performed by the Waiver Agents on [REDACTED], the Appellant was not eligible for MI Choice program at the time they denied her enrollment in the program, because she did not meet the functional eligibility requirements for the program.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the MI Choice Waiver Agency properly denied Appellant's enrollment in the MI Choice Waiver program.
